AGENDA ITEM: 8

**LICENSING & APPEALS
COMMITTEE: 5 DECEMBER
2017**

Report of: Director of Leisure and Wellbeing Services

**Contact for further information: Paul Charlson (ext 5246)
(E-mail: paul.charlson@westlancs.gov.uk)**

**SUBJECT: APPROVAL OF HACKNEY CARRIAGE AND PRIVATE HIRE POLICY
STATEMENT 2018**

Wards affected: Borough wide

1.0 PURPOSE OF REPORT

- 1.1 To approve the Hackney Carriage and Private Hire Licensing Policy Statement 2018 following public consultation.

2.0 RECOMMENDATIONS

- 2.1 That having regard to the response to the public consultation contained in this report, the Hackney Carriage and Private Hire Licensing Policy Statement 2018 attached at Appendix 2 to this report be approved for use from 1 February 2018.

3.0 BACKGROUND

- 3.1 The Council's Hackney Carriage and Private Hire Policy Statement (the Policy) has been reviewed regularly since it came into force in 2010; most recently in February 2016. However, changes in legislation relating to the accessibility of vehicles and immigration, as well as the need to review existing safeguarding controls, necessitated amendment to the Policy.
- 3.2 A draft version of the Policy was approved by this Committee on 6 June 2017 and was subject to public consultation from 31 July 2017 to 31 October 2017. During this time, all licensed drivers, vehicle owners and operators were contacted directly to make them aware of the amendments and of the need to submit any comments during the consultation period. In addition, information was posted on the Council's website, in the Licensing Service reception at Robert Hodge Centre and also in the local press.

4.0 ISSUES

- 4.1 Only one response was received during the consultation period and this did not relate to any of the proposed changes to the Policy, rather it related to the Council's medical requirements for licensed drivers. The response was from a North West GP that specialises in commercial driver occupational health offering their services in the determination of medical assessments. Whilst this response prompted a review of the medical form issued to applicants to ensure its ongoing compliance with the Group 2 medical standards, it did not necessitate any change to the Policy.
- 4.2 Accordingly, the Policy attached at Appendix 2 to this report is presented to Members for approval so it can be implemented from 1 February 2018.

5.0 SUSTAINABILITY IMPLICATIONS/COMMUNITY STRATEGY

- 5.1 The Policy has the potential to impact upon many areas within the Community. The Licensing Objectives, therefore, has some associations with the Community Strategy, and the proposals have the following links with the Community Strategy: Community Safety (issues A, C and E); Economy and Employment (issue D).

6.0 FINANCIAL AND RESOURCE IMPLICATIONS

- 6.1 No additional financial or other resources are required.

7.0 RISK ASSESSMENT

- 7.1 The Council has a legal duty to administer the Hackney Carriage and Private Hire licensing regime, but not to prepare and operate a Policy document. However, given the complexity of the licensing regime, it is good practice for the Council to formulate and publish relevant policies and standards. Given that Members have already approved the existing Policy, a failure to improve and maintain the requirements of the Policy could result in criticism from the community including statutory bodies, the taxi trade, the travelling public and other interested parties.

Background Documents

The following background documents (as defined in Section 100D (5) of the Local Government Act 1972) have been relied on to a material extent in preparing this Report.

None.

Equality Impact Assessment

There is a significant direct impact on members of the public, employees, elected members and / or stakeholders. Therefore an Equality Impact Assessment is required. A formal equality impact assessment is attached as an Appendix to this report, the results of which have been taken into account in the Recommendations contained within this report.

WEST LANCASHIRE BOROUGH COUNCIL

HACKNEY CARRIAGE & PRIVATE HIRE

STATEMENT OF LICENSING POLICY 2018

Introduction

West Lancashire Borough Council is responsible for licensing the Hackney Carriage and Private Hire regime throughout the Borough. In exercising these responsibilities, the Council recognises both the needs of residents and the travelling public to have access to safe, convenient and effective taxi services and the importance of this provision to the taxi trade and local economy.

First introduced on 1st April 2010, and regularly reviewed since that time, this Policy Statement aims to provide clear guidance as to how the Council will discharge these responsibilities. Accordingly, this Policy Statement explains how regulation is achieved and decisions are taken so as to promote a consistent, transparent and proportionate licensing regime.

1.0 Legal Background and Rationale

- 1.1** The operation of Hackney Carriages and Private Hire vehicles has a specific role to play in an integrated transport system. They are able to provide services in situations where public transport is either not available (for example in rural areas, or outside “normal” hours of operation such as in the evenings or on Sundays), or for those with mobility difficulties. West Lancashire Borough Council, acting as the “Licensing Authority” (hitherto referred to as the Authority), under the Local Government (Miscellaneous Provisions) Act 1976, administers this regime and associated legislation.
- 1.2** This Policy Statement sets out the approach the Authority will take in the licensing of Hackney Carriages and Private Hire vehicles, drivers and operators when considering, and making decisions on, applications made under this regime. The Authority will aim to apply this Policy Statement in a consistent manner; however, the Authority may depart from this Policy Statement if it has reason to do so, but will give full justification for such departure.
- 1.3** Nothing in this Policy Statement will undermine the rights of any person to apply for a variety of authorisations under the licensing regime and have the application considered on its individual merits. However, outside of the legislative framework the Authority has absolute discretion in setting the requirements of this Policy Statement and will expect all applicants and licence holders to abide by its content.
- 1.4** This Policy Statement was approved by the Council’s Licensing and Appeals Committee on the 5 December 2017. It shall be effective from the 1 February 2018 and shall remain in effect for five years; therefore this Policy Statement will be reviewed by the 1 February 2023. Following this full review of its Policy Statement, and prior to its publication, the Authority will consult fully those groups and individuals consulted on this version.
- 1.5** This Policy Statement will also be kept under review during this five year period, and accordingly, the Director of Leisure & Wellbeing will maintain an ‘Issues Log’ in which all issues pertaining to this Policy Statement will be recorded. Therefore the Authority will make revisions to the Policy Statement at such times as it considers appropriate, for example where relevant issues have arisen, or where matters recorded in the ‘Issues Log’ indicate that that such a review is required.

2.0 Scope

2.1 This Policy Statement covers the following licences:

- Private Hire Driver
- Private Hire Vehicle
- Private Hire Operator
- Hackney Carriage Driver
- Hackney Carriage

2.2 In this regard, this Policy Statement covers all permissions provided for by the licensing regime in relation to the authorisations detailed in paragraph 2.1, including new applications, transfers and (where required) renewals. This Policy Statement also includes the review (where required) of these authorisations, which could lead to a range of sanctions available to the Authority including, where circumstances require, the revocation of the authorisation. A glossary of the key terms used in this Policy Statement is detailed in Appendix A (page 51).

2.3 All relevant application forms and guidance can be obtained from the Licensing Service (Appendix T, page 147).

3.0 Objectives

3.1 In carrying out its functions, the Authority will promote the following objectives:

- The protection of public health and safety
- The preservation of a professional and responsible Hackney Carriage and Private Hire trade
- Access to an efficient and effective public transport service
- The protection of the environment

3.2 The aim of the licensing process, in this context, is to regulate the Hackney Carriage and Private Hire trade in order to promote the above objectives. It is the Authority's wish to facilitate well run and responsible businesses, which display sensitivity to the wishes and needs of the general public.

3.3 This Policy Statement recognises the Equality Act 2010 and this is directly addressed in this Policy Statement.

Data Protection

3.4 As part of the application process, all driver licence applicants are required to provide details of all convictions, cautions, fines and charges that they may have accrued over time. All such offences should be disclosed regardless of age. The Authority will verify this information by checking the specific declaration with the details held by the Disclosure and Barring Service (DBS) and the Driver and Vehicle Licensing Agency (DVLA).

3.5 Additional information including, UK or European driving licence, medical examination records and insurance details may also be required. The Authority will handle such data in accordance with the Data Protection Act 1998, the principles laid down by the Information Commissioner's Office and the Council's Data Retention and Disposal Schedule.

3.6 The data is used as part of the statutory application process to determine whether applicants are a 'fit and proper' person to hold the respective licence. (See Sections 12.0 and 16.0 for more information). This process may include the information being presented to the Council's Licensing and Appeals Committee for determination. For the purposes of the Data Protection Act, the Council is the Data Controller and the Data Protection Officer is the Senior Admin and Electoral Services Officer, who can be contacted on 01695 577177.

4.0 The Borough of West Lancashire

4.1 West Lancashire Borough Council is situated in the County of Lancashire, which contains 12 District Councils and 2 Unitary Councils, and is the most southerly of the Local Authorities within the County. The Borough has a population of 110,700 (National Census 2011) and covers an area of over 34,000 hectares, a large proportion of which is good and versatile agricultural land. The Borough has two market towns: Ormskirk and Burscough, with mainly rural parishes and villages to the north and the former New Town of Skelmersdale to the east.

4.2 West Lancashire is an attractive area and has a good transport links. The Borough benefits from social, retail and leisure links with the nearby urban areas of Liverpool, Southport, Preston and Wigan. These factors have led to Ormskirk and other parts of the Borough becoming popular areas to live for commuters.

4.3 The Authority licences approximately 40 Hackney Carriages and 450 Private Hire vehicles, as well as 20 Private Hire operators. It also licences approximately 40 drivers to drive Hackney Carriages and 430 for Private Hire.

4.4 The Authority seeks to maintain a balance between the needs of the taxi trade operating in its area and the needs of the travelling public. Full consideration has been given to all these issues in formulating this Policy Statement.

4.5 Accordingly, the Authority is seeking to provide an attractive Borough. By engaging and consulting with the community, the Authority is seeking to:

- Improve the quality of life for all in the Borough
- Improve public transport
- Reduce the levels of crime and disorder
- Promote a strong and sustainable economy
- Aim to reduce levels of poverty and social exclusion in the Borough by developing a more inclusive community
- Help to improve the health and wellbeing of the Borough's residents

5.0 Development Process / Consultation

- 5.1** This Policy Statement has been developed after proper consultation with all interested parties. A period of consultation operated from the 31 July 2017 until the 31 October 2017. The list of consultees is maintained separately from this Policy Statement and is available from the Licensing Service using the contact details in Appendix T (page 147).
- 5.2** In determining this Policy Statement, the Authority has given regard to legislation, available guidance and given proper weight to the views of those it has consulted.
- 5.3** This Policy Statement has not been developed in isolation. It has been developed in conjunction with other Lancashire Authorities and takes account of the position in adjoining Authorities, whilst being tailored specifically to the needs of the West Lancashire area.

DRAFT

6.0 Integration Strategies

6.1 Through the exercise of this Policy Statement, the Authority will ensure that the Licensing Service will endeavour to maintain suitable contacts to ensure the licensing objectives laid out in this Policy Statement are met. This will include regular liaison with those that have a direct impact upon the taxi trade, including:

- Lancashire Constabulary
- Lancashire County Council
- Department for Transport
- Vehicle Operator and Services Agency (VOSA)
- Neighbouring Local Authorities
- The vehicle testing stations contracted to the Council
- The Hackney Carriage and Private Hire Trade Forum

DRAFT

7.0 Administration, Exercise and Delegation of Functions

- 7.1** The Authority is involved in a wide range of licensing decisions and functions and the Licensing and Appeals Committee (the Committee) has responsibility for Hackney Carriage and Private Hire licensing. This Committee consists of 10 elected Members and has 1 Chairman and 1 Vice Chairman.
- 7.2** The Committee will sit to determine matters of policy, but will routinely hear applications for licences or issues relating to existing licences. In practice, this will mean those applications or licences that have specific issues or problems raised by Licensing Officers that give rise to serious concern that the granting or the continuation of the licence would undermine this Policy Statement.
- 7.3** Applications and existing licences are determined under delegation to the Director of Leisure & Wellbeing or the Committee. Table 1 summarises this delegation procedure.
- 7.4** All decisions made by either the Committee or the Director of Leisure & Wellbeing will be confirmed in writing to the applicant or licence holder forthwith.

8.0 Committee Hearings and Decisions

General

- 8.1** Committee hearings are arranged to determine any applications or existing licences that cannot be dealt with under delegated powers. All matters presented to the Committee will be in the format of a written report, of copy of which will normally be provided to the applicant or licence holder no later than 10 days before the Committee meeting, unless urgent action is required as detailed in paragraphs 8.9 to 8.11.
- 8.2** Each case will be determined on its individual merits and the Authority will give appropriate weight to:
- The relevant legislation
 - The information provided by all parties to the hearing
 - Available guidance
 - This Policy Statement
- 8.3** Unless an urgent matter requires determination, hearings will be held at set dates throughout the year and published on westlancs.gov.uk. Applicants and licence holders should therefore note that there may be a delay before their application can be determined by Committee. The Committee will conduct a quasi-judicial consideration of the application based upon the evidence presented. The business of the Committee is dictated by the number of matters presented for determination at that time. Accordingly, the duration of each session can vary and a delay may be incurred before each matter can be heard.
- 8.4** A legal advisor, advocate or a friend may represent any applicant or licence holder, where such individuals choose not to represent themselves. Accordingly, in an effort to assist all parties when preparing for and participating in a hearing, the Authority has prepared two hearing procedures (Appendix J, page 83 (applicants) and Appendix K, page 85 (existing licence holders)). These procedures will be adhered to in all hearings, a relevant copy of which will be provided to all parties in advance of the hearing.
- 8.5** Unless determining matters of policy, the Committee will usually meet in private to protect the personal and sensitive information relating to each applicant. To ensure impartiality, all Officers (apart from the Council's legal advisor and the Member Services Officer) are absent during the decision making process.
- 8.6** Applicants and licence holders will normally be informed of the decision of the Committee on the day after the hearing, whereupon a written copy of the decision will be provided. The decision determined by the Committee will be accompanied with clear reasons for the decision.
- 8.7** To make a fair decision, it is important that the Committee is aware of all of the facts relating to any given case. Accordingly, the Committee will need to understand why the applicant feels that they should be granted a licence or why an existing licence holder should keep their licence in context of the matters brought to the Committee's attention. Therefore, the aforementioned hearing procedures ensure that applicants

and licence holders are given every opportunity to present suitable and sufficient evidence to support their case.

Ex-parte hearings

- 8.8** Where sensitive information is received relating to an applicant or existing holder of a Hackney Carriage, Private Hire driver licence or Private Hire operator licence, an assessment will be made as to whether the hearing will be held ex-parte. This assessment will take account of the nature of the information and balance the right of a fair hearing against whether or not it is in the public interest to hold the hearing ex-parte.

Urgent action relating to existing licence holders

- 8.9** In certain circumstances it may be necessary for the Director of Leisure & Wellbeing to take urgent action when it comes to the attention of the Council that an existing holder of a Hackney Carriage driver licence, Private Hire driver licence or Private Hire operator licence has been either accused¹ or convicted² of an offence that may bring into question whether he/she is a fit and proper person to hold such a licence.
- 8.10** In such cases, the Director of Leisure & Wellbeing will follow the Urgent Action Procedure (Appendix L, page 87).
- 8.11** Similarly, in certain circumstances it may be necessary for the Director of Leisure & Wellbeing to take urgent action in relation to a Hackney Carriage licence or Private Hire vehicle licence. Such circumstances may include where the vehicle is alleged to have been involved in criminal activity. Where such action is needed, this shall follow the principles of the urgent action procedure (Appendix L, page 87).

² Section 61 of the Local Government Miscellaneous Provisions Act 1976

9.0 Compliance

9.1 Once licensed, it is essential that all drivers, vehicles and operators comply with the conditions of licence and appropriate legislation. Well directed enforcement activity benefits not only the public, but also the responsible people in the Hackney Carriage and Private Hire trades. Therefore, the Authority will make arrangements to monitor drivers, vehicles and operators and take appropriate enforcement action. Enforcement visits will therefore be carried out as a response to a complaint(s) or as part of a proactive targeted initiative.

9.2 It is recognised that a risk-based approach to enforcement benefits not only the public but also the responsible members of the Hackney Carriage and Private Hire trades. In pursuance of its objective to preserve responsible Hackney Carriage/Private Hire businesses, the Authority shall operate a firm but fair enforcement regime. To balance the promotion of public safety with the need to permit individuals to safeguard their livelihood without undue interference, the Authority will only intervene where it is necessary and proportionate to do so, having regard to the objectives outlined in Section 3.0 of this Policy Statement. However, where issues arise that require immediate action, a significant impact on the licence holder's livelihood is inevitable.

