10.	WORK PROGRAMME	115 - 116

We can provide this document, upon request, on audiotape, in large print, in Braille and in other languages.

# FIRE EVACUATION PROCEDURE: Please see attached sheet. MOBILE PHONES: These should be switched off or to 'silent' at all meetings.

For further information, please contact:-Sue Griffiths on 01695 585097 Or email susan.griffiths@westlancs.gov.uk

### FIRE EVACUATION PROCEDURE FOR: COUNCIL MEETINGS WHERE OFFICERS ARE PRESENT (52 DERBY STREET, ORMSKIRK)

PERSON IN CHARGE:Most Senior Officer PresentZONE WARDEN:Member Services Officer / LawyerDOOR WARDEN(S)Usher / Caretaker

### IF YOU DISCOVER A FIRE

- 1. Operate the nearest **FIRE CALL POINT** by breaking the glass.
- 2. Attack the fire with the extinguishers provided only if you have been trained and it is safe to do so. **Do not** take risks.

### ON HEARING THE FIRE ALARM

- 1. Leave the building via the **NEAREST SAFE EXIT. Do not stop** to collect personal belongings.
- 2. Proceed to the **ASSEMBLY POINT** on the car park and report your presence to the **PERSON IN CHARGE.**
- 3. **Do NOT** return to the premises until authorised to do so by the PERSON IN CHARGE.

### NOTES:

Officers are required to direct all visitors regarding these procedures i.e. exit routes and place of assembly.

The only persons not required to report to the Assembly Point are the Door Wardens.

# CHECKLIST FOR PERSON IN CHARGE

- 1. Advise other interested parties present that you are the person in charge in the event of an evacuation.
- 2. Make yourself familiar with the location of the fire escape routes and informed any interested parties of the escape routes.
- 3. Make yourself familiar with the location of the assembly point and informed any interested parties of that location.
- 4. Make yourself familiar with the location of the fire alarm and detection control panel.
- 5. Ensure that the zone warden and door wardens are aware of their roles and responsibilities.
- 6. Arrange for a register of attendance to be completed (if considered appropriate / practicable).

# IN THE EVENT OF A FIRE, OR THE FIRE ALARM BEING SOUNDED

- 1. Ensure that the room in which the meeting is being held is cleared of all persons.
- 2. Evacuate via the nearest safe Fire Exit and proceed to the **ASSEMBLY POINT** in the car park.
- 3. Delegate a person at the **ASSEMBLY POINT** who will proceed to **HOME CARE LINK** in order to ensure that a back-up call is made to the **FIRE BRIGADE**.
- 4. Delegate another person to ensure that **DOOR WARDENS** have been posted outside the relevant Fire Exit Doors.

- 5. Ensure that the **ZONE WARDEN** has reported to you on the results of his checks, **i.e.** that the rooms in use have been cleared of all persons.
- 6. If an Attendance Register has been taken, take a **ROLL CALL**.
- 7. Report the results of these checks to the Fire and Rescue Service on arrival and inform them of the location of the **FIRE ALARM CONTROL PANEL**.
- 8. Authorise return to the building only when it is cleared to do so by the **FIRE AND RESCUE SERVICE OFFICER IN CHARGE**. Inform the **DOOR WARDENS** to allow re-entry to the building.

### NOTE:

The Fire Alarm system will automatically call the Fire Brigade. The purpose of the 999 back-up call is to meet a requirement of the Fire Precautions Act to supplement the automatic call.

# CHECKLIST FOR ZONE WARDEN

- 1. Carry out a physical check of the rooms being used for the meeting, including adjacent toilets, kitchen.
- 2. Ensure that **ALL PERSONS**, both officers and members of the public are made aware of the **FIRE ALERT**.
- 3. Ensure that ALL PERSONS evacuate IMMEDIATELY, in accordance with the FIRE EVACUATION PROCEDURE.
- 4. Proceed to the **ASSEMBLY POINT** and report to the **PERSON IN CHARGE** that the rooms within your control have been cleared.
- 5. Assist the **PERSON IN CHARGE** to discharge their duties.

It is desirable that the **ZONE WARDEN** should be an **OFFICER** who is normally based in this building and is familiar with the layout of the rooms to be checked.

