What will the impact of the work being carried out be on usage/the stakeholders?	Risk that the voluntary organisations currently in receipt of revenue funding may not be successful in continued funding which may have an impact on their services. Conversely other voluntary organisations are afforded the opportunity to apply for funding.
What are people's views about the services? Are some customers more satisfied than others, and if so what are the reasons? Can these be affected by the proposals?	Client satisfaction statistics will be sought from the voluntary organisations applying for revenue funding from 2016 onwards.
What sources of data including consultation results have you used to analyse the impact of the work being carried out on users/stakeholders with protected characteristics?	<p>Applicants for revenue funding are required to offer equality of opportunity in service delivery, employment and all other aspects of its work having particular regard to the requirements of the Equalities Act 2010; and to provide the Council with an up to date statement of its equal opportunities policy.</p> <p>The voluntary organisations currently funded by the Council provide services to users/stakeholders with protected characteristics.</p>