9.3 Where enforcement action becomes necessary, it will be taken in accordance with the Leisure & Wellbeing Enforcement Policy which is available from the Director of Leisure & Wellbeing, at the address given in Appendix T (page 147). To this end, the key principles of consistency, transparency and proportionality will be maintained.

9.4 The following options are available to the Authority when considering enforcement issues:

- **Warnings**
In respect of minor breaches of licence conditions the Authority shall issue a written warning as may be appropriate to the circumstances.
- **Production of relevant documentation**
An authorised officer may issue a document production notice to require a vehicle proprietor to produce certain documentation upon request, for example, driving licence or proof of insurance. Any failure to produce the requested documentation within the time stipulated on the notice may result in prosecution.
- **Suspension of vehicle licences**
Licensed vehicles shall be kept at all times in a safe, tidy and clean and reasonably efficient condition. Compliance with the vehicle specifications and conditions of licence is essential and will be enforced by periodic, random vehicle inspections by the Authority.
- **Condition Notices**
Where it is found that any vehicle is not being properly maintained, a Condition Notice will be served on the vehicle proprietor setting out the defect(s) that need to be rectified and arrangements for the vehicle to be further inspected to check compliance. This notice will be used by authorised officers where the defects are

not deemed serious. However, failure to comply with the requirements of the notice may result in the vehicle licence being suspended automatically.

- **Stop Notices**

Where it is found that any vehicle is not being properly maintained and/or defect(s) in the vehicle put public safety at risk, a Stop Notice shall be served on the vehicle proprietor who must have the vehicle repaired and then produce to the Authority a Stop Notice Response Form issued by the testing station. The further use of the vehicle will be suspended until the defects have been remedied. The suspension will then not be lifted until the vehicle has undergone a further test, at the proprietor's expense and been passed as fit for use by the Authority.

- **Revocation and suspension of licences**

Unless action is taken under the urgent action procedure (Appendix L, page 87), where a licence holder has been referred to the Committee, the Committee may order the revocation or suspension of the licence. Such action may be taken with immediate effect dependent upon the individual circumstances of the case.

- **Refusal to renew**

Where a properly-made application for renewal has provided evidence which is sufficient for Officers to be mindful to refuse to renew the licence, the application will be renewed by Officers without prejudice and the matter determined by the Committee.

- **Prosecution**

The Authority shall prosecute licence holders for relevant offences in accordance with the statutory Regulators Compliance Code and its own Enforcement Policy.

Complaints

9.5

The Authority has a complaints procedure whereby the general public can submit complaints about licensed drivers and operators and details are included in Appendix M (page 89).

10.0 Appeals

10.1 Following a hearing, the Authority will notify the applicant or licence holder of the decision. This will be done in writing [normally] on the next working day following the Committee meeting.

10.2 There is a right of appeal against the decision. An appeal would normally be lodged with the Justices' Chief Executive of the South West Lancashire Magistrates' Court within a period of 21 days, beginning from the day on which the Authority notified the applicant of the decision (i.e. the day after the hearing).

10.3 On determining an appeal the Magistrates' Court may:

- Dismiss the appeal
- Substitute for the decision any other decision which could have been made by the Authority
- Remit the case to the Authority to dispose of it in accordance with the direction of the Court
- Make such order as to costs as it thinks fit

10.4 As soon as the decision of the Magistrates' Court has been made, the Authority will not delay its implementation and necessary action will be taken forthwith unless ordered by a higher court to suspend such action (for example as a result of a judicial review).

11.0 Fees

- 11.1** Legislation provides that fees charged to applicants should be sufficient to cover the costs of the application process and [where permitted by legislation] administering the regulation of, and provisions for, the Hackney Carriage and Private Hire trades. The Authority cannot make a surplus or deficit from licensing fees.
- 11.2** Fees for any given year are set from the 1st April. A schedule of the proposed fees for any given year will be advertised in the local press and any comments received will be presented to the Committee for determination. Details of current licence fees are available at westlancs.gov.uk/licensing
- 11.3** The preferred method of payment is by debit/credit card. (Note: a charge may be levied for some debit/credit card transactions). Payment by cheque or postal order is accepted only in exceptional circumstances. Cash payments are not accepted.

12.0 Private Hire Drivers

12.1 The statutory and practical criteria for a Private Hire driver are substantively identical to those for a Hackney Carriage driver. The Authority issues separate driver licences for Hackney Carriage and Private Hire vehicles, as well as a dual licence that allows a driver to operate both a Hackney Carriage and Private Hire vehicle; however this Section specifically details the requirements for Private Hire drivers. The requirements for Hackney Carriage drivers are provided in Section 16 (page 36).

12.2 All applications must be made in the prescribed form and accompanied by the respective fee (see Section 11 for more information on application fees).

Licences

12.3 Licences shall be issued for a maximum period of 3 years. Application procedures are set out in Appendix N (page 90). The following will be required as part of an application:

- Applicant must be at least 21 years of age
- Applicant must hold a full UK or European driving licence for at least 3 years
- A completed statutory declaration (see below)
- A Disclosure and Barring Service (DBS) enhanced disclosure, required on application and every three years thereafter if subsequent renewal applications are made
- A Driver and Vehicle Licensing Agency (DVLA) licence history, required on application and every three years thereafter if subsequent renewal applications are made.
- A completed medical examination form supplied by the Authority and completed by the applicant's own general practitioner or medical practice. The medical practice is likely to make a charge for this service.

Immigration status

12.4 Where relevant, licences will not be issued to applicants or will be removed from existing licence holders by reason of their immigration status if:

- The person requires leave to enter or remain in the UK and has not been granted it; or
- The person's leave to enter or remain in the UK:
 - is invalid
 - has ceased to have effect (whether by reason of curtailment, revocation, cancellation, passage of time, or otherwise) or
 - is subject to a condition preventing the person from doing work of that kind

12.5 Licences will also not be issued to applicants or will be removed from existing licence holders if they are subject to a condition on their permission to be in the UK preventing them from holding such a licence, for example, they are subject to an immigration restriction that does not permit them to work.

12.6 Specific documentation is required to demonstrate immigration status on application and then on each renewal of the licence. Please contact the Licensing Service using the details provided at Appendix T (page 147) for further information.

12.7 Further information is also available from the Home Office www.gov.uk

Driver knowledge tests

12.8 The Authority considers it necessary for Private Hire drivers to know the area.

12.9 In order to assist the Authority in determining the fitness of an applicant to hold a Private Hire driver's licence, applicants are required to undertake a knowledge test. The test will challenge the applicant's knowledge of the highway system in West Lancashire as well as their knowledge of:

- The Highway Code (including road signs)
- Basic English language and numeracy
- This Policy and relevant licence conditions
- UK motoring law and good practice
- Customer care
- Disability awareness
- Controls required to protect children and vulnerable adults

12.10 There is a pass mark for each section of the test. A failure in any section will result in a failure of the entire test.

12.11 An applicant must pass the knowledge test within 28 days of the date of the relevant DBS disclosure. If an applicant fails three successive knowledge tests, the application will be refused. Applicants shall be required to wait at least twelve weeks before reapplying. Applicants that fail a test must pay a resit fee prior to the test date.

Driver training

12.12 The Authority will require drivers to undertake training on issues relevant to the objectives contained in this Policy Statement. This would include issues such as safeguarding and dementia awareness.

Driving proficiency

12.13 The Driving Standards Agency (DSA) provides a driving assessment specifically designed for both Private Hire and Hackney Carriage drivers. This Authority believes that the standard DVLA driving test provides sufficient evidence of driving competency for drivers of Private Hire and Hackney Carriage vehicles in West Lancashire. It is considered that introducing a requirement that drivers pass the specific DSA test would not produce benefits, which are commensurate with the costs involved. However, this matter will be kept under close review.

Driver qualification

12.14 At present there are no additional requirements for driver qualification. The Authority wishes to support drivers so they can offer a high standard of service throughout the Borough. Whilst this matter will be kept under close review, if minded to do so, the

Authority would consider the introduction of a requirement for all licensed drivers to hold an approved driver qualification (for example, NVQ and/or BTEC).

Medical examination

- 12.15** The Authority requires Group 2 Standards of Medical Fitness to Drive, as applied by DVLA to the licensing of HGV and bus drivers, as the appropriate standard for licensed Private Hire drivers.
- 12.16** Applicants are required to undertake a medical examination on application then on the anniversary of the grant of the licence in the year before their 45th birthday and every 5 years until the age of 65 (i.e. to coincide with the driver's 50th, 55th, 60th and 65th birthdays) where upon an annual examination is required on the anniversary of the grant of the licence. Medical examinations must be conducted by the applicant's own general practitioner or medical practice.
- 12.17** Licence holders shall advise the Authority of any deterioration in their health that may affect their driving capabilities. Where there is any doubt as to the medical fitness of the applicant, the Authority may require the applicant to undergo and pay for a further medical examination by a medical Doctor appointed by the Authority. Where there remains any doubt about the fitness of any applicant, the Committee will review the medical evidence and make any final decision in light of the medical evidence available. No licence shall be issued until medical clearance (if required) has been established.

Disclosure and Barring Service (DBS) disclosures

- 12.18** A criminal record check on a driver is seen as an important safety measure. Enhanced Disclosure through the DBS is required as these disclosures include details of convictions, Police Cautions and other relevant information. The Authority uses a third party contractor to handle Enhanced Disclosure applications and results. This information is handled electronically to ensure accuracy, security and to minimise delay for applicants. The third party contractor is an approved DBS body and both it and the Authority are bound by rules of confidentiality and will not divulge information obtained to any third parties unless in accordance with the Data Protection Act 1998. The Authority will process the DBS disclosure application and applicants will be charged an appropriate fee.
- 12.19** Only the applicant for a DBS Enhanced Disclosure will be sent a disclosure report to their home address from the DBS. The Authority or the third party contractor does not receive a copy of the report, but the Authority is informed if any information is contained on the disclosure report. Where necessary, it is the responsibility of the applicant to provide the DBS Enhanced Disclosure report to the Authority. The Authority will not process an application where this report is not provided by the applicant.
- 12.20** Whilst it is the responsibility of the applicant to ensure the DBS Disclosure application form is correctly completed, Licensing Officers will check to accuracy of completed forms before they are submitted to the third party contractor. The DBS places very stringent controls on the accurate completion of Disclosure forms and therefore

applicants should be aware that incorrectly completed forms may delay their application as they will not be accepted by the DBS.

- 12.21** No application shall be processed where the DBS Enhanced Disclosure is older than one month. Furthermore, DBS Disclosures are not transferable from one agency to another. For example, a Disclosure undertaken as part of an application with another Local Authority will not be accepted by this Authority.

Relevance of convictions, cautions etc. for applicants

- 12.22** In assessing whether the applicant is a fit and proper person to hold a licence, the Authority shall consider each case on its merits. It will take account of the details of the DBS enhanced disclosure report, but only in so far as they are relevant to an application for a licence.

- 12.23** Accordingly, upon receipt of a DBS Enhanced Disclosure result from the applicant, Licensing Officers will assess whether any or all of the conviction(s) and/or any additional information received is capable of having real relevance to the issue of whether or not the applicant is a fit and proper person to hold a licence. Licensing Officers will only bring a case before the Committee where the number and/or nature of the convictions, formal cautions and/or other information relating to the applicant raise doubts as to whether that individual is a fit and proper person to hold the respective driver licence.

- 12.24** Whilst each case is determined on its merits, the following matters would be likely to result in an application being presented to the Committee for determination:

- Any convictions and/or formal cautions for serious offences, for example theft, burglary etc. within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for violence or threats of violence, for example assault, grievous bodily harm, wounding etc. within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for sexual and/or indecency offences
- Any convictions for serious aggravated offences, for example manslaughter, murder etc.
- Any convictions and/or formal cautions for drunken and/or disorderly behaviour (including such offences involving a motor vehicle) within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for dealing, possession and/or use of drugs (including such offences involving a motor vehicle) within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for deception and/or fraud within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for serious traffic offences, for example driving without due care and attention, driving without insurance, driving whilst driving licence is disqualified within the 20 year period prior to the date of application

- Any convictions and/or formal cautions for lesser traffic offences, for example speeding and parking offences, where the number of points accrued on the applicant's driving licence is 9 or higher at the time of application
- Any convictions and/or formal cautions where sufficient points have been accrued resulting in a period of disqualification of the applicant's driving licence within the 20 year period prior to the date of application
- Any convictions and/or formal cautions that demonstrate a pattern of unacceptable behaviour, for example a series of speeding offences
- Any other conviction and/or formal caution and/or other matter that would suggest that the applicant is not a fit and proper person to hold the respective licence

12.25 When deciding what action is appropriate, the Committee will have regard to the Policy provided at Appendix S (page 129). When deciding what action is appropriate, the Committee need only consider an evidential argument that the applicant is not a fit and proper person on the 'balance of probabilities', rather than 'beyond reasonable doubt'. Accordingly, the Committee is not restricted to taking action only where an applicant has been convicted of an offence. The Committee may also take account of formal cautions, criminal charges, police intelligence or any other material provided during the application process.

12.26 All reports are scrutinised by the Commercial, Safety and Licensing Manager and a representative of the Council's legal service to ensure compliance with this Policy Statement and to ensure a consistent approach is taken.

Statutory declaration

12.27 The Rehabilitation of Offenders Act 1974 does not apply to applicants for Private Hire drivers' licences. Therefore all applicants are required to disclose all convictions and/or cautions. This means the applicant must disclose each and every conviction and/or caution recorded against them during their lifetime on initial application and then confirmed on every subsequent renewal application.

12.28 Where an applicant fails to declare any convictions and/or cautions this may result in prosecution or referral to the Committee, or both. For renewal applications only: if an applicant fails to declare any convictions and/or cautions that have already been declared on a previous renewal application, they will be issued with a written warning on one occasion only. If the same applicant fails to declare any convictions and/or cautions on any subsequent renewal application following the issue of a written warning, this may result in prosecution or referral to the Committee, or both.

Convictions, formal cautions or other matters during period of licence

12.29 Whilst a full DBS Enhanced Disclosure is required from each licensed driver every three years, where offences leading to conviction, formal caution and/or charge are committed by licensed drivers, it is important, in the interests of consistency and transparency that a procedure is in place to consider what effect this should have on their licence.

12.30 Accordingly, drivers who are convicted, cautioned and/or charged for any criminal or motoring offence during the period of their licence, must disclose the conviction, caution and/or charge as well as any penalty imposed in writing to the Authority

without delay, and in any event within 7 days. As criminal records are not being checked upon renewal, it is vital that this requirement is strictly adhered to. [For these purposes a fixed penalty motoring offence amounts to a conviction].

- 12.31** If a licensed driver ceases to have a valid DVLA driving licence then their Private Hire driver's licence issued by this Authority shall be deemed invalid.
- 12.32** Where any driver fails to notify the Authority of any convictions and/or formal cautions this may result in prosecution or referral to the Committee, or both.
- 12.33** The same requirements detailed in paragraphs 12.21 to 12.25 shall apply. Where the Authority is made aware of any matter that would question a driver's on going status as a fit and proper person this may result in prosecution or referral to the Committee, or both.

Renewal of licences

- 12.34** The Authority will endeavour to issue a 'reminder' to all existing licence holders that their licence(s) are due for renewal – this will normally be 28 days prior to expiry. Application forms, appropriate fees, and supporting documentation (as set out in Appendix N, page 90), shall be produced at the Licensing Office. However, it is the licence holder's responsibility to ensure that licences are renewed prior to their expiry.
- 12.35** Licences will not be renewed after expiry. If a licence holder fails to renew their licence on or before the respective expiry date, the licence will lapse and become invalid. Licence holders should note that if they allow their licence to expire, they will be required to make a new application in full. This will obviously incur a potentially significant time delay and therefore the cost implications of failing to renew a licence could be significant. Licence holders are therefore strongly advised to ensure that they renew their licences prior to the expiry date. If the licence holder is aware of any reason that they may not be able to renew their licence before expiry, they must inform the Licensing Service immediately.