# INSTRUCTIONS FOR DOOR WARDENS

- 1. Stand outside the FIRE EXIT DOOR(S)
- 2. Keep the **FIRE EXIT DOOR SHUT.**
- 3. Ensure that **NO PERSON**, whether staff or public enters the building until **YOU** are told by the **PERSON IN CHARGE** that it is safe to do so.
- 4. If anyone attempts to enter the premises, report this to the **PERSON IN CHARGE.**
- 5. Do not leave the door **UNATTENDED.**

# Agenda Item 3

#### **MEMBERS INTERESTS 2012**

A Member with a disclosable pecuniary interest in any matter considered at a meeting must disclose the interest to the meeting at which they are present, except where it has been entered on the Register.

A Member with a non pecuniary or pecuniary interest in any business of the Council must disclose the existence and nature of that interest at commencement of consideration or when the interest becomes apparent.

Where sensitive information relating to an interest is not registered in the register, you must indicate that you have an interest, but need not disclose the sensitive information.

Please tick relevant boxes		Notes	
	General		
1.	I have a disclosable pecuniary interest.		You cannot speak or vote and must withdraw unless you have also ticked 5 below
2.	I have a non-pecuniary interest.		You may speak and vote
3.	I have a pecuniary interest <b>because</b>		
	it affects my financial position or the financial position of a connected person or, a body described in 10.1(1)(i) and (ii) <b>and</b> the interest is one which a member of the public with knowledge of the relevant facts, would reasonably regard as so significant that it is likely to prejudice my judgement of the public interest		You cannot speak or vote and must withdraw unless you have also ticked 5 or 6 below
	or		
	it relates to the determining of any approval consent, licence, permission or registration in relation to me or a connected person or, a body described in 10.1(1)(i) and (ii) <b>and</b> the interest is one which a member of the public with knowledge of the relevant facts, would reasonably regard as so significant that it is likely to prejudice my judgement of the public interest		You cannot speak or vote and must withdraw unless you have also ticked 5 or 6 below
4.	I have a disclosable pecuniary interest (Dispensation 16/7/12) or a pecuniary interest but it relates to the functions of my Council in respect of:		
(i)	Housing where I am a tenant of the Council, and those functions do not relate particularly to my tenancy or lease.		You may speak and vote
(ii)	school meals, or school transport and travelling expenses where I am a parent or guardian of a child in full time education, or are a parent governor of a school, and it does not relate particularly to the school which the child attends.		You may speak and vote
(iii)	Statutory sick pay where I am in receipt or entitled to receipt of such pay.		You may speak and vote
(iv)	An allowance, payment or indemnity given to Members		You may speak and vote
(v)	Any ceremonial honour given to Members		You may speak and vote
(vi)	Setting Council tax or a precept under the LGFA 1992		You may speak and vote
5.	A Standards Committee dispensation applies (relevant lines in the budget – Dispensation 20/2/13 – 19/2/17)		See the terms of the dispensation
6.	I have a pecuniary interest in the business but I can attend to make representations, answer questions or give evidence as the public are also allowed to attend the meeting for the same purpose		You may speak but must leave the room once you have finished and cannot vote

'disclosable pecuniary interest' (DPI) means an interest of a description specified below which is your interest, your spouse's or civil partner's or the interest of somebody who you are living with as a husband or wife, or as if you were civil partners and you are aware that that other person has the interest. Interest

#### Prescribed description

Employment, office, Any employment, office, trade, profession or vocation carried on for profit or gain. trade, profession or vocation Sponsorship Any payment or provision of any other financial benefit (other than from the relevant

authority) made or provided within the relevant period in respect of any expenses incurred by M in carrying out duties as a member, or towards the election expenses of Μ. Page 59

	This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.
Contracts	Any contract which is made between the relevant person (or a body in which the relevant person has a beneficial interest) and the relevant authority—
	<ul> <li>(a) under which goods or services are to be provided or works are to be executed; and</li> <li>(b) which has not been fully discharged.</li> </ul>
Land	Any beneficial interest in land which is within the area of the relevant authority.
Licences	Any licence (alone or jointly with others) to occupy land in the area of the relevant authority for a month or longer.
Corporate tenancies	Any tenancy where (to M's knowledge)—
	(a) the landlord is the relevant authority; and
	(b) the tenant is a body in which the relevant person has a beneficial interest.
Securities	Any beneficial interest in securities of a body where—
	(a) that body (to M's knowledge) has a place of business or land in the area of the relevant authority; and
	(b) either—
	(i) the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body; or
	(ii) if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which the relevant person has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

