LEISURE STRATEGY CONSULTATION RESULTS

Amendment to be moved by Councillor Greenall

- A. That the consultation comments be received and noted by Members and that the updated Key Action Plan in appendix B be approved.
 - B. That the Leisure Strategy and Playing Pitch Strategy with the amendments agreed at A. be formally adopted by the Council.
 - C. Given that the Consultant's Report dated January 2015, that was included as an appendix to the Draft Leisure Strategy, assessed the condition of the Changing Facilities at Park Pool as "poor" and given that Park Pool is now in direct competition with the newly built Sporting Edge for the retention of its existing users, Officers are instructed to take forward the refurbishment of the changing facilities as soon as possible and independently from the project team.