Conditions of licence

- 12.36** The Authority is empowered to attach conditions to a Private Hire driver's licence as are considered necessary.
- 12.37** The Authority considers that the conditions of licence as set out in Appendix F (page 76) are reasonable, necessary and appropriate for all licensed Private Hire drivers.

Code of conduct

- 12.38** The standards expected of licensed drivers are set out in the Code of Conduct, which should be read in conjunction with the other statutory and policy requirements set out in this Policy Statement. The code is attached at Appendix G (page 79).
- 12.39** In line with relevant legislation, the Code of Conduct contains a requirement that prohibits drivers from smoking in the vehicle. This legislation applies equally to passengers using the vehicle. In a similar manner, and to protect both the driver and passengers, the use of electronic cigarettes (or similar devices) is also prohibited in licensed vehicles.

Dress code

- 12.40** Anything that serves to enhance the professional image of the Private Hire trade, and promotes the concept that drivers of licensed vehicles are vocational drivers is to be welcomed. Accordingly, the dress code set out in Appendix H (page 81) shall be adhered to by all drivers.

Assistance to passengers in wheelchairs

- 12.41** Section 165 of the Equality Act 2010 places duties on drivers of designated wheelchair accessible Hackney Carriages and Private Hire vehicles.
- 12.42** The duties under Section 165 are:
- To carry the passenger while in the wheelchair
 - Not to make any additional charge for doing so
 - If the passenger chooses to sit in a passenger seat to carry the wheelchair
 - To take such steps as are necessary to ensure that the passenger is carried in safety and reasonable comfort
 - To give the passenger such mobility assistance as is reasonably required
- 12.43** Section 167 of the Equality Act 2010 allows the Authority to maintain a list of “designated vehicles” - i.e. a list of wheelchair accessible Hackney Carriages and Private Hire vehicles licensed in its area. The consequence of being on this list is that the driver must undertake the duties detailed in Section 165.
- 12.44** Section 167 of the Equality Act 2010 gives the list of designated vehicles statutory effect. Any owner of a designated vehicle has the right to appeal against the Authority’s decision to include his or her vehicle on the list. The appeal will be heard by the Magistrates’ Court. Appendix Q (Page 96) lists those vehicles that the Authority has stipulated as “designated vehicles” under Section 167 of the Equality Act 2010.
- 12.45** Section 166 of the Equality Act 2010 allows the Authority to exempt drivers from the duties to assist passengers in wheelchairs, but only if they are satisfied that it is appropriate on medical grounds or because the driver’s physical condition makes it impossible or unreasonably difficult for him or her to comply with the duties.
- 12.46** Section 166 commenced on the 1st October 2010. Drivers of designated wheelchair accessible Hackney Carriages or Private Hire vehicles can apply for exemption from this date.
- 12.47** The Authority will assess applications for exemption certificates in line with Regulations and this Policy Statement. As a minimum, such applications will include evidence for the exemption, which would include a letter/report from the applicants own general practitioner. Where a long term exemption is requested, the applicant should also provide similar evidence that includes an assessment by an independent medical assessor. If granted, the Authority will provide the driver with an Exemption Certificate and Exemption Notice. The Notice must be displayed in the vehicle. The form and manner of the Notice must in accordance with relevant regulations. If an

application for exemption is refused, the applicant has the right of appeal to the Magistrates' Court.

Guide dogs and assistance dogs

12.48 Sections 168 to 171 of the Equality Act 2010 address the carriage of guide dogs and other assistance dogs. Under this legislation, Hackney Carriage and Private Hire vehicle drivers (and Private Hire vehicle Operators) have a duty to accept assistance dogs.

12.49 This process is designed to ensure a smooth transition from the assistance dogs provisions in the Disability Discrimination Act 1995 to those contained in the Equality Act 2010. Therefore, the legislation will ensure that:

- The Exemption Notice Regulations (i.e. the Disability Discrimination Act 1995 (Hackney carriages) (Carrying of Guide Dogs etc.) (England and Wales) Regulations 2000 (SI2000/2990) (as amended) and The Disability Discrimination Act 2003 (Private Hire Vehicles) (Carriage of Guide Dogs etc.) (England and Wales) Regulations 2003 (SI 2003/3122) (as amended)) made under Sections 37 and 37A of the Disability Discrimination Act 1995 will continue to have effect – as though they had been made under the Equality Act 2010
- Hackney Carriage and Private Hire vehicle drivers who are already exempt from the duty to carry guide/assistance dogs can continue to rely on their certificate of exemption issued by the Council even though the certificate refers to the Disability Discrimination Act 1995
- The Authority will continue to be able to issue certificates to drivers who are exempt from the duty to carry guide/assistance dogs even though the certificates say “issued under Section 37 or 37A of the Disability Discrimination Act 1995” on them. The certificates are now deemed to have been issued under the Equality Act 2010
- The Authority will continue to be able to issue the yellow Exemption Notices provided by the DFT which exempt drivers must display on their vehicles (and exempt drivers will continue to be able to display them), even though the Notices refer to the Disability Discrimination Act 1995

12.50 The Authority will assess applications for exemption certificates in line with Regulations and this Policy Statement. If granted, the Authority will provide the driver with an Exemption Notice which must be displayed in the vehicle. If an application for exemption is refused, the applicant has the right of appeal to the Magistrates' Court.

13.0 Private Hire Vehicles

Limitation of numbers

- 13.1** No powers exist for Licensing Authorities to limit the number of Private Hire vehicles that they licence.

Specifications and conditions

- 13.2** Local Authorities have a wide range of discretion over the types of vehicle that they can licence as Private Hire vehicles. Government guidance suggests that local licensing authorities should adopt the principle of specifying as many different types of vehicle as possible and encouraged to make use of the “type approval” rules within any specifications they determine. Accordingly, the Council will require European Whole Vehicle Type Approval for all new licensed vehicles.
- 13.3** The Authority shall impose such conditions, as it considers reasonably necessary, on Private Hire vehicle licences. These vehicles provide a service to the public, so it is appropriate to set criteria for the standard of the external and internal conditions of the vehicle, provided that these are not unreasonably onerous.
- 13.4** Appendix B (page 52) sets out the specification and minimum standards in respect of Private Hire vehicles.
- 13.5** Vehicles will, in general, be licensed for the carriage of up to four passengers, but applications in relation to larger vehicles that can accommodate up to eight passengers shall be accepted, provided that there is compliance with the specification applicable to such vehicles.

Accessibility

- 13.6** The Authority is committed to social inclusion and ensuring a wide variety of opportunities is available to those with mobility difficulties in order to enjoy a high quality of life. It fully supports the view of the Equality and Human Rights Commission that,
- “Making successful journeys is critical to the social inclusion of disabled people. Without the ability to travel, disabled people are denied access to life opportunities. Their access to education, shopping, employment, healthcare, as well as social and family life is significantly improved when journeys become accessible.”*
- 13.7** For this reason, the Authority considers it important that people with disabilities have access to all forms of public transportation and encourages Private Hire operators and drivers to use vehicles that will assist those passengers with mobility difficulties.
- 13.8** It is arguable that different accessibility considerations should apply between Hackney Carriage and Private Hire vehicles in that Hackney Carriages can be hired directly in the street or at a Hackney Carriage stand (“taxi rank”), by the customer dealing directly with a licensed driver. However, Private Hire vehicles can only be booked through a licensed Private Hire operator. It is, therefore, considered particularly vital that a person with disabilities should be able to hire a Hackney Carriage on the spot with the

minimum delay or inconvenience and requiring that all Hackney Carriages are accessible achieves that aim.

- 13.9** The Private Hire trade should be aware of a good practice guide produced by the Equality and Human Rights Commission, as drivers have a duty under the Equality Act 2010 to ensure disabled people are not discriminated against or treated less favourably.
- 13.10** Section 167 of the Equality Act 2010 allows the Authority to maintain a list of “designated vehicles” - i.e. a list of wheelchair accessible Hackney Carriages and Private Hire vehicles licensed in its area. The consequence of being on this list is that the driver must undertake the duties detailed in Section 165 of the Equality Act 2010 see paragraphs 12.40-12.46.
- 13.11** Section 167 of the Equality Act 2010 gives the list of designated vehicles statutory effect. Any owner of a designated vehicle has the right to appeal against the Authority’s decision to include his or her vehicle on the list. The appeal will be heard by the Magistrates’ Court. Appendix Q (Page 96) makes reference to the list of vehicles designated for the purposes of Section 165 of the Equality Act 2010. This list is maintained separately from this Policy and can be found at westlancls.gov.uk/licensing

Maximum age of vehicles / environmental considerations

- 13.12** Private Hire vehicles and Hackney Carriages are an essential form of transport in the West Lancashire area. Many people depend on Private Hire vehicles for travel that other forms of transport are incapable of making. It is, however, clearly important that emissions from all licensed vehicles are reduced as far as possible.
- 13.13** The Authority shall consider how far this Policy Statement can and should support any local environmental initiatives to reduce emissions. This would include the use of low emission vehicles (and the encouragement of their use), setting vehicle emissions standards or promoting cleaner fuels, as well as ensuring a modern standard of its licensed vehicles. Furthermore, licensed drivers can help to reduce emissions even further by ensuring vehicles are regularly maintained and by switching off the engine when stationary or idling.
- 13.14** Therefore, in the interests of improving air quality, any application for the renewal of a Private Hire vehicle licence, shall, where the vehicle in question is more than 15 years old, be refused.
- 13.15** All vehicles licensed under a new application must be a maximum of 6 years old and, if compliant with the requirements for licence, shall therefore be granted a vehicle licence until the age of 15 years, whereupon the vehicle must be replaced with one of a maximum age of 6 years. If a vehicle is replaced at any time, this must be with one a minimum of 3 years younger than the current licensed vehicle. However, if a vehicle is replaced at any time for reasons that are beyond the control of the driver, for example as of the result of criminal damage, this must be with one no older than the previously licensed vehicle.

Vehicle inspection

- 13.16** Private Hire vehicles shall be granted licences for a maximum period of 12 months. Prior to being granted a licence each vehicle shall be inspected at a vehicle testing station approved by the Authority.
- 13.17** As the term implies, Private Hire vehicles are used for reward purposes and as such are subject to much higher annual mileages and more arduous driving than normal private vehicles. Therefore, in the interests of passenger and other road user's safety, a more stringent maintenance and inspection regime is required. This Policy Statement considers the MOT Inspection Manual for Car & Light Commercial Vehicle Testing issued by VOSA as the basic inspection standard for Private Hire vehicles. However, the standards contained in the Hackney Carriage and Private Hire Vehicle Inspection Standards (Appendix R, page 97) are in addition to those in the MOT Inspection Manual. Therefore, when assessing the mechanical condition of a vehicle, it is more likely an item which would ordinarily pass an MOT test with an advisory note, could fail the Hackney Carriage and Private Hire vehicle inspection standards.
- 13.18** All Private Hire vehicles must be maintained to no less than the standards set out in the VOSA publication 'MOT Inspection Manual – Private Passenger and Light Commercial' (as amended) and the Hackney Carriage and Private Hire Vehicle Inspection Standards (Appendix R, page 97).
- 13.19** The purpose of the Private Hire vehicle inspection is to confirm vehicles meet the more stringent standards set out in this Policy Statement. Vehicles must be submitted fully prepared for the inspection. It is not intended that the test be used in lieu of a regular preventative maintenance programme. It is an offence under the Road Traffic Regulations to use a vehicle that is not roadworthy on the public highway. Private Hire drivers/operators who fail to maintain their vehicles in a safe and roadworthy condition may have their licence(s) suspended, curtailed or revoked by the Council.
- 13.20** The inspection regime for vehicles has not been designed to create difficulties for the Hackney Carriage and Private Hire trades, but it is primarily to promote vehicle safety for the protection of passengers and not for the benefit of operators. The Council therefore considers the inspections requirements to be justified by the risks it aims to address.

Damage to vehicle during period of licence

- 13.21** If the vehicle is damaged during the period of licence, the Private Hire driver in charge of the vehicle at the time the damage occurred must report this to the Licensing Service in writing within seven days.
- 13.22** Any vehicle 'written off' by an insurer as a result of any damage will not be licensed.

Signage and advertising

- 13.23** It is important that the public should be able to identify and understand the difference between a Hackney Carriage and a Private Hire vehicle. Private Hire vehicles shall not display roof-mounted signs of any description.

- 13.24** Vehicle identification plates are a key feature in helping to identify vehicles that are properly licensed. All licensed vehicles, except those Private Hire vehicles deemed Prestige Vehicles by the Authority shall display plates on the rear of the vehicle.
- 13.25** Private Hire vehicles shall display door signs provided to the specification set out in the conditions of licence.
- 13.26** Vehicles shall not be allowed to display any written or other material on any window with the exception of those permitted by the conditions of licence.
- 13.27** Private Hire vehicles shall generally not be allowed to display or advertise written or other material on its bodywork. However, express permission may be obtained on a case by case basis in accordance with the conditions of licence.

Security/CCTV

- 13.28** The Private Hire trade provide a valuable public service particularly late at night when other forms of public transport are not available. Security for drivers and passengers is of paramount importance. CCTV can be a valuable deterrent as well as protection for the driver from unjustified complaints.
- 13.29** It is not proposed that such measures such as CCTV should be required as part of the licensing regime, as it is considered that they are best left to the judgement of the owners and drivers themselves. The Private Hire trade is, however, encouraged to consider the installation of CCTV in their vehicles on a voluntary basis.
- 13.30** In any licensed vehicle where a CCTV security system is fitted, the proprietor shall ensure that the system is properly maintained and serviced to ensure clear images are recorded. It is recommended that a minimum of 2 warning signs should be displayed prominently inside vehicles advising passengers that they are being monitored / recorded. Any such equipment shall be fitted overtly and in such a way as not to present any danger or hazard to any passenger. It will be the driver / proprietor's responsibility to comply with all aspects of the law regarding such surveillance equipment.

Application procedures

- 13.31** The application procedures for a Private Hire vehicle licence are not prescribed but shall be made on the specified application form in accordance with the application procedure set out in Appendix N (page 90).

Consideration of applications

- 13.32** The Authority shall consider all applications on their own merits once it is satisfied that the appropriate criteria have been met and the application form and supporting documents are complete.

Renewal of licences

- 13.33** The Authority will endeavour to issue a 'reminder' to all existing licence holders that their licence(s) are due for renewal – normally 28 days prior to expiry. Application forms, appropriate fees, and supporting documentation, as set out in Appendix N

(page 90), shall be produced at the Licensing Office. However, it is the licence holder's responsibility to ensure that licences are renewed prior to their expiry.

13.34 It is advised that vehicles should be examined and tested at one of the Authority's approved testing stations at least 7 days prior to the application in case the vehicle examination identifies the need for repair work and re-testing which can then be undertaken prior to the expiry of the licence.

13.35 Licences will not be renewed after expiry. If a licence holder fails to renew their licence on or before the respective expiry date, the licence will lapse and become invalid. Licence holders should note that if they allow their licence to expire, they will be required to make a new application in full. This will obviously incur a potentially significant time delay, and dependent upon the age of the existing vehicle, it may require a change in vehicle to meet the age requirements set out in this Section. The cost implications of failing to renew a licence could therefore be significant, and licence holders are therefore strongly advised to ensure that they renew their licences prior to the expiry date. If the licence holder is aware of any reason that they may not be able to renew their licence before expiry, they must inform the Licensing Service immediately.

Stretched limousines

13.36 Stretched limousines are elongated saloon cars that have been increasingly used for mainstream Private Hire work. The number of stretched limousines being imported, particularly from the United States of America, has been increasing. Their use generally includes all Private Hire work plus special occasions such as days at the races, stag and hen parties and children's birthday parties.

13.37 Licensing Authorities have generally considered there to be some problems preventing stretched limousines from being licensed including:

- some of the vehicles are capable of carrying more than eight passengers
- many of them are left hand drive
- many are fitted with all round darkened glass
- many have been converted or modified after manufacture
- seating space per passenger is 460mm and could give a greater capacity than eight persons; and
- due to their origin many parts may not be available making adequate maintenance difficult

13.38 Most limousines are imported for commercial purposes and are therefore required to take an Individual Vehicle Approval (IVA) test. The IVA test verifies that the converted vehicle is built to a certain safety and environmental standards. When presented for IVA the vehicle is produced with a declaration that it will never carry more than eight passengers. The importer must inform any person who may use it of this restriction. Any subsequent purchasers must also be informed of the restriction.