"body in which the relevant person has a beneficial interest" means a firm in which the relevant person is a partner or a body corporate of which the relevant person is a director, or in the securities of which the relevant person has a beneficial interest; "director" includes a member of the committee of management of an industrial and provident society;

"land" excludes an easement, servitude, interest or right in or over land which does not carry with it a right for the relevant person (alone or jointly with another) to occupy the land or to receive income; "M" means a member of a relevant authority;

"member" includes a co-opted member; "relevant authority" means the authority of which M is a member;

"relevant period" means the period of 12 months ending with the day on which M gives notice to the Monitoring Officer of a DPI; "relevant person" means M or M's spouse or civil partner, a person with whom M is living as husband or wife or a person with whom M is living as if they were civil partners;

"securities" means shares, debentures, debenture stock, loan stock, bonds, units of a collective investment scheme within the meaning of the Financial Services and Markets Act 2000 and other securities of any description, other than money deposited with a building society.

'non pecuniary interest' means interests falling within the following descriptions:

- 10.1(1)(i) Any body of which you are a member or in a position of general control or management and to which you are appointed or nominated by your authority;
  - Any body (a) exercising functions of a public nature; (b) directed to charitable purposes; or (c) one of whose principal purposes includes the influence of public opinion or policy (including any political party or trade union), of which you are a member or in a position of general control or management;
  - (iii) Any easement, servitude, interest or right in or over land which does not carry with it a right for you (alone or jointly with another) to occupy the land or to receive income.
- 10.2(2) A decision in relation to that business might reasonably be regarded as affecting your wellbeing or financial position or the well-being or financial position of a connected person to a greater extent than the majority of other council tax payers, ratepayers or inhabitants of the ward, as the case may be, affected by the decision.

#### 'a connected person' means

(a) a member of your family or any person with whom you have a close association, or

- (b) any person or body who employs or has appointed such persons, any firm in which they are a partner, or any company of which they are directors;
- (c) any person or body in whom such persons have a beneficial interest in a class of securities exceeding the nominal value of £25,000; or
- (d) any body of a type described in sub-paragraph 10.1(1)(i) or (ii).

#### 'body exercising functions of a public nature' means

Regional and local development agencies, other government agencies, other Councils, public health bodies, council-owned companies exercising public functions, arms length management organisations carrying out housing functions on behalf of your authority, school governing bodies.

A Member with a personal interest who has made an executive decision in relation to that matter must ensure any written statement of that decision records the existence and nature of that interest.

**NB** Section 21(13) of the LGA 2000 overrides any Code provisions to oblige an executive member to attend an overview and scrutiny meeting to answer questions.

### PUBLIC SPEAKING – PROTOCOL

(For meetings of Cabinet, Overview & Scrutiny Committees, Audit & Governance Committee and Standards Committee)

#### 1.0 Public Speaking

- 1.1 Residents of West Lancashire may, on giving notice, address any of the above meetings to make representations on any item on the agenda for those meetings, except where the public and press are to be excluded from the meeting during consideration of the item.
- 1.2 The form attached as an Appendix to this Protocol should be used for submitting requests.

#### 2.0 Deadline for submission

2.1 The prescribed form should be received by Member Services by 5.00 pm on the Thursday of the week preceding the meeting. This can be submitted by e-mail to <u>member.services@westlancs.gov.uk</u> or by sending to:

Member Services West Lancashire Borough Council 52 Derby Street Ormskirk West Lancashire L39 2DF

- 2.2 Completed forms will be collated by Member Services and circulated via email to relevant Members and officers and published on the Council website via the Council's Information System (CoInS). Only the name of the resident and details of the issue to be raised will be published.
- 2.3 Groups of persons with similar views should elect a spokesperson to speak on their behalf to avoid undue repetition of similar points. Spokespersons should identify in writing on whose behalf they are speaking.

