The following Motions were considered at the request of the Members indicated:

48 **WINTER FUEL ALLOWANCE AND PROTECTING PENSIONERS FROM FUEL POVERTY - MOTION INCLUDED ON THE AGENDA BY COUNCILLOR DE FREITAS**

The following Motion was moved and seconded:

"Council Notes:

- *The Labour Government's recent decision to restrict the Winter Fuel Payment to only pensioners in receipt of means-tested benefits like Pension Credit, as announced by Chancellor Rachel Reeves.*
- *The estimated impact of this decision, which Age UK says will mean 2 million pensioners who badly need the money to stay warm this winter will not receive it.*
- *The significant role that Winter Fuel Payments play in helping older residents of West Lancashire and across the UK afford heating during the coldest months, thereby preventing 'heat or eat' dilemmas and safeguarding health.*
- *The criticism from Age UK, the Countryside Alliance and other charities, highlighting the social injustice and potential health risks posed by this sudden policy change.*
- *The additional strain this decision will place on vulnerable pensioners, many of whom do not claim Pension Credit despite being eligible, further exacerbating their financial hardship.*

Council believes:

- *That the Winter Fuel Payment has been a lifeline for many older people across the UK and that restricting its availability solely to those on Pension Credit risks leaving many pensioners in financial hardship.*
- *While some pensioners currently in receipt of the Winter Fuel Payment may not require it, many pensioners across West Lancashire who are not in receipt of Pension Credit but on a low income will now lose their allowance.*
- *The decision to means-test Winter Fuel Payments, especially with such short notice and without adequate compensatory measures, is deeply unfair and will disproportionately affect the health and well-being of our poorest older residents.*
- *The government's approach fails to consider the administrative barriers and stigma that prevent eligible pensioners from claiming Pension Credit, leaving many without the support they desperately need.*

Council resolves to:

- *Bring forward a Council-led local awareness campaign to alert those eligible of Pension Credit which in some respects will help access to the Winter Fuel Payment for those most in need.*
- *Request that the Council Leader write to the Chancellor of the Exchequer, urging a review of the decision to means-test the Winter Fuel Payment and asking the government to ensure that vulnerable pensioners, particularly those who do not claim Pension Credit, are protected from fuel poverty.*
- *Commit the Council to signing the 'Save the Winter Fuel Payment for Struggling Pensioners' petition being run by Age UK and write to all members offering them the opportunity to sign the petition themselves.*
- *Encourage local efforts to promote Pension Credit uptake through council services*

and partnerships with local charities and community organisations to ensure that all eligible pensioners in West Lancashire are supported in claiming their entitlement."

An Amendment to the Motion, circulated at the meeting, was moved and seconded. A vote was taken on the Amendment, which was CARRIED.

A vote was taken on the Substantive Motion, which was CARRIED.

RESOLVED:

A. Council Notes:

- The out of control inflation, rising cost of living and rising energy costs which occurred under the previous Conservative Government amid the financial mismanagement and chaos under 14 years of Conservative cuts to public services and rising taxes.
- The announcement today of falling inflation rate.
- This Government's recent decision to restrict the Winter Fuel Payment to only pensioners in receipt of means-tested benefits like Pension Credit, as announced by Chancellor Rachel Reeves.
- Age UK suggest the impact of this decision will mean 2 million pensioners who badly need the money to stay warm this winter will not receive it.
- The significant role that Winter Fuel Payments plays in helping some older residents of West Lancashire and across the UK afford heating during the coldest months, thereby preventing 'heat or eat' dilemmas and safeguarding health, and the Government's commitment to retain the Winter Fuel Payments for those most in need.
- The criticism from Age UK, the Countryside Alliance and other charities, highlighting the social injustice and potential health risks posed by this sudden policy change.
- The additional strain this decision will place on vulnerable pensioners, many of whom do not claim Pension Credit despite being eligible – estimated to be up to 880,000, further exacerbating their financial hardship.