13.39 The 1976 Act defines a Private Hire vehicle as a motor vehicle constructed or adapted to carry fewer than nine passengers, other than the Hackney Carriage or public service vehicle, which is provided for Hire with the services of the driver for the purposes of

carrying customers. Section 48 of the 1976 Act requires that before a licence is granted the Authority must be satisfied that the vehicle is compliant with its requirements.

13.40 Any stretched limousines, which are offered for Private Hire, do, of course, require a licence. Some operators of these vehicles have a wedding car licence insurance policy on the basis that the vehicle will be used largely during daylight hours, once or twice per week. Before licensing for Private Hire a full policy for Private Hire purposes will, therefore, be required. Applications to licence stretched limousines as Private Hire vehicles will be treated on their merits. It is, however, proposed that imported stretched limousine type vehicles:

- be granted an exemption from the requirement under the conditions of licence for Private Hire vehicles to be right hand drive
- be authorised as prestige type Private Hire vehicles
- be approved for licensing as Private Hire vehicles subject to the additional conditions detailed in Appendix O (page 93)

Contract vehicles

13.41 The Road Safety Act 2006 requires vehicles used for a contract with an organisation or company for carrying passengers for Hire or reward under a contract to be licensed as Private Hire vehicles. As a general guide this shall include executive Hire, chauffeur services, park and ride for private car parks, airport travel, stretch limousines and novelty vehicles.

Executive type vehicles

13.42 Proprietors of executive type vehicles licensed as Private Hire vehicles may seek the permission of the Authority to waive certain conditions of licence. The details of these requirements are provided in Appendix P (page 94). Those wishing to licence an executive vehicle should contact the Licensing Service (Appendix T, page 147), ideally prior to purchasing a vehicle, so as to avoid any unnecessary expense should the vehicle not be appropriate to be licensed as executive type.

Funeral vehicles

13.43 There is no requirement for a vehicle to be licensed where it is being used in connection with a funeral, or is being wholly or mainly used by a person carrying on the business of a funeral director for the purpose of funerals.

Wedding vehicles

13.44 A vehicle does not need to be licensed while it is being used in connection with a wedding.

14.0 Private Hire Operators

14.1 Any person who operates a Private Hire service (who is not also a Hackney Carriage proprietor who permits Hackney Carriages to be used for Private Hire) must apply to the Authority for a Private Hire Operator's licence. Such licences shall be issued for a maximum of 5 years. Application procedures are set out in Appendix N (page 90).

14.2 A Private Hire vehicle shall only be despatched to a customer by a Private Hire Operator who holds an Operator's licence. Such a licence permits the operator to make provision for the invitation or acceptance of bookings for a Private Hire vehicle. A Private Hire Operator shall ensure that every Private Hire vehicle is driven by a person who holds a Private Hire driver's licence.

14.3 Applications for Operator's licences shall be made on the prescribed form, together with the appropriate fee. The Authority will then decide whether the applicant is a fit and proper person to hold an operator's licence based on the information below.

Immigration status

14.4 Where relevant, licences will not be issued to applicants or will be removed from existing licence holders by reason of their immigration status if:

- The person requires leave to enter or remain in the UK and has not been granted it; or
- The person's leave to enter or remain in the UK
 - is invalid
 - has ceased to have effect (whether by reason of curtailment, revocation, cancellation, passage of time, or otherwise) or
 - is subject to a condition preventing the person from doing work of that kind

14.5 Licences will also not be issued to applicants or will be removed from existing licence holders if they are subject to a condition on their permission to be in the UK preventing them from holding such a licence, for example, they are subject to an immigration restriction that does not permit them to work.

14.6 Specific documentation is required to demonstrate immigration status on application and then on each renewal of the licence. Please contact the Licensing Service using the details provided at Appendix T (page 147) for further information.

14.7 Further information is also available from the Home Office www.gov.uk

Disclosure and Barring Service (DBS) disclosures

14.8 Similar to licensed drivers, a criminal record check on an Operator is seen as an important safety measure. Whilst Operators do not normally have the same frequency and nature of contact with the travelling public as a licensed driver, the risks and related safeguards for the public are equally important as an Operator, and their employees, have access to large amounts of sensitive information about their customers. To this end, the Authority will adopt the fit and proper test to Operators. However, unlike Hackney Carriage and Private Hire drivers, Private Hire Operators are

not exempt in respect of the Rehabilitation of Offenders Act 1974 and therefore a Basic (rather than an Enhanced) Disclosure is required as part of the application process. The Authority uses a third party contractor to handle Basic Disclosure applications and results. This information is handled electronically to ensure accuracy, security and to minimise delay for applicants. The third party contractor is an approved DBS body and both it and; therefore, applicants will deal with the DBS through the Authority and will be charged an appropriate fee. The Authority are bound by rules of confidentiality, and will not divulge information obtained to any third parties, unless in accordance with the Data Protection Act 1998.

14.9 Only the applicant for a DBS Basic Disclosure will be sent a disclosure report to their home address from the DBS. The Authority or the third party contractor does not receive a copy of the report, but the Authority is informed if any information is contained on the disclosure report. Where necessary, it is the responsibility of the applicant to provide the DBS Basic Disclosure report to the Authority. The Authority will not process an application where this report is not provided by the applicant.

14.10 Whilst it is the responsibility of the applicant to ensure the DBS Disclosure form is correctly completed, Licensing Officers will check to accuracy of completed forms before they are submitted to the third party contractor. The DBS places very stringent controls on the Authority with regard to the accurate completion of Disclosure forms and therefore Operators should be aware that incorrectly completed forms may delay their application as they will not be accepted by the Authority.

14.11 No application shall be processed where the DBS Basic Disclosure is older than one month. Furthermore, DBS Disclosures are not transferable from one agency to another. For example, a Disclosure undertaken as part of an application with another Local Authority will not be accepted by this Authority.

Relevance of convictions, cautions etc. for applicants

14.12 In assessing whether the applicant is a fit and proper person to hold a licence, the Authority shall consider each case on its merits. It will take account of the details of the DBS Basic Disclosure report, but only in so far as they are relevant to an application for a licence. When deciding what action is appropriate, the Committee will have regard to the Policy provided at Appendix S (page 129). The Committee need only consider an evidential argument that the applicant is not a fit and proper person on the 'balance of probabilities', rather than 'beyond reasonable doubt'.

14.13 Accordingly, upon receipt of a DBS Basic Disclosure report from the applicant, Licensing Officers will assess whether any or all of the conviction(s) is capable of having real relevance to the issue of whether or not the applicant is a fit and proper person to hold a licence. Licensing Officers will only bring a case before the Committee were the number and/or nature of the convictions relating to the applicant raise doubts as to whether that individual is a fit and proper person to hold the respective licence.

14.14 Whilst each case is determined on its merits, the following matters would be likely to result in an application being presented to the Committee for determination:

- Any unspent convictions for serious offences, for example theft, burglary etc.

- Any unspent convictions for violence or threats of violence, for example assault, grievous bodily harm, wounding etc.
- Any unspent convictions for sexual and/or indecency offences
- Any unspent convictions for serious aggravated offences, for example manslaughter, murder etc.
- Any unspent convictions related to the supply of drugs
- Any unspent convictions for deception and/or fraud
- Any other unspent conviction that would suggest that the applicant is not a fit and proper person to hold the respective licence

14.15 All reports are scrutinised by the Commercial, Safety and Licensing Manager and a representative of the Council's legal service to ensure compliance with this Policy Statement and to ensure a consistent approach is taken.

Convictions during period of licence

14.16 Where offences leading to conviction are committed by licensed Operators, it is important, in the interests of consistency and transparency that a procedure is in place to consider what effect this should have on their licence.

14.17 Accordingly, Operators who are convicted for any criminal offence during the period of their licence, must disclose the conviction as well as any penalty imposed in writing to the Authority without delay, and in any event within 7 days. As criminal records are not being checked upon renewal.

14.18 Where any Operator fails to notify the Authority of any convictions this may result in prosecution or referral to the Committee, or both.

14.19 The same requirements detailed in paragraphs 14.12 to 14.15 shall apply. Where the Council is made aware of any matter that would question an Operator's on going status as a fit and proper person this may result in prosecution or referral to the Committee, or both.

Persons employed or otherwise used by Operators

14.20 Given the amount of sensitive information Operators hold about their customers it is appropriate that any person employed or otherwise used by the Operator in the conduct of their business is also subject to scrutiny. To this end, all Operators shall provide to the Authority [in a prescribed form] an up to date list of the names of persons employed or otherwise used by them in the operation of their business. This list must be accompanied by a signed declaration from the Operator that he/she is satisfied that they have taken the appropriate steps to ensure those persons named on the list are safe and suitable to undertake work for the Operator, taking account of the potential risks to the travelling public outlined above.

14.21 In providing this list, the Operator takes responsibility to ensure his/her employees are safe and suitable to undertake the duties of the Operator in ensuring the safety of the travelling public. The Operator will remain ultimately accountable in this regard. It is not the responsibility of the Authority to undertake any checks and/or attest to the safety and suitability of any persons employed or otherwise used by an Operator.

14.22 The list must be provided on application and then constantly updated when any changes to the list occur. Notification of such changes must be given to the Authority within 7 days of such change. If the list is not provided on application, a licence will not be issued. If the list is found to be out of date and/or or inaccurate at any time during the period of licence, the Operator will be issued with a written warning on one occasion only. If the Operator subsequently fails to provide an accurate and/or up to date list, the matter will be referred to the Committee for determination.

14.23 If any person named on the list is found not be safe or suitable to carry out the work of the Operator, the matter will be referred to the Committee for determination. The Operator will held accountable in this regard and be required demonstrate that they undertook all reasonable steps to ensure the person was safe and suitable to carry out the work of the Operator. Whether a person is deemed safe and/or suitable will be determined on its merits taking account of the principles contained in paragraphs 14.9 to 14.12. In addition, the Authority considers appropriate training for such persons as an important factor in demonstrating their safety and suitability. Such training should include safeguarding issues and customer care.

Conditions

14.24 The Authority has power to impose such conditions on an operator's licence, as it considers reasonably necessary and these are set out at 0 (page 72).

Insurance

14.25 Before an application for a Private Hire Operator's licence is granted, the applicant shall produce evidence that they have taken out appropriate public liability insurance for the premises to be licensed. The minimum value of the cover provide by the insurance must be £5 million.

Planning permission

14.26 Private Hire Operator's licences will not be granted without proof of the appropriate planning permission being granted for the proposed business.

Renewal of licences

14.27 The Authority will endeavour to issue a 'reminder' to all existing licence holders that their licence is due for renewal – normally 28 days prior to expiry. However, it is the licence holder's responsibility to ensure that licences are renewed prior to their expiry.

14.28 Licences will not be renewed after expiry. If a licence holder fails to renew their licence on or before the respective expiry date, the licence will lapse and become invalid. Licence holders should note that if they allow their licence to expire, they will be required to make a new application in full. This will obviously incur a potentially significant time delay and therefore the cost implications of failing to renew a licence could be significant. Licence holders are therefore strongly advised to ensure that they renew their licences prior to the expiry date. If the licence holder is aware of any reason that they may not be able to renew their licence before expiry, they must inform the Licensing Service immediately.

15.0 Fares – Private Hire

- 15.1** A Table of Fares (“the tariff”) is set by the Authority for Hackney Carriages, but this control does not apply to fares set by Private Hire vehicle operators.
- 15.2** Hires that end outside of the Borough boundary can be negotiated prior to the commencement of the journey.

Table of fares

- 15.3** Private Hire Operators that use licensed vehicles fitted with a fare meter shall provide the Authority with a current table of fares. This table must also be displayed in each Private Hire vehicle so that it is easily visible to all Hirers.

Receipts

- 15.4** Drivers shall, if requested by the passenger, provide written receipts for fares paid.

Electronic payments

- 15.5** Vehicles may be fitted with means to accept electronic payments. However, such systems must be approved by the Council on an individual basis.

16.0 Hackney Carriage Drivers

- 16.1** The statutory and practical criteria for a Hackney Carriage driver are substantively identical to those for a Private Hire driver. The Authority issues separate driver licences for Hackney Carriage and Private Hire vehicles, as well as a dual licence that allows a driver to operate both a Hackney Carriage and Private Hire vehicle; however this Section specifically details the requirements for Hackney Carriage drivers. The requirements for Private Hire drivers are provided in Section 12.0 (page 17).
- 16.2** All applications must be made in the prescribed form and accompanied by the respective fee (see Section 11 for more information on application fees).

Licences

- 16.3** Licences shall be issued for a maximum period of 3 years. Application procedures are set out in Appendix N (page 90). The following will be required as part of an application:
- Applicant must be at least 21 years of age
 - Applicant must hold a full UK or European driving licence for at least 3 years
 - A completed statutory declaration (see below)
 - A Disclosure and Barring Service (DBS) enhanced disclosure, required on application and every three years thereafter if subsequent renewal applications are made
 - A Driver and Vehicle Licensing Agency (DVLA) licence history, required on application and every three years thereafter if subsequent renewal applications are made.
 - A completed medical examination form supplied by the Authority and completed by the applicant's own general practitioner or medical practice. The medical practice is likely to make a charge for this service.

Immigration status

- 16.4** Where relevant, licences will not be issued to applicants or will be removed from existing licence holders by reason of their immigration status if:
- The person requires leave to enter or remain in the UK and has not been granted it; or
 - The person's leave to enter or remain in the UK:
 - is invalid
 - has ceased to have effect (whether by reason of curtailment, revocation, cancellation, passage of time, or otherwise) or
 - is subject to a condition preventing the person from doing work of that kind
- 16.5** Licences will also not be issued to applicants or will be removed from existing licence holders if they are subject to a condition on their permission to be in the UK preventing them from holding such a licence, for example, they are subject to an immigration restriction that does not permit them to work.

16.6 Specific documentation is required to demonstrate immigration status on application and then on each renewal of the licence. Please contact the Licensing Service using the details provided at Appendix T (page 147) for further information.

16.7 Further information is also available from the Home Office www.gov.uk

Driver knowledge tests

16.8 The Authority considers it necessary for Hackney Carriage drivers to possess a good working knowledge of the area for which they are licensed, because they can be hired directly, at ranks or on the street.

16.9 In order to assist the Authority in determining the fitness of an applicant to hold a Hackney Carriage driver's licence, applicants are required to undertake a knowledge test. The test will challenge the applicant's knowledge of the highway system in West Lancashire as well as their knowledge of:

- The Highway Code (including road signs)
- Basic English language and numeracy
- This Policy and relevant licence conditions
- UK motoring law and good practice
- Customer care
- Disability awareness
- Controls required to protect children and vulnerable adults

16.10 There is a pass mark for each section of the test. A failure in any section will result in a failure of the entire test.

16.11 An applicant must pass the knowledge test within 28 days of the date of the relevant DBS disclosure. If an applicant fails three successive knowledge tests, the application will be refused. Applicants shall be required to wait at least twelve weeks before reapplying. Applicants that fail a test must pay a resit fee prior to the test date.

Driver Training

16.12 The Authority will require drivers to undertake training on issues relevant to the objectives contained in this Policy Statement. This would include issues such as safeguarding and dementia awareness.

Driving proficiency

16.13 The Driving Standards Agency (DSA) provides a driving assessment specifically designed for Hackney Carriage and Private Hire drivers. This Authority believes that the standard DVLA driving test provides sufficient evidence of driving competency for drivers of Hackney Carriage and Private Hire vehicles in West Lancashire. It is considered that introducing a requirement that drivers pass the specific DSA test would not produce benefits, which are commensurate with the costs involved. However, this matter will be kept under close review.

Driver qualification

- 16.14** At present there are no additional requirements for driver qualification. The Council wishes to support drivers so they can offer a high standard of service throughout the Borough. Whilst this matter will be kept under close review, if minded to do so, the Council would consider the introduction of a requirement for all licensed drivers to hold an approved driver qualification (for example, NVQ and/or BTEC).