### 3.0 Scope

- 3.1 Any matters raised must be relevant to an item on the agenda for the meeting.
- 3.2 The Borough Solicitor may reject a submission if it:
  - (i) is defamatory, frivolous or offensive;
  - (ii) is substantially the same as representations which have already been submitted at a previous meeting; or
  - (iii) discloses or requires the disclosure of confidential or exempt information.

### 4.0 Number of items

- 4.1 A maximum of one form per resident will be accepted for each Agenda Item.
- 4.2 There will be a maximum of 10 speakers per meeting. Where there are more than 10 forms submitted by residents, the Borough Solicitor will prioritise the list of those allowed to speak. This will be dependent on:
  - a. The order in which forms were received.
  - b. If one resident has asked to speak on a number of items, priority will be given to other residents who also wish to speak
  - c. If a request has been submitted in relation to the same issue.
- 4.3 All submissions will be circulated to relevant Members and officers for information, although no amendments will be made to the list of speakers once it has been agreed (regardless of withdrawal of a request to speak).

### 5.0 At the Meeting

- 5.1 Speakers will be shown to their seats. An item 'Public Speaking' will be included on the agenda to enable local residents to make their representations within a period of up to 30 minutes at the start of the meeting. Residents will have up to 3 minutes to address the meeting when introduced by the Chairman for that meeting. The address must reflect the issue included on the prescribed form submitted in advance.
- 5.2 Members may discuss what the speaker has said along with all other information, when the item is being considered later on the agenda and will make a decision then. Speakers should not circulate any supporting documentation at the meeting and should not enter into a debate with Councillors.
- 5.4 If residents feel nervous or uncomfortable speaking in public, then they can ask someone else to do it for them. They can also bring an interpreter if they need one. They should be aware there may be others speaking as well.
- 5.5 Speakers may leave the meeting at any time, taking care not to disturb the meeting.

# AUDIT & GOVERNANCE COMMITTEE

# Agenda Item 5

# HELD: Tuesday, 28 June 2016

Start:	6.30 pm
Finish:	7.35 pm

#### PRESENT:

Councillor:	J Bullock (Chairman)	
Councillors:	T Aldridge Currie Gordon J Mee R Pendleton Pritchard	T Blane N Delaney P Hudson Mills E Pope
Officers:	Borough Treasurer (Mr M Taylor) Borough Solicitor (Mr T Broderick) Audit Manager (Mr M Coysh)	

In Attendance: Karen Murray of Grant Thornton (External Auditors)

#### 1 APOLOGIES

There were no apologies for absence.

#### 2 MEMBERSHIP OF THE COMMITTEE

In accordance with Council Procedure Rule 4, the Committee noted the termination of membership of Councillors Cooper, Cotterill, Pryce-Roberts and Bailey and the appointment of Councillors Pritchard, Delaney, Mills and Gordon respectively for this meeting only, giving effect to the wishes of the Political Groups.

Principal Member Services Officer (Mrs S Griffiths)

#### 3 DECLARATIONS OF INTEREST

There were no declarations of interest.

#### 4 PUBLIC SPEAKING

There were no items under this heading.

#### 5 MINUTES

RESOLVED That the minutes of the last meeting of the Committee held on 22 March 2016 be approved as a correct record and signed by the Chairman.

#### AUDIT & GOVERNANCE COMMITTEE

### 6 **GRANT THORNTON REPORTS**

Consideration was given to the report of the Borough Treasurer as circulated and contained on pages 11 – 30 of the Book of Reports the purpose of which was to receive a Progress and Update report and the Planned Audit Fee letter from Grant Thornton (External Auditors).

The Chairman invited Karen Murray from Grant Thornton to present the Progress and Update report and Planned Audit Fee letter.

Comments and questions were raised in respect of the following issues:-

- Value For Money financial pressures identified within the key risk register
- Policy Options
- Potential future borrowing
- Highways network Asset (Audit Fee letter)

The Borough Treasurer reported that the Policy Options report would be considered at the Council meeting on 20 July 2016.

RESOLVED That the Progress and Update report and the Planned Audit Fee letter be noted.

### 7 **GRANT THORNTON ASSURANCE LETTER**

Consideration was given to the report of the Borough Treasurer as contained on pages 59 – 64 of the Book of Reports which provided a proposed response to a letter from the External Auditors requesting information on how the Committee gains assurance over management processes and arrangements.