B. Council believes:

- That the Winter Fuel Payment has been a lifeline for many older people across the UK and that restricting its availability solely to those on Pension Credit risks leaving many pensioners in financial hardship.
- While some pensioners currently in receipt of the Winter Fuel Payment may not require it, many pensioners across West Lancashire who are not in receipt of Pension Credit but on a low income will now lose their allowance and may seek support from the Household Support Fund.
- The decision to means-test Winter Fuel Payments, could disproportionately affect the health and well-being of our poorest older residents.
- The government's approach must consider the administrative barriers and stigma that prevent eligible pensioners from claiming Pension Credit, leaving many without the support they desperately need.

C. Council resolves to:

- Continue our Council-led local awareness campaign to alert those eligible of Pension Credit which in some respects will help access to the Winter Fuel

Payment for those most in need.

- Seek urgent clarity on the Household Support Fund and ensure this information is updated on the council's website, advertised through social media, and alerted through partners within the statutory and VCFS to ensure the widest breadth of residents are made aware of and supported by the fund.
- Request that the Chief Executive write to the Chancellor of the Exchequer, urging a review of the decision to means-test the Winter Fuel Payment and asking the government to ensure that vulnerable pensioners, particularly those who do not claim Pension Credit, are protected from fuel poverty.
- Write to all members offering them the opportunity to sign the 'Save the Winter Fuel Payment for Struggling Pensioners' petition being run by Age UK.
- Encourage local efforts to promote Pension Credit uptake through council services and partnerships with local charities and community organisations to ensure that all eligible pensioners in West Lancashire are supported in claiming their entitlement.

(Note: (i) During consideration of the item Councillors Aldridge, Burnside, Cummins, Eccles, Fillis, Finch, Furey, Gordon, Howard, Jukes, Marshall, Mee, Owen, Patel, Pope, D Westley, Mrs Westley, Whittington and Witter, declared a pecuniary interest in the item and left the room.

(ii) As the Mayor, Council Finch had declared a pecuniary interest in this item and had left the room, Councillor Fennell took the Chairperson's role.)

COUNCIL TAX EXEMPTIONS FOR STUDENTS - MOTION INCLUDED BY COUNCILLOR ADRIAN OWENS ON BEHALF OF THE OUR WEST LANCASHIRE GROUP

The following Altered Motion was moved and seconded:

"Council notes that:

- *Many types of accommodation, which house students are currently exempt from council tax.*
- *As at October 2024, there are 622 properties registered within the Borough that attract an exemption from Council Tax in accordance with the Regulation relating to student households (Exemption Class N) and a further 336 properties registered within the Borough that attract an exemption from Council Tax in accordance with the Regulation relating to student halls of residence (Exemption Class M).*
- *If these properties were not exempt from Council Tax, if a full Council Tax charge was levied in all these cases (assuming no Council Tax Support entitlement or other Council Tax Discounts/ Exemptions were eligible), it is estimated that an additional £1.7M Council Tax liability may be generated of which the Borough Council's share of the additional liability income is estimated to be approximately £175K.*
- *All households generate a need for local authority-funded public services, e.g. street cleansing, waste management, and environmental health demands*
- *Prior to 2020, councils received funding to cover the cost of these services through the Revenue Support Grant (RSG), but since 2020 when the RSG was phased out, the income lost from council tax exemptions relating to student accommodation has*

effectively been borne by all other West Lancashire council tax payers.

- The Fair Funding Review of funding to councils promised by the previous Conservative Government in 2017 was never delivered and the core funding formulae for local councils have not been updated since 2013. This and the phasing out of RSG mean that councils with high student populations such as West Lancashire are not fairly funded from central Government under the current arrangements.*

Council believes that:

- Students and other council tax exempted or discounted residents are a very welcome part of our community and our local economy. This has a big impact on services in these parts of the Borough.*
- Student households and other exempted or discounted households should continue to be exempt from council tax, as students are on low (and loaned) incomes and other residents qualify accordingly.*

Council resolves that:

The Chief Executive write to the Chancellor of the Exchequer; Secretary of State for Housing, Communities and Local Government; the Chair and Vice-Chairs of the Local Government Association; and the Members of Parliament serving West Lancashire Borough to request that a review of government funding of local councils takes place as part of the current national spending review and that a revised system of government funding of local councils should compensate the income lost to local councils through council tax exemptions for student households and halls of residence and other such exemptions and also re-introduce minimum 3-year funding settlements for local government to aid financial planning."

A vote was taken, the Altered Motion was CARRIED.