Medical examination

- 16.15** The Authority requires Group 2 Standards of Medical Fitness to Drive, as applied by DVLA to the licensing of lorry and bus drivers, as the appropriate standard for licensed Hackney Carriage drivers.
- 16.16** Applicants are required to undertake a medical examination on application then on the anniversary of the grant of the licence in the year before their 45th birthday and every 5 years until the age of 65 (i.e. to coincide with the driver's 50th, 55th, 60th and 65th birthdays) where upon an annual examination is required on the anniversary of the grant of the licence. Medical examinations must be conducted by the applicant's own general practitioner or medical practice.
- 16.17** Licence holders shall advise the Authority of any deterioration in their health that may affect their driving capabilities. Where there is any doubt as to the medical fitness of the applicant, the Authority may require the applicant to undergo and pay for a further medical examination by a medical Doctor appointed by the Authority. Where there remains any doubt about the fitness of any applicant, the Committee will review the medical evidence and make any final decision in light of the medical evidence available. No licence shall be issued until medical clearance (if required) has been established.

Disclosure and Barring Service (DBS) disclosures

- 16.18** A criminal record check on a driver is seen as an important safety measure. Enhanced Disclosure through the DBS is required as these disclosures include details of convictions, Police Cautions and other relevant information. The Authority used a third party contractor to handle Enhanced Disclosure applications and results. This information is handled electronically to ensure accuracy, security and to minimise delay for applicants. The third party contractor is an approved DBS body and both it and the Authority are bound by rules of confidentiality and will not divulge information obtained to any third parties unless in accordance with the Data Protection Act 1998. The Authority will process the DBS disclosure application and applicants will be charged an appropriate fee.
- 16.19** Only the applicant for a DBS Enhanced Disclosure will be sent a disclosure report to their home address from the DBS. The Authority or the third party contractor does not receive a copy of the report, but the Authority is informed if any information is contained on the disclosure report. Where, necessary, it is the responsibility of the applicant to provide the DBS Enhanced Disclosure report to the Authority. The Authority will not process an application where this report is not provided by the applicant.
- 16.20** Whilst it is the responsibility of the applicant to ensure the DBS Disclosure form is correctly completed, Licensing Officers will check to accuracy of completed forms

before they are sent to the DBS for processing. The DBS places very stringent controls on the Authority with regard to the accurate completion of Disclosure forms and therefore drivers should be aware that incorrectly completed forms may delay their application as they will not be accepted by the Authority.

- 16.21** No application shall be processed where the DBS Enhanced Disclosure is older than one month. Furthermore, DBS Disclosures are not transferable from one agency to another. For example, a Disclosure undertaken as part of an application with another Local Authority will not be accepted by this Authority.

Relevance of convictions, cautions etc. for applicants

- 16.22** In assessing whether the applicant is a fit and proper person to hold a licence, the Authority shall consider each case on its merits. It will take account of the details of the DBS enhanced disclosure report, but only in so far as they are relevant to an application for a licence.

- 16.23** Accordingly, upon receipt of a DBS Enhanced Disclosure report from the applicant, Licensing Officers will assess whether any or all of the conviction(s) and/or any additional information received is capable of having real relevance to the issue of whether or not the applicant is a fit and proper person to hold a licence. Licensing Officers will only bring a case before the Committee where the number and/or nature of the convictions and/or formal cautions and/or other information relating to the applicant raise doubts as to whether that individual is a fit and proper person to hold the respective driver licence.

- 16.24** Whilst each case is determined on its merits, the following matters would be likely to result in an application being presented to the Committee for determination:

- Any convictions and/or formal cautions for serious offences, for example theft, burglary etc. within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for violence or threats of violence, for example assault, grievous bodily harm, wounding etc. within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for sexual and/or indecency offences
- Any convictions for serious aggravated offences, for example manslaughter, murder etc.
- Any convictions and/or formal cautions for drunken and/or disorderly behaviour (including such offences involving a motor vehicle) within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for dealing, possession and/or use of drugs (including such offences involving a motor vehicle) within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for deception and/or fraud within the 20 year period prior to the date of application
- Any convictions and/or formal cautions for serious traffic offences, for example driving without due care and attention, driving without insurance, driving whilst driving licence is disqualified within the 20 year period prior to the date of application

- Any convictions and/or formal cautions for lesser traffic offences, for example speeding and parking offences, where the number of points accrued on the applicant's driving licence is 9 or higher at the time of application
- Any convictions and/or formal cautions where sufficient points have been accrued resulting in a period of disqualification of the applicant's driving licence within the 20 year period prior to the date of application
- Any convictions and/or formal cautions that demonstrate a pattern of unacceptable behaviour, for example a series of speeding offences
- Any other conviction and/or formal caution and/or other matter that would suggest that the applicant is not a fit and proper person to hold the respective licence

16.25 When deciding what action is appropriate, the Committee will have regard to the Policy provided at Appendix S (page 129). When deciding what action is appropriate, the Committee need only consider an evidential argument that the applicant is not a fit and proper person on the 'balance of probabilities', rather than 'beyond reasonable doubt'. Accordingly, the Committee is not restricted to taking action only where an applicant has been convicted of an offence. The Committee may also take account of formal cautions, criminal charges, police intelligence or any other material provided during the application process.

16.26 All reports are scrutinised by the Commercial, Safety and Licensing Manager and a representative of the Council's legal service to ensure compliance with this Policy Statement and to ensure a consistent approach is taken.

Statutory declaration

16.27 The Rehabilitation of Offenders Act 1974 does not apply to applicants for Hackney Carriage drivers' licences. Therefore all applicants are required to disclose all convictions and/or cautions. This means the applicant must disclose each and every conviction and/or caution recorded against them during their lifetime on initial application and then confirmed on every subsequent renewal application.

16.28 Where an applicant fails to declare any convictions and/or cautions this may result in prosecution or referral to the Committee, or both. For renewal applications only: if an applicant fails to declare any convictions and/or cautions that have already been declared on a previous renewal application, they will be issued with a written warning on one occasion only. If the same applicant fails to declare any convictions and/or cautions on any subsequent renewal application following the issue of a written warning, this may result in prosecution or referral to the Committee, or both.

Convictions, formal cautions or other matters during period of licence

16.29 Whilst a full DBS Enhanced Disclosure is required from each licensed driver every three years, where offences leading to conviction, formal caution and/or charge are committed by licensed drivers, it is important, in the interests of consistency and transparency that a procedure is in place to consider what effect this should have on their licence.

16.30 Accordingly, drivers who are convicted, cautioned and/or charged for any criminal or motoring offence during the period of their licence, must disclose the conviction, caution and/or charge as well as any penalty imposed in writing to the Authority

without delay, and in any event within 7 days. As criminal records are not being checked upon renewal, it is vital that this requirement is strictly adhered to. [For these purposes a fixed penalty motoring offence amounts to a conviction].

- 16.31** If a licensed driver ceases to have a valid DVLA driving licence then their Hackney Carriage driver's licence issued by this Authority shall be deemed invalid.
- 16.32** Where any driver fails to notify the Authority of any convictions and/or formal cautions this may result in prosecution or referral to the Committee, or both.
- 16.33** The requirements detailed in paragraphs 17.21 to 17.25 shall apply. Where the Authority is made aware of any matter that would question a driver's on going status as a fit and proper person this may result in prosecution or referral to the Committee, or both.

Renewal of licences

- 16.34** The Authority will endeavour to issue a 'reminder' to all existing licence holders that their licence(s) are due for renewal – this will normally be 28 days prior to expiry. Application forms, appropriate fees, and supporting documentation (as set out in Appendix N, page 90), shall be produced at the Licensing Office. However, it is the licence holder's responsibility to ensure that licences are renewed prior to their expiry.
- 16.35** Licences will not be renewed after expiry. If a licence holder fails to renew their licence on or before the respective expiry date, the licence will lapse and become invalid. Licence holders should note that if they allow their licence to expire, they will be required to make a new application in full. This will obviously incur a potentially significant time delay and therefore the cost implications of failing to renew a licence could be significant. Licence holders are therefore strongly advised to ensure that they renew their licences prior to the expiry date. If the licence holder is aware of any reason that they may not be able to renew their licence before expiry, they must inform the Licensing Service immediately.

Conditions of licence

- 16.36** The Authority is not permitted to attach conditions to a Hackney Carriage driver's licence.
- 16.37** It could be argued that many of the requirements prescribed within the Hackney Carriage byelaws are effectively Hackney Carriage driver licence conditions. These are included at Appendix D, page 68).
- 16.38** A Hackney Carriage driver, once licensed, if he is in the possession of a Hackney Carriage vehicle under a hiring agreement becomes the proprietor of the vehicle and must adhere to the vehicle conditions of licence details in Appendix C (page 60).

Code of conduct

- 16.39** The standards expected of licensed drivers are set out in the Code of Conduct, which should be read in conjunction with the other statutory and policy requirements set out in this Policy Statement. The code is attached at Appendix G (page 79).

- 16.40** In line with relevant legislation, the Code of Conduct contains a requirement that prohibits drivers from smoking in the vehicle. This legislation applies equally to passengers using the vehicle. In a similar manner, and to protect both the driver and passengers, the use of electronic cigarettes (or similar devices) is also prohibited in licensed vehicles.

Dress code

- 16.41** Anything that serves to enhance the professional image of the Hackney Carriage trade, and promotes the concept that drivers of licensed vehicles are vocational drivers is to be welcomed. Accordingly, the dress code set out in Appendix H (page 81) shall be adhered to by all drivers.

Assistance to passengers in wheelchairs

- 16.42** Section 165 of the Equality Act 2010 places duties on drivers of designated wheelchair accessible Hackney Carriages and Private Hire vehicles.

- 16.43** The duties under Section 165 are:

- To carry the passenger while in the wheelchair
- Not to make any additional charge for doing so
- If the passenger chooses to sit in a passenger seat to carry the wheelchair
- To take such steps as are necessary to ensure that the passenger is carried in safety and reasonable comfort
- To give the passenger such mobility assistance as is reasonably required

- 16.44** Section 167 of the Equality Act 2010 allows the Authority to maintain a list of “designated vehicles” - i.e. a list of wheelchair accessible Hackney Carriages and Private Hire vehicles licensed in its area. The consequence of being on this list is that the driver must undertake the duties detailed in Section 165.

- 16.45** Section 167 of the Equality Act 2010 gives the list of designated vehicles statutory effect. Any owner of a designated vehicle has the right to appeal against the Authority’s decision to include his or her vehicle on the list. The appeal will be heard by the Magistrates’ Court. Appendix Q (Page 96) lists those vehicles that the Authority has stipulated as “designated vehicles” under Section 167 of the Equality Act 2010.

- 16.46** Section 166 of the Equality Act 2010 allows the Authority to exempt drivers from the duties to assist passengers in wheelchairs, but only if they are satisfied that it is appropriate on medical grounds or because the driver’s physical condition makes it impossible or unreasonably difficult for him or her to comply with the duties.

- 16.47** Section 166 commenced on the 1st October 2010. Drivers of designated wheelchair accessible Hackney Carriages or Private Hire vehicles can apply for exemption from this date.

- 16.48** The Authority will assess applications for exemption certificates in line with Regulations and this Policy Statement. As a minimum, such applications will include

evidence for the exemption, which would include a letter/report from the applicants own general practitioner. Where a long term exemption is requested, the applicant should also provide similar evidence that includes an assessment by an independent medical assessor. If granted, the Authority will provide the driver with an Exemption Certificate and Exemption Notice. The Notice must be displayed in the vehicle. The form and manner of the Notice must in accordance with relevant regulations. If an application for exemption is refused, the applicant has the right of appeal to the Magistrates' Court.

Guide dogs and assistance dogs

16.49 Sections 168 to 171 of the Equality Act 2010 address the carriage of guide dogs and other assistance dogs. Under this legislation, Hackney Carriage and Private Hire vehicle drivers (and Private Hire vehicle Operators) have a duty to accept assistance dogs.

16.50 This process is designed to ensure a smooth transition from the assistance dogs provisions in the Disability Discrimination Act 1995 to those contained in the Equality Act 2010. Therefore, the legislation will ensure that:

- The Exemption Notice Regulations (i.e. the Disability Discrimination Act 1995 (Hackney carriages) (Carrying of Guide Dogs etc.) (England and Wales) Regulations 2000 (SI2000/2990) (as amended) and The Disability Discrimination Act 2003 (Private Hire Vehicles) (Carriage of Guide Dogs etc.) (England and Wales) Regulations 2003 (SI 2003/3122) (as amended)) made under Sections 37 and 37A of the Disability Discrimination Act 1995 will continue to have effect – as though they had been made under the Equality Act 2010
- Hackney Carriage and Private Hire vehicle drivers who are already exempt from the duty to carry guide/assistance dogs can continue to rely on their certificate of exemption issued by the Council even though the certificate refers to the Disability Discrimination Act 1995
- The Authority will continue to be able to issue certificates to drivers who are exempt from the duty to carry guide/assistance dogs even though the certificates say “issued under Section 37 or 37A of the Disability Discrimination Act 1995” on them. The certificates are now deemed to have been issued under the Equality Act 2010
- The Authority will continue to be able to issue the yellow Exemption Notices provided by the DfT which exempt drivers must display on their vehicles (and exempt drivers will continue to be able to display them), even though the Notices refer to the Disability Discrimination Act 1995

16.51 The Authority will assess applications for exemption certificates in line with Regulations and this Policy Statement. If granted, the Authority will provide the driver with an Exemption Notice which must be displayed in the vehicle. If an application for exemption is refused, the applicant has the right of appeal to the Magistrates' Court.

17.0 Hackney Carriages

Limitation of numbers

- 17.1** The Authority does not currently impose any restriction as to the number of Hackney Carriage vehicle licences it will grant, which is deemed as best practice by the Department for Transport.

Specifications and conditions

- 17.2** Local Authorities have a wide range of discretion over the types of vehicle that they can licence as Hackney Carriage vehicles. Government guidance suggests that local licensing authorities should adopt the principle of specifying as many different types of vehicle as possible and encouraged to make use of the “type approval” rules within any specifications they determine. Accordingly, the Council will require European Whole Vehicle Type Approval for all new licensed vehicles.
- 17.3** The Authority generally licences a purpose built vehicle [i.e. a “London type cab” or similar which is easily recognisable as being distinct from a Private Hire vehicle] with suitable and sufficient wheelchair access as a Hackney Carriage. Applications for new vehicles will be made on a case by case basis. Where necessary, the driver will be required to provide documentary evidence of European Whole Vehicle Type Approval. The Authority shall impose such conditions, as it considers reasonably necessary, on Hackney Carriage vehicle licences. These vehicles provide a service to the public, so it is appropriate to set criteria for the standard of the external and internal conditions of the vehicle, provided that these are not unreasonably onerous.
- 17.4** Appendix C (page 60) sets out the specification and minimum standards for Hackney Carriages.
- 17.5** Vehicles will, in general, be licensed for the carriage of up to four or five passengers provided that there is compliance with the specification applicable to such vehicles. Once licensed, vehicles cannot be used to ply for hire outside of the Borough.

Accessibility

- 17.6** All licensed Hackney Carriages shall be wheelchair accessible.
- 17.7** The Authority is committed to social inclusion and ensuring a wide variety of opportunities is available to those with mobility difficulties in order to enjoy a high quality of life. It fully supports the view of the Equality and Human Rights Commission that,
- “Making successful journeys is critical to the social inclusion of disabled people. Without the ability to travel, disabled people are denied access to life opportunities. Their access to education, shopping, employment, healthcare, as well as social and family life is significantly improved when journeys become accessible.”*
- 17.8** For this reason, the Authority considers it important that people with disabilities have access to all forms of public transportation.

- 17.9** In addition to the general conditions, accessibility for people with disabilities (including - but not only people who need to travel in a wheelchair) is, therefore, an important consideration in respect of vehicles licensed as Hackney Carriages.
- 17.10** It is arguable that different accessibility considerations should apply between Hackney Carriage and Private Hire vehicles in that Hackney Carriages can be hired directly in the street or at a Hackney Carriage stand (“taxi rank”), by the customer dealing directly with a licensed driver. However, Private Hire vehicles can only be booked through a licensed Private Hire operator, normally by telephone or by visiting a Private Hire operator office. It is, therefore, considered particularly vital that a person with disabilities should be able to hire a Hackney Carriage on the spot with the minimum delay or inconvenience and requiring that all Hackney Carriages are accessible achieves that aim.
- 17.11** The Hackney Carriage trade should be aware of a good practice guide produced by the Equality and Human Rights Commission, as drivers have a duty under the Equality Act 2010 to ensure disabled people are not discriminated against or treated less favourably.
- 17.12** Section 167 of the Equality Act 2010 allows the Authority to maintain a list of “designated vehicles” - i.e. a list of wheelchair accessible Hackney Carriages and Private Hire vehicles licensed in its area. The consequence of being on this list is that the driver must undertake the duties detailed in Section 165 of the Equality Act 2010 see paragraphs 16.41 – 16.47.
- 17.13** Section 167 of the Equality Act 2010 gives the list of designated vehicles statutory effect. Any owner of a designated vehicle has the right to appeal against the Authority’s decision to include his or her vehicle on the list. The appeal will be heard by the Magistrates’ Court. Appendix Q (page 94) makes reference to the list of vehicles designated for the purposes of Section 165 of the Equality Act 2010. This list is maintained separately from this Policy and can be found at westlancs.gov.uk/licensing

Maximum age of vehicles / environmental considerations

- 17.14** Hackney Carriages and Private Hire vehicles are an essential form of transport in the West Lancashire area. Many people depend on Private Hire vehicles for travel that other forms of transport are incapable of making. It is, however, clearly important that emissions from all licensed vehicles are reduced as far as possible.
- 17.15** The Authority shall consider how far this Policy Statement can and should support any local environmental initiatives. This would include the use of low emission vehicles (and the encouragement of their use), setting vehicle emissions standards or promoting cleaner fuels, as well as ensuring a modern standard of its licensed vehicles. Furthermore, licensed drivers can help to reduce emissions even further by ensuring vehicles are regularly maintained and by switching off the engine when stationary or idling
- 17.16** Therefore, in the interests of improving air quality, any application for the renewal of a Hackney Carriage vehicle licence, shall, where the vehicle in question is more than 18 years old, be refused.

17.17 All vehicles licensed under a new application be a maximum of 4 years old and, if compliant with the requirements for licence, shall be granted a vehicle licence until the age of 18 years, whereupon the vehicle must be replaced with one of a minimum of 3 years younger. If a vehicle is replaced at any time, this must be with one a minimum of 3 years younger than the current licensed vehicle. However, if a vehicle is replaced at any time for reasons that are beyond the control of the driver, for example as of the result of criminal damage, this must be with one no older than the previously licensed vehicle.

17.18 To apply for a new vehicle licence, the applicant must be able to supply a suitable vehicle and provide proof that the applicant can finance and maintain the vehicle. The applicant must also provide a statement, including documentary evidence, as to why they believe there is a demand for another Hackney Carriage in the Borough.

Vehicle inspection

17.19 Hackney Carriages shall be granted licences for a maximum period of 12 months. Prior to being granted a licence each vehicle shall be inspected at a vehicle testing station approved by the Authority.

17.20 As the term implies, Hackney Carriages are used for hire or reward purposes and as such are subject to much higher annual mileages and more arduous driving than normal private vehicles. Therefore, in the interests of passenger and other road user's safety, a more stringent maintenance and inspection regime is required. This Policy Statement considers the MOT Inspection Manual for Car & Light Commercial Vehicle Testing issued by VOSA as the basic inspection standard for Hackney Carriages. However, the standards contained in the Hackney Carriage and Private Hire Vehicle Inspection Standards (Appendix R, page 97) are in addition to those in the MOT Inspection Manual. Therefore, when assessing the mechanical condition of a vehicle, it is more likely an item which would ordinarily pass an MOT test with an advisory note, could fail the Hackney Carriage and Private Hire vehicle inspection standards.

17.21 All Hackney Carriages must be maintained to no less than the standards set out in the VOSA publication 'MOT Inspection Manual – Private Passenger and Light Commercial' (as amended) and the Hackney Carriage and Private Hire Vehicle Inspection Standards (Appendix R, page 97).

17.22 The purpose of the Hackney Carriage inspection is to confirm vehicles meet the more stringent standards set out in this Policy Statement. Vehicles must be submitted fully prepared for the inspection. It is not intended that the test be used in lieu of a regular preventative maintenance programme. It is an offence under the Road Traffic Regulations to use a vehicle that is not roadworthy on the public highway. Hackney Carriage drivers/operators who fail to maintain their vehicles in a safe and roadworthy condition may have their licence(s) suspended, curtailed or revoked by the Council.

17.23 The inspection regime for vehicles has not been designed to create difficulties for the Hackney Carriage and Private Hire trades, but it is primarily to promote vehicle safety for the protection of passengers and not for the benefit of operators. The Council

therefore considers the inspections requirements to be justified by the risks it aims to address.

Damage to vehicle during period of licence

- 17.24** If the vehicle is damaged during the period of licence, the Hackney Carriage driver in charge of the vehicle at the time the damage occurred must report this to the Licensing Service in writing within seven days.
- 17.25** Any vehicle 'written off' by an insurer as a result of any damage will not be licensed.

Signage and advertising

- 17.26** It is important that the public should be able to identify and understand the difference between a Hackney Carriage and a Private Hire vehicle.
- 17.27** Roof signs fitted to Hackney Carriage vehicles shall be illuminated at all times when the vehicle is available for Hire.
- 17.28** Vehicle identification plates are a key feature in helping to identify vehicles that are properly licensed. All licensed vehicles shall display plates on the rear of the vehicle.
- 17.29** Vehicles shall not be allowed to display any written or other material on any window with the exception of those permitted by the conditions of licence.
- 17.30** Hackney Carriage vehicles are permitted to have advertising on their bodywork with the approval of the Authority subject to restrictions included in the conditions of licence.

Security/CCTV

- 17.31** The Hackney Carriage trades provide a valuable public service particularly late at night when other forms of public transport are not available. Security for drivers and passengers is of paramount importance. CCTV can be a valuable deterrent as well as protection for the driver from unjustified complaints.
- 17.32** It is not proposed that such measures such as CCTV should be required as part of the licensing regime, as it is considered that they are best left to the judgement of the owners and drivers themselves. The Hackney Carriage trade is, however, encouraged to consider the installation of CCTV in their vehicles on a voluntary basis.
- 17.33** In any licensed vehicle where a CCTV security system is fitted, the proprietor shall ensure that the system is properly maintained and serviced to ensure clear images are recorded. It is recommended that a minimum of 2 warning signs should be displayed prominently inside vehicles advising passengers that they are being monitored / recorded. Any such equipment shall be fitted overtly and in such a way as not to present any danger or hazard to any passenger. It will be the driver / proprietor's responsibility to comply with all aspects of the law regarding such surveillance equipment.

Application procedures

- 17.34** The application procedures for a Hackney Carriage vehicle licence are not prescribed but shall be made on the specified application form in accordance with the application procedure set out in Appendix N (page 90).

Consideration of applications

- 17.35** The Authority shall consider all applications on their own merits once it is satisfied that the appropriate criteria have been met and the application form and supporting documents are complete.

Renewal of licences

- 17.36** The Authority will endeavour to issue a 'reminder' to all existing licence holders that their licence(s) are due for renewal – normally 28 days prior to expiry. Application forms, appropriate fees, and supporting documentation (as set out in Appendix N, page 90), shall be produced at the Licensing Office. However, it is the licence holder's responsibility to ensure that licences are renewed prior to their expiry.
- 17.37** It is advised that vehicles should be examined and tested at one of the Authority's approved testing stations at least 7 days prior to the application in case the vehicle examination identifies the need for repair work and re-testing which can then be undertaken prior to the expiry of the licence.
- 17.38** Licences will not be renewed after expiry. If a licence holder fails to renew their licence on or before the respective expiry date, the licence will lapse and become invalid. Licence holders should note that if they allow their licence to expire, they will be required to make a new application in full. This will obviously incur a potentially significant time delay, and dependent upon the age of the existing vehicle, it may require a change in vehicle to meet the age requirements set out in this Section. The cost implications of failing to renew a licence could therefore be significant, and licence holders are therefore strongly advised to ensure that they renew their licences prior to the expiry date. If the licence holder is aware of any reason that they may not be able to renew their licence before expiry, they must inform the Licensing Service immediately.

Contract vehicles

- 17.39** The Road Safety Act 2006 requires vehicles used for a contract with an organisation or company for carrying passengers for Hire or reward under a contract to be licensed as Private Hire vehicles. As a general guide this shall include executive Hire, chauffeur services, park and ride for private car parks, airport travel, stretch limousines and novelty vehicles.

18.0 Fares – Hackney Carriages

- 18.1** The Hackney Carriage Table of Fares (“the tariff”) is set by the Authority and stipulates the maximum fare that can be charged by Hackney Carriage drivers which can be negotiated downwards by the Hirer.
- 18.2** The Authority shall review the tariff upon request from the trade.
- 18.3** Hires that end outside of the Borough boundary can be negotiated prior to the commencement of the journey.

Table of fares

- 18.4** A table of authorised maximum fares shall be provided to each Hackney Carriage licence holder, which must then be displayed in each vehicle so that it is easily visible to all Hirers. The Table of Fares is also displayed at westlancs.gov.uk/licensing

Receipts

- 18.5** Drivers shall, if requested by the passenger, provide written receipts for fares paid.

Electronic payments

- 18.6** Vehicles may be fitted with means to accept electronic payments. However, such systems must be approved by the Council on an individual basis.

19.0 Hackney Carriage Ranks

- 19.1** The Authority shall work with the Hackney Carriage trade and other stakeholders to keep taxi ranks under constant review. Details of the locations of all taxi ranks in the Borough are provided at Appendix I (page 82).

Appendix L Urgent Action Procedure

Procedure for any urgent action to be taken against existing hackney carriage and private hire drivers or private hire operators

This procedure is to be used when it comes to the attention of the Council that a current holder of a Hackney Carriage driver licence, Private Hire driver licence or Private Hire Operator has been either accused³ or convicted⁴ of an offence that may bring into question whether he/she is a fit and proper person to hold such a licence.

Urgent action is defined as where the Director of Leisure & Wellbeing (DL&W) believes that the information received raises concerns as to whether the relevant licence holder should be allowed to continue to operate under their licence and that decision cannot wait until the next scheduled Licensing and Appeals Committee (the Committee).

When considering whether the matter is of an urgent nature, the types of offences that may warrant such urgent action include, but are not limited to:

- Drugs possession/intention to supply/production of drugs and similar offences;
- Organised crime;
- Violence including possession of offensive weapons;
- Sexual offences;
- Serious aggravated offences;
- Any other offence that the DL&W deems appropriate.

If the DL&W considers that urgent action is required, he will undertake the following procedure without undue delay in order to hold a hearing of the Urgent Hearing Panel (UHP) to determine the matter:

1. The DL&W will consult with the Chairman of the Committee to determine that urgent action is warranted. If the Chairman of the Committee is not available, the DL&W shall consult with the Deputy Chairman of the Committee or the relevant Portfolio Holder or the Leader of the Council in that order. The DL&W and relevant Councillor shall agree how quickly the UHP shall be convened.
2. The DL&W shall then convene the UHP which will consist of:
 - The DL&W and/or the Commercial, Safety and Licensing Manager (CS&LM);
 - A Senior Licensing Officer;
 - A legal advisor.
3. The UHP shall be chaired and the decision taken by the DL&W or his delegated deputy, the CS&LM. If either are not available, the UHP will be chaired and the decision taken by another Assistant Director of the Council or suitable alternative Officer of similar seniority.

³ Leeds CC v Hussain CO/1376/2002

⁴ Section 61 of the Local Government Miscellaneous Provisions Act 1976

4. The licence holder shall be invited to attend the UHP to present their case and make representations as to why action should not be taken. All reasonable attempts will be made by the Licensing Service to contact the licence holder and invite them to attend the UHP. If the licence holder can be contacted, but is unable to attend in person, the Hearing may be held by way of a telephone conference.
5. If there is sufficient time before the convening of the UHP and the Licensing Service has been unsuccessful in contacting the licence holder, the Licensing Service will hand deliver a letter to the relevant address on file no later than the day before the Hearing is to commence. The letter will outline the case and provide a copy of this procedure.
6. If the licence holder cannot, is unable or unwilling to attend or cannot be contacted after such reasonable attempts, the UHP may proceed in the licence holder's absence considering the overriding duty to protect the public. A record will be kept of the attempts to contact the licence holder.
7. The Hearing will follow the principles of the Licensing and Appeals Committee Hearing Procedure for existing Hackney Carriage and Private Hire Drivers or Private Hire Operators (Appendix K, page 85). The Minutes of the Hearing will be taken by the Legal Officer.
8. Once the Hearing has concluded, the DL&W shall decide whether to suspend or revoke the relevant licence or to take no further action. If the DL&W decides to take action, he must also decide whether or not the allegation or conviction is so serious that the sanction should take immediate effect.
9. Once the DL&W has made a decision, he shall notify the Chairman of the Committee or the Deputy Chairman, relevant Portfolio Holder or Leader as appropriate.
10. Once the relevant Councillor has been notified, a Notice shall be drafted stating the decision of the DL&W and the reasons for the decision. The Decision Notice will also give reasons as to why the DL&W considered that urgent action was required and why the matter could not have waited to the next scheduled meeting of the Committee. The Decision Notice will also contain notification that the licence holder has the right to appeal within twenty one days of the decision to the Magistrates' Court.
11. The Decision Notice will be served personally on the licence holder at the Licensing Service office. If the licence holder is unwilling or unable to attend the Licensing Service office or the Council has been unable to contact the licence holder, the Notice will be hand delivered to their address on file.
12. Once the licence holder has been notified of the DL&W decision, Officers shall notify Members of the Committee by way of a Confidential Members Update, attaching a copy of the Decision Notice.

Appendix M Complaints Procedure

It is a common misconception that the Council employs licensed drivers. This is not the case. Hackney Carriage and Private Hire licences allow holders to run what is considered to be their own businesses.

As individual business owners, licensees are in a position to run their businesses as they see fit, with the proviso that they meet the requirements of the licences held and the law governing the licence. Therefore any complaints about service should be directed to the relevant operator.

All complaints which are pursued by the Council are based upon the driver's fitness to hold a licence and/or the condition of the licensed vehicle. Accordingly, any complaints about driving manner should also be directed to the Police.

Each step of any complaint investigation must be documented due to the fact that there is potential for the complaint to progress to being heard in Court.

The complainant should therefore provide the following information as a minimum:

- Date and time of the incident
- Vehicle identification (plate number, description of vehicle etc.)
- Identification of Licensed Operator (if applicable)
- Identification of the driver (licence number, personal description)
- Description of the incident

Whilst we are happy to take complaints over the telephone, we may ask the complainant to confirm this information in writing. This can be submitted by email, via our website, fax or letter - using the contact details in Appendix T (page 129).

Many investigations are concluded within 5 working days; however the length of time taken to conclude the investigation is largely dependent upon the licensed operator's and driver's response time to our correspondence. A formal response detailing conclusions reached resulting from our investigation will be provided.

INTRODUCTION

One of the principal aims of West Lancashire Borough Council's (the Council) licensing regime for Hackney Carriages (HC) and Private Hire Vehicles (PHV) is to protect the public. The public should have reasonable access to safe and well maintained HC and PHV, for example, it is clearly important that somebody using a HC or PHV should be confident that the vehicle is safe.

Under the Contract for the testing of HC and PHV, the Council holds a contractual relationship with nominated Vehicle Examiners to conduct inspections of HC and PHV. This standards document has been prepared to provide a technical guide for Vehicle Examiners when inspecting HC and PHV. All vehicles presented for inspection must comply with these standards.

This document does not establish a detailed inspection regime to create difficulties for the HC and PHV trades, but it is primarily to promote vehicle safety for the protection of passengers and not for the benefit of operators. The Council therefore considers the contents of this document to be justified by the risks it aims to address.

SCOPE

These standards apply to all HC and PHV licensed by the Council. The contents of this document are derived from:

- The MOT Inspection Manual for Private Passenger & Light Commercial Vehicle Testing (as amended) issued by the Vehicle and Operator Services Agency (VOSA) as the basic inspection standard for HC and PHV, which should be read in conjunction with this document.
- The specification and conditions for HC and PHV contained in the Council's Hackney Carriage and Private Hire Licensing Policy (the Policy) is based on the National Inspection Standards for Hackney Carriages and Private Hire Vehicles published by the Public Authority Transport Network and the Department for Transport Taxi and Private Hire Vehicle Licensing: Best Practice Guidance.

All licensed vehicles must meet the requirements of the MOT Inspection Manual and the items contained in this document.

Accordingly, this document details only those requirements the Council considers appropriate over and above the requirements of the MOT Inspection Manual derived from the above information. Vehicle Examiners and drivers should therefore read this document in conjunction with the VOSA publication 'MOT Inspection Manual – Private Passenger and Light Commercial Vehicle Testing', (as amended), the Policy and the National Inspection Standards for Hackney Carriages and Private Hire Vehicles published by the Public Authority Transport Network.

Vehicle Examiners and drivers should also be aware that in assessing a vehicle, it is possible that an item which would ordinarily pass an MOT test with an advisory note could fail the Council's HC & PHV test.

VEHICLE TESTING

As the term implies, HC and PHV are vehicles used for hire and reward purposes and as such are subject to much higher annual mileages and more arduous driving than normal private vehicles. Therefore, in the interests of passenger and other road user's safety, a more stringent maintenance and testing regime is required.

All HC and PHV are licensed for 12 months. All HC and PHV must be maintained to no less than the standards set out in the VOSA publication 'MOT Inspection Manual – Private Passenger and Light Commercial', as amended and the more stringent requirements of this document. Vehicles must be submitted fully prepared for the test. It is not intended that the test be used in lieu of a regular preventative maintenance programme. If in the opinion of the Vehicle Examiner the vehicle has not been fully prepared, the test will be terminated and a further full test could be required. It is an offence under the Road Traffic Regulations to use a vehicle that is not roadworthy on the public highway. HC & PHV drivers/operators who fail to maintain their vehicles in a safe and roadworthy condition may have their licence(s) suspended, curtailed or revoked by the Council.

SPECIFICATION OF VEHICLE TYPES THAT MAY BE LICENCED

The legislation gives the Council a wide range of discretion over the types of vehicle that it can licence as HC or PHVs. Vehicle Examiners will be aware that the Council specifies that HC must be a purpose-built vehicle. With regard to PHV, the Council adopts the principle of specifying as many different types of vehicles as possible, so long as the vehicle meets the specification contained in the Policy. Such requirements are detailed in this document and are derived from the specification and conditions for HC and PHVs contained in the Policy.

ACCESSIBILITY

In addition to the general conditions, these standards consider accessibility for disabled people (including - but not only - people who need to travel in a wheelchair) when using vehicles the Council licences as a HC. The Council's requirements are detailed in the Policy and form part of this document.

TYPE APPROVAL

It may be that from time to time the Council will be asked to licence, a vehicle that has been imported independently (that is, by somebody other than the manufacturer). Such a vehicle might meet the local licensing authority's criteria for licensing, but may nonetheless be uncertain about the wider rules for foreign vehicles being used in the UK. Such vehicles will be subject to the 'type approval' rules. For passenger cars up to 10 years old at the time of first GB registration, this means meeting the technical standards of either:

European Whole Vehicle Type approval;
British National Type approval; or

British Single Vehicle Approval (before 29 April 2009) or:
Individual Vehicle Approval (from 29 April 2009)

Most registration certificates issued since late 1998 should indicate the approval status of the vehicle. Further information about these requirements and the procedures for licensing and registering imported vehicles can be seen at: dft.gov.uk

Further information is available from the Licensing Service westlancs.gov.uk/licensing

STRETCHED LIMOUSINES - TYRES

In the case of American imported stretched limousines, vehicle Examiners will need to be vigilant when inspecting tyres for suitability. Most converted stretched limousines are converted from Ford Lincoln Town Cars with a number of Cadillac variants also.

In approved 'stretch' limousine conversions, the maximum weight is approximately 7,100lbs (3.2tonnes) and care should be exercised when determining suitable tyre ratings. Generally speaking a Ford Lincoln or Cadillac would require a tyre rating index of at least 107 T, which gives a load rating of 2,149 lbs. (975 kg.) with a maximum speed of 118 miles per hour.

More information, guidance and the procurement of suitable tyres can be obtained from:

PASSENGER NOTICES

Driver Declaration

Local licensing authorities are strongly advised to obtain a declaration, from the operator of a licensed novelty vehicle, that vehicles with side facing seats will never be used to carry passengers less than 16 years of age, regardless of whether the vehicle is fitted with or without seatbelts.

- i. In addition, notices forbidding children to be carried in side facing seats must be displayed in prominent positions, i.e. on entry to the passenger compartment and on the inside of the vehicle on either side of the passenger compartment. In addition, local licensing authorities may require outward facing signs adjacent to all entrance/exit doors to the passenger compartment.
- ii. Further notices should be displayed inside the vehicle, where all passengers can clearly read the notice, advising passengers of the maximum carrying capacity of the vehicle and a warning to passengers that should the capacity be exceeded then the vehicle will not be insured.

Hackney Carriage & Private Hire Licensing

Statement of Policy - relevant convictions, cautions, complaints and other relevant matters

1.0 Introduction

1.1 This document should be read in conjunction with the Council's Hackney Carriage and Private Hire Statement Licensing Policy 2016 and sets out the approach the Council will take in determining relevant convictions, cautions, complaints and other relevant matters in relation to:

- Hackney Carriage drivers
- Private Hire drivers
- Private Hire Operators

1.2 Accordingly, this Policy covers applications (new and renewal) as well as existing licensed drivers and operators.

1.3 The Council will aim to apply this Policy in a consistent manner; however, it may depart from this Policy if it has reason to do so, but will give full justification for such departure.

2.0 Definitions

2.1 "Individual" - an existing licence holder, an applicant for a new licence or an applicant for the renewal of an existing licence.

2.2 "Issue" – includes the following:

- Complaints made to the Council, Police, Private Hire Operator or any other agency
- Breaches of licence conditions
- Intelligence received from other agencies, which includes circumstances that have not resulted in a criminal conviction, caution or other disposal. By way of example, this would also include incidents that have resulted in a police investigation, but there has been no further action due to the criminal burden of proof, if the Council is satisfied that the incident occurred based on the balance of probabilities

2.3 "The Council" – West Lancashire Borough Council.

3.0 General

- 3.1 Licences may only be granted where the Council is satisfied that the individual is a “fit and proper person” to hold such a licence.
- 3.2 This Policy is intended to give guidance on one aspect of whether an individual is or is not a “fit and proper” person; specifically, the situation where an individual has previous convictions, cautions, complaints and/or other relevant matters.
- 3.3 The Council is concerned to ensure:
- That an individual is a “fit and proper” person
 - That the public are not exposed to individuals with a history of dishonesty, indecency and/or violence
 - The safeguarding of children, young persons and vulnerable adults
- 3.4 The public are not normally permitted to attend hearings relating to specific driver or operator licences. In determining an application or licence, the Council will take account of the human rights of the wider public and balance these against the human rights of the individual.
- 3.5 When submitting an application for a licence to drive a Hackney Carriage or Private Hire vehicle, or for an Operator licence, individuals are required to declare any and all previous convictions. Individuals are also required to declare any and all:
- Formal/simple cautions
 - Matters of restorative justice
 - Fixed penalties and endorsable fixed penalties
 - Details of criminal matters of which they are currently the subject of criminal investigation and/or prosecution
- 3.6 The information will be treated in confidence and will only be taken into account in relation to the relevant application in order to assist the Council in determining whether the applicant is a “fit and proper” person to hold a driver’s licence for the purposes of Sections 51 and 59 of the Local Government (Miscellaneous Provisions) Act 1976, and / or whether the Council should exercise any of its powers under Section 61 and 62 of this Act (i.e. suspension, revocation or refusal to renew a existing licence).
- 3.7 Driver licence applicants should be aware that the Council is empowered by law to check with the Disclosure and Barring Service for the existence and content of any criminal record and / or intelligence held in their name. Furthermore, the Council will, where appropriate, contact other agencies for any other information (e.g. other local authorities, the Police, Children’s Services) which they may hold in order to determine the application or existing licence. This information will be kept in strict confidence and will be retained no longer than is necessary and in any event will be destroyed in accordance with the requirements of the Data Protection Act 1998 and good practice

after the application is determined or any appeal against such determination is decided.

- 3.8 The disclosure of a criminal conviction, caution or other relevant information relating to an individual's conduct will not debar that individual from being granted, retaining or renewing a licence. It will depend on whether or not an individual can satisfy the Council that they are a "fit and proper" person to hold such a licence.
- 3.9 The Council may not be satisfied that an individual is a "fit and proper" person to hold a licence for any good reason. If adequate evidence that an individual is a fit and proper person is not presented or if there is good reason to question or doubt the evidence provided, then that could amount to good reason to refuse a licence.
- 3.10 In considering evidence of an individual's good character and fitness to hold a driver / operator licence and where previous convictions / cautions or other information relating to criminal matters or character are disclosed, the Council will consider:
- The nature of the offence / issue and penalty
 - When it was committed / took place
 - The date of conviction / issue and the length of time elapsed
 - The age of the individual when the offence / issue took place
 - Whether or not it is part of a pattern of behaviour
 - The intent the harm could or did cause
 - Any other factors which may be relevant
- 3.11 Where an applicant has been convicted of a criminal offence, the Council cannot review the merits of the conviction [*Nottingham City Council v. Mohammed Farooq (1998)*].
- 3.12 The Council has adopted the following guidelines relating to the relevance of convictions to which it refers in determining new / renewal applications for driver and operator licences, and also when considering whether to take any action against an existing licence holder.
- 3.13 The guidelines do not address every type of offence and do not prevent the Council from taking into account offences not specifically addressed in the guidelines or other conduct that may be relevant to an individual. If an individual has a conviction for an offence not covered by these guidelines, regard will be made to the factors contained in paragraph 3.10 when deciding whether any action should be taken.
- 3.14 Offences described in the guidelines and similar offences, though differently entitled in any statutory provision, modification or re-enactment, will be taken into account in accordance with the guidelines.
- 3.15 The guidelines are not an attempt to define what a "fit and proper person" is.
- 3.16 Any individual refused a driver licence, or has such licence suspended or revoked, on the grounds that the Council is not satisfied he / she is a fit and proper person to hold

such a licence has a right of appeal to the Magistrates' Court within 21 days of the notice of refusal.

- 3.17 Any individual who is refused an operator licence has a right to appeal to the Magistrates Court within 21 days of the notice of refusal.
- 3.18 The guidelines will be used for the determination of new applications, the renewal of existing licences and the review of existing licences in relation to Hackney Carriage drivers, Private Hire drivers and Private Hire Operators.

DRAFT

GUIDELINES ON THE RELEVANCE OF PREVIOUS CONVICTIONS, CAUTIONS, COMPLAINTS AND OTHER RELEVANT MATTERS

4.0 General Policy

4.1 Each case will be decided on its own merits.

4.2 The Council has a duty to ensure so far as is possible that drivers are “fit and proper” persons to hold licences. One aspect of this is the extent to which previous convictions indicate that an individual is not a “fit and proper” person and / or may take advantage of passengers, abuse or assault them or otherwise take advantage of the role that the licence provides. This includes, but is not limited to, convictions for:

- Offences against children, young people or vulnerable adults
- Dishonesty
- Sexual offences
- Violence and drugs
- Traffic offences

4.3 Restorative justice and other criminal disposals are increasingly used by the Police as a less formal method of dealing with issues and an alternative to the criminal court system. The Council recognises that restorative justice and other out of court disposals tend to be applied in less serious cases or for first time offenders. Nevertheless, all such disposals will be taken into account when determining if an individual is a “fit and proper” person.

4.4 An individual with a conviction for a serious offence(s) need not be automatically barred from obtaining a licence, but would normally be expected to:

- Remain free of conviction for an appropriate period; and
- Show adequate evidence that he or she is a “fit and proper” person to hold a licence (the onus is on the individual to produce such evidence)

4.5 Simply remaining free of conviction will not generally be regarded as sufficient evidence that a person is a “fit and proper” person to hold a licence.

4.6 It may be appropriate to depart from these guidelines in certain situations, these include:

- Where the offence is isolated and there are mitigating circumstances
- Where a conviction defaults outside of the policy between the application date and the determination date

4.7 Similarly, multiple offences or a series of offences over a period of time are likely to give greater cause for concern and may demonstrate a pattern of inappropriate behaviour which will be taken into account. Any case which involves a sexual offence, murder or manslaughter the application / licence will normally be refused / revoked.

- 4.8 The Council will convene to consider any information / representations that an individual is not / no longer a “fit and proper” person or has proven to have breached a licence condition. In such cases the Council may refuse, revoke or suspend a licence for any specified period. The Council may also determine that such action be implemented with immediate effect.
- 4.9 The following examples afford a general guide on the action, which might be taken where convictions are disclosed.

DRAFT

5.0 Dishonesty offences

- 5.1 Drivers of a Hackney Carriage and / or Private Hire vehicles are expected to be persons of trust. Licences awarded by the Council are to those considered under the Council's guidelines, to be a fit and proper person. This is because it is the Council's view that it is relatively easy for a dishonest driver to defraud the public by demanding more than the legal fare and in other ways. Members of the public entrust themselves to the care of drivers both for their own safety and for fair dealing. Passengers may include especially vulnerable people and children.
- 5.2 For these reasons the Council takes a serious view of any convictions involving dishonesty. In general, an applicant with convictions for dishonesty which is less than 5 years of the conviction date, is unlikely to be considered favourably and be referred to a hearing for determination.
- 5.3 In particular, an application will normally be refused where the applicant has a conviction for an offence listed below and the conviction is less than 3 years prior to the date of the application. Between 3 and 5 years after conviction, or release from prison (whichever is the most recent), regard will be made to the circumstances of the offence and any evidence demonstrating that the person is now a fit and proper person to hold a licence.
- Burglary
 - Benefit fraud (including offences under ss.111A and 112 of the Social Security Administration Act 1992)
 - Blackmail
 - Bribery
 - Conspiracy to defraud
 - Forgery (e.g. producing false insurance policy)
 - Fraud
 - Handling or receiving stolen goods
 - Obtaining money or property by deception
 - Theft
 - Offence of possession of goods with false trade mark for sale or hire-Trade Marks Act 1994
 - Other deception
 - Similar offences
 - Offences which replace any of the above offences

6.0 Violent offences

- 6.1 Members of the public and in particular, the elderly, infirm and children or vulnerable adults entrust their personal safety to Private Hire and Hackney Carriage drivers whenever they take a journey. Passengers often travel alone and are vulnerable to physical attack etc.
- 6.2 Users of Private Hire and Hackney Carriage vehicles have a right to expect that drivers are not individuals with a predisposition towards or a propensity for violent behaviour at any level.

6.3 Convictions for violence are amongst the most serious of all criminal offences.

Offences of violence against children and young people

6.4 Drivers of Private Hire and Hackney Carriage vehicles are often entrusted with the transportation of children and young persons who are particularly vulnerable whilst in the care of the driver. It is comparatively easy for an unscrupulous driver to take advantage of such vulnerable persons.

6.5 The Council seeks to minimise risks associated with children and young persons and for that reason a more serious view will be taken where offences of violence involve children or young persons.

6.6 An extremely serious view will be taken where an applicant has been convicted of any offence of violence involving a child (under 14 years of age) or a young person (aged 14 to 17 years) and, in order to afford an appropriate degree of protection to children and young people, an applicant will be required to provide substantial evidence of rehabilitation before the Council will be satisfied that the applicant is a "fit and proper" person.

6.7 Convictions of less than 10 years old prior to the date of application will be referred to a hearing. A conviction less than 5 years old will generally be refused. Between 5 and 10 years after conviction, or release from prison (whichever is the most recent), regard will be made to the circumstances of the offence and any evidence demonstrating that the person is now a fit and proper person to hold a licence.

6.8 Where the commission of an offence involved the loss of life, a licence will normally be refused.

Offences against adults

6.9 Hackney Carriage and Private Hire vehicle drivers maintain close contact with the people from all parts of the community and the Council takes the view that law abiding citizens should not be exposed to a risk of violence by placing them in a vehicle driven by a person with a history of criminal violence. The elderly and infirm, the vulnerable, lone females and people who are drunk are all at particular risk from a driver with a tendency to resort to violence.

6.10 Where the commission of an offence involved the loss of life, a licence will normally be refused.

6.11 Convictions of less than 10 years old prior to the date of application, or their release from prison (whichever is most recent) will be referred to a hearing. A conviction less than 3 years old will generally be refused.

Offence types

6.12 Convictions falling into the most serious group offences of violence involving the loss of life are likely to result in refusal of an application:

- murder

- manslaughter
- culpable homicide
- Similar offences
- Offences which replace the above offences

6.13 Applicants with one or more convictions for very serious violence should expect the application to be refused until a period of at least 10 years has elapsed from the date of conviction or their release from prison (whichever is most recent), including:

- Arson
- Malicious wounding or grievous bodily harm (s.20 Offences Against the Person Act 1861)
- Which is racially aggravated (s.29(1)(a) Crime and Disorder Act 1998)
- Actual bodily harm (s.47 Offences Against the Person Act 1861) (v) Which is racially aggravated (s.29(1)(b) Crime and Disorder Act 1998)
- Grievous bodily harm with intent (s.18 Offences Against the Person Act 1861)
- Grievous bodily harm with intent (s.20 Offences Against the Person Act 1861)
- Robbery
- Possession of firearm
- Riot
- Kidnap
- Assault Police
- Common assault which is racially aggravated (s.29(1)(c) Crime and Disorder Act 1998)
- Violent disorder
- Resisting arrest
- Similar offences
- Offences which replace the above offences

6.14 Applicants with one or more convictions for serious violence should expect the application to be refused until a period of at least five years has elapsed from the date of conviction or their release from prison (whichever is most recent), including:

- Racially-aggravated criminal damage (s.30 Crime and Disorder Act 1998)
- Fear of provocation of violence which is racially-aggravated (s.4 Public Order Act 1986) or (s.31(1)(a) Crime and Disorder Act 1998)
- Intentional harassment, alarm or distress which is racially-aggravated (s.4A Public Order Act 1986 offence) or (s.31(1)(b) Crime and Disorder Act 1998)
- Harassment which is racially-aggravated (s.2 Protection from Harassment Act 1997) or (s.32(1)(a) Crime and Disorder Act 1998)
- Putting people in fear of violence which is racially-aggravated (s.4 Protection from Harassment Act 1997) or (s.32(1)(b) Crime and Disorder Act 1998)
- Harassment, alarm or distress which is racially-aggravated (s.5 Public Order Act 1986) (s.31(1)(c) Crime and Disorder Act 1998)
- Similar offences
- Offences which replace the above offences

6.15 Applicants with one or more convictions for other offences of violence should expect the application to be refused until a period of at least three years has elapsed from the date of conviction or their release from prison (whichever is most recent), including:

- Common assault
- Assault occasioning actual bodily harm (s.47 Offences Against the Person Act)
- Affray
- Battery
- Harassment, alarm or distress (S5 Public Order Act 1986 offence)
- Fear of provocation of violence (s.4 Public Order Act 1986 offence)
- Intentional harassment, alarm or distress (s4A Public Order Act 1986 offence)
- Obstruction
- Possession of offensive weapon
- Criminal damage
- Similar offences
- Offences which replace the above offences

7.0 Drugs offences

7.1 An application will normally be refused where the applicant has a conviction for an offence related to the supply of drugs and the conviction is less than 5 years prior to the date of application or their release from prison (whichever is most recent). Between 5 and 10 years, regard will be had to the circumstances of the offence and any evidence demonstrating that the individual is now a fit and proper person to hold a licence.

7.2 An application will normally be refused where the applicant has more than one conviction for offences related to the possession of drugs and the convictions are less than 5 years prior to the date of the application.

7.3 An application from an individual who has an isolated conviction for an offence related to the possession of drugs within the last 3 to 5 years will require careful consideration of the facts.

7.4 If any applicant was an addict then they will normally be required to show evidence of 5 years free from drug taking after detoxification treatment.

8.0 Sexual and indecency offences

8.1 Any individual currently on the sex offenders" register would not normally be granted a licence.

Offences against Children (under 14 years) and Young Persons (aged 14 to 17 years)

8.2 Drivers of Hackney Carriages and Private Hire vehicles are often entrusted with the care of children and young persons. It is comparatively easy for an unscrupulous driver to take advantage of such vulnerable persons. Where the commission of a sexual offence involves a child or young person an application for a licence will normally to be refused.

Intelligence and other information which has not resulted in a criminal conviction

8.3 The Council will sometimes be made aware of other intelligence or low level information about an individual which has not resulted in the conviction of that person but is relevant in relation to their character. The Council will give appropriate consideration to this information and will seek to consult with other appropriate agencies in order to ensure that they have a comprehensive understanding. Where appropriate, the Council will investigate such information/ intelligence. Any additional information gathered through the investigation process may then be taken into account at any subsequent hearing.

Offences against persons other than children and young persons

8.4 Hackney Carriage and Private Hire vehicle drivers often carry unaccompanied passengers; therefore applicants will normally be refused a licence if they have a conviction for:

- Indecent assault
- Rape
- Other similar offences
- Offences under the Sexual Offences Act 2003

8.5 Applicants will normally be refused a licence if they have a conviction relating to sexual offences until they can show a substantial period (normally 10 years) free from any such conviction or their release from prison (whichever is most recent). Between 5 and 10 years following conviction or their release from prison (whichever is most recent), regard will be had to the circumstances of the offence and any evidence demonstrating that such an individual is now a fit and proper person to hold a licence, including:

- Importuning
- Indecent exposure
- Soliciting
- Other similar offences or offences under the Sexual Offences Act 2003 when the provisions of that Act come into force

8.6 The Council may also consider such circumstances that, if they occurred at the time of the consideration of the application, would not be a criminal offence.

9.0 Motoring offences

Disqualification

9.1 Where an applicant has been disqualified from driving because of a major traffic offence, the applicant will generally be refused a drivers licence for a Hackney Carriage or Private Hire vehicle unless a period of 3 years free from conviction has passed since the reinstatement of the DVLA licence, and 5 years where the disqualification relates to drink driving.

- 9.2 Where several minor traffic offences have resulted in the applicant being disqualified from driving for a period of time, this will normally be taken as reflecting seriously on the applicant's driving standard. Generally, a period of 3 years free from conviction must have elapsed from the restoration of the DVLA licence.
- 9.3 In "totting-up" cases where disqualification is considered by the court, even if the court does not disqualify (e.g. because of exceptional circumstances) a driver, the Council is likely to refuse a Hackney Carriage or Private Hire driver licence because different criteria apply and an applicant will normally be expected to show a period of 12 months free from conviction from the date the Court made its finding of exceptional circumstances justifying the non-qualification.

Major Traffic Offences

- 9.4 An application will normally be refused where the applicant has a conviction for an offence within 2 years of the date of the application from the date of conviction. More than one conviction for this type of offence within the last 5 years from the date of conviction is likely to merit refusal. A list of offences to which this paragraph applies is attached as Table 1.

Minor Traffic Offences

- 9.5 Isolated convictions for minor traffic offences should not prevent a person from obtaining a licence. However, the number, type and frequency of this type of offence will be taken into account and if there are several offences of this nature, the applicant will normally be expected to show a period free of conviction of at least 6 months from the date of conviction. A list of offences to which this paragraph applies is attached as Table 2.

Hybrid Traffic Offences

- 9.6 Offences of the type listed in Table 2 will be treated as major traffic offences if the Court awarded 4 or more penalty points for the offence and as minor traffic offences if the Court awarded 3 or less penalty points for the offence.

Offences under the Town Police Clauses Acts and Part II of the Local Government (Miscellaneous Provisions) Act 1976 and Hackney Carriage Byelaws

- 9.7 One of the main purposes of the licensing regime set out in the Town Police Clauses Acts and Part II of the Local Government (Miscellaneous Provisions) Act 1976 ("the Acts") and Hackney Carriage Byelaws is to ensure the protection of the public. For this reason a serious view is taken of convictions for offences under the Acts (including illegally plying for hire) when deciding whether an individual is to be treated as a fit and proper person to hold a licence. In particular, an applicant will normally be refused a licence if he / she has been convicted of an offence under the Acts at any time during the 2 years preceding the application from the date of conviction or has more than one conviction within the last 5 years preceding the date of the application from the date of conviction.

Drunkenness

- 9.8 Driving whilst under the influence of drink is unacceptable under any circumstances and puts not only the driver, but passengers and other road users at risk. Such

irresponsible behaviour is not conducive with the responsibilities of a Private Hire or Hackney Carriage driver.

With a motor vehicle

- 9.9 A serious view will be taken of convictions of driving or being in charge of a vehicle while under the influence of drink. An application will normally be refused where the applicant has a conviction for an offence within 2 years of the date of the application. More than one conviction for this type of offence within the last 5 years from the date of conviction is likely to merit refusal. Where a disqualification has occurred as a result of a drink-driving offence, at least 5 years free from conviction should elapse after the restoration of the DVLA licence before an applicant is considered for a licence.
- 9.10 In addition, applicants will normally be required to show a period of at least 5 years has elapsed after completion of detoxification treatment if he / she were an alcoholic.

Not in a motor vehicle

- 9.11 An isolated conviction for drunkenness need not debar an applicant from gaining a licence. In some cases, a warning may be appropriate. However, a number of convictions for drunkenness could indicate a medical problem necessitating critical examination and refusal of a licence. In addition, applicants will normally be required to show a period of at least 5 years has elapsed after completion of detoxification treatment if he / she were an alcoholic.

10.0 General

Spent Convictions

- 10.1 The Council will only consider spent convictions if it appears to be relevant for deciding whether an individual is a fit and proper person to hold a licence and that justice cannot be done in the case, except by admitting or requiring evidence relating to that spent conviction.

Cautions, Reprimands and Fixed Penalties

- 10.2 For the purpose of these guidelines formal cautions, reprimands and fixed penalties shall be treated as though they were convictions.

Other relevant offences

- 10.3 The Council takes a serious view of any convictions involving the law and practice concerning bail conditions. In general if an application is received with a conviction which is less than 3-5 years of the conviction date or their release from prison (whichever is most recent), it is unlikely to be considered favourably.
- 10.4 In particular, an application will normally be refused where the applicant has a conviction for offences committed under the:
- Bail Act 1976
 - Bail (Amendment) Act 1993

- Magistrates' Court Act 1980
- Magistrates' Court Rules 1981
- Criminal Justice Act 2003
- Powers of Criminal Courts (sentencing) Act 2000

or similar offences or offences which replace the above offences and the conviction(s) are less than 3 years prior to the date of application. Between 3 and 5 years, regard will be had to the circumstances of the offence and any evidence demonstrating that such an individual is now a fit and proper person to hold a licence.

SUBJECT: LICENSING FEES & CHARGES 2018/19

Wards affected: Borough wide

1.0 PURPOSE OF REPORT

- 1.1 To consider proposed changes in licensing fees and charges for the period 1 April 2018 to 31 March 2019.

2.0 RECOMMENDATIONS

- 2.1 That with effect from the 1 April 2018, the proposed changes in Hackney Carriage and Private Hire licensing fees and charges contained in Table 1 in this report are approved.
- 2.2 If the recommendation at Paragraph 2.1 is approved, that delegated authority is granted to the Director of Leisure and Wellbeing Services to give notice under Section 70 of the Local Government (Miscellaneous Provisions) Act 1976 of the Council's intention to vary the fees and charges for vehicle, driver and operator licences.
- 2.3 That with effect from the 1 April 2018, the proposed fees and charges contained in Table 2 in this report are approved.

3.0 BACKGROUND

- 3.1 Reference to the landmark Supreme Court case of R (on the application of Hemming and Others) v Westminster City Council [2015] UKSC215 (the Hemming Case) and the related decision of the European Court of Justice (ECJ) has been made in previous reports to Members regarding the setting of licensing fees.

- 3.2 The above decisions require that the fee levied for any given licence can only serve to cover the relevant costs associated with the administration and, in certain circumstances, the enforcement of that licence. Licence fees must therefore comprise of an initial application fee, which will be charged on application and relates solely to the cost of authorisation procedures (i.e. the costs associated with reviewing an application and granting / refusing a licence), and a successful application fee that relates to the cost of administering and enforcing the relevant licensing framework.

4.0 PROPOSED FEES

4.1 *Hackney Carriage and Private Hire*

The proposed changes in Hackney Carriage and Private Hire fees and charges are detailed in Table 1.

4.2 Members should note that other fees are levied in addition to the relevant fee for Hackney Carriage and Private Hire licences, but these costs are dictated by third parties (for example, Disclosure and Barring Service (DBS) enhanced disclosure and medical examination) and are borne by the applicant.

4.3 If the Committee resolves to approve the fees detailed in Table 1, the Council is required to give notice under Section 70 of the Local Government (Miscellaneous Provisions) Act 1976 of its intention to vary the fees and charges for vehicle, driver and operator licences. The Notice will be published in the local press, on the Council's website and in the Licensing Reception at Robert Hodge Centre. Objections against the proposed increases can be made within 28 days from the date of the Notice. If any objections are received, the matter will be reported back to the next meeting of the Committee for further consideration.

5.0 SUSTAINABILITY IMPLICATIONS/COMMUNITY STRATEGY

- 5.1 These services have the potential to impact upon many areas within the Community, particularly upon taxi services and the travelling public within West Lancashire. Therefore the proposal links with the following aspect of the Community Strategy: Transport (issue B).

6.0 FINANCIAL AND RESOURCE IMPLICATIONS

- 6.1 Based on the current number of licences and income previously received, the estimated income from the abovementioned licence fees during 2018/19 is £119,749.64. The corresponding estimated chargeable service cost of those licences is £115,162.06. As the budget for 2018/19 is yet to be agreed, exact

service costs cannot be determined at time of writing this report. However, the estimated income is sufficient to match expenditure based on the current budget 2017/18.

- 6.2 The proposed fees detailed in this report may result in a variation in licence fee income, but this is only in relation to the cost of the relevant licensing regime. It must be demonstrated that licence fee income is reasonable and proportionate. Income must not significantly exceed licence costs and any resultant surplus or deficit is considered when setting the fees for the following year. These issues have been identified in the budgetary process and will receive due consideration.

7.0 RISK ASSESSMENT

- 7.1 If Members approve the recommendations contained in this report, and if there are no objections to the proposed fees, these will be implemented from 1 April 2018. However, if any objections are received, these will be determined by the Committee on 20 February 2018 and the resultant approved fees will be implemented from 1 April 2018.
- 7.2 The 2006 EU Services Directive, which is applied in the UK by the Provision of Services Regulations 2009, does not apply to taxis or gambling activities. However, Officers have taken the precautionary approach of adopting the principles of the Hemming Case in all of the licence fees contained in this report, as future challenges can be expected. Nevertheless, the Council has a legal duty to carry out the functions of the legislation that dictates the proposed fees and charges contained in this report. Therefore the proposed fees and charges contained in this report are levied at a rate that serves to cover the costs to the Council. Accordingly, there is a potential impact upon the taxi trade, the travelling public and operators of the other licensed activities contained in this report.
- 7.3 Members should also note that the opinion of the Advocate General and the commentary contained in the judgement of the ECJ relating to the Hemming Case went beyond the specific issues that had been referred to it, which make further challenges on the issue of licensing fees likely. Of particular concern, both the opinion and the commentary in the ruling appeared to reopen the issue of whether including the costs of administering and enforcing licensing regimes within licence fees is compatible with the Services Directive, with a strong indication that the Advocate General and ECJ believe it is not. While the Supreme Court's view on this issue remains in place at the current time, meaning councils can continue to include these costs in their licence fees, it is likely that there will be a further challenge on this issue at some point in future. Members will be made aware of such implications should they arise.

Background Documents

There are no background documents (as defined in Section 100D (5) of the Local Government Act 1972) to this Report.