The Chairman raised questions regarding assurances in relation to cash handling and staff undertaking journal transactions. The Borough Treasurer provided a response to the Committee to these items.

RESOLVED That the proposed response to the letter as set out in Appendix 2 to the report be approved.

### 8 INTERNAL AUDIT ACTIVITY - QUARTERLY UPDATE

Consideration was given to the report of the Borough Treasurer as circulated and contained on pages 31 – 38 of the Book of Reports which advised of progress against the 2016/17 Internal Audit Plan.

The Internal Audit Manager informed Members that the shortfall in resources arising from the vacancy referred to in the report had been addressed through an agency placement to secure progress against the current plan.

#### AUDIT & GOVERNANCE COMMITTEE

Comments and questions were raised in respect of the following issue:-

• Universal Credit – Council tax/housing benefit suspension and effect of associated arrears on Council revenue/alternative payment arrangements.

RESOLVED That progress in the year to date be noted.

### 9 INTERNAL AUDIT ACTIVITY - ANNUAL REPORT 2015-16

The Borough Treasurer presented the 2015-16 Internal Audit Annual Report as circulated and contained on pages 39 – 44 of the Book of Reports.

Questions and comments were raised in relation to the following issues:-

- Future external assessments of the Quality Assurance and Improvement Programme (QAIP)
- Work streams within the current Internal Audit Plan to be completed

The Internal Audit Manager indicated that the 2015/16 work streams contained in the table in the report would be completed in due course.

RESOLVED That the Internal Audit Annual Report for 2015-16 be noted.

### 10 ANNUAL GOVERNANCE STATEMENT

Consideration was given to the Council's Annual Governance Statement for 2015/16 as circulated and contained on pages 45 – 54 of the Book of Reports.

RESOLVED That the Annual Governance Statement 2015/2016 as set out in Appendix 1 to the report, be approved and commended to the Leader and Chief Executive for signature.

### 11 STATEMENT OF ACCOUNTS

The Borough Treasurer provided details on the preparation of the Statement of Accounts for the year ended 31 March 2016 as circulated and contained on pages 55 & 56 of the Book of Reports.

- RESOLVED A. That the report be noted.
  - B. That a further report to approve the audited statement of accounts be submitted to the next meeting of the Committee.

#### 12 REGULATION OF INVESTIGATORY POWERS ACT QUARTERLY MONITORING OF USE OF POWERS

In relation to the quarterly monitoring of activity under the Regulation of Investigatory Powers Act 2000 (RIPA) the Borough Solicitor reported that there was no relevant activity to bring to the attention of the Committee.

RESOLVED That the update be noted.

#### 13 WORK PROGRAMME

Consideration was given to the Committee's Work Programme as set out at page 57 of the Book of Reports.

RESOLVED A. That the Work Programme be noted.

B. That Members consider items for future training sessions for consideration at the next meeting of the Committee.

Chairman

AUDIT AND GOVERNANCE COMMITTEE:

27 September 2016

### Report of: Borough Treasurer

### Contact for further information: Marc Taylor (Extn. 5092) (E-mail: marc.taylor@westlancs.gov.uk)

### SUBJECT: GRANT THORNTON - AUDIT PLAN FINDINGS REPORT

Wards affected: Borough wide

### 1.0 PURPOSE OF THE REPORT

1.1 To receive a report from our External Auditors setting out their findings on the audit of the accounts and value for money.

#### 2.0 **RECOMMENDATION**

2.1 That the report be noted.

### 3.0 BACKGROUND

- 3.1 A report on the Statement of Accounts for 2015-16 was considered by this Committee at its meeting in June. The unaudited accounts were published on the Council's website at this time and an advert issued making Members of the Public aware of their rights to inspect the accounts.
- 3.2 During the Summer months a team of auditors from Grant Thornton has spent several weeks auditing the accounts and reviewing the Statement. The External Auditors are now required to present their findings from this audit in a report to Members.

### 4.0 AUDIT FINDINGS

4.1 At the time of writing this report the external auditors had almost completed their audit on the accounts, and the results of this work are set out in the Appendix. This shows that it is expected that the Council will receive an unqualified opinion on its accounts and provides a positive conclusion on value for money.

4.2 Representatives of Grant Thornton will attend the Committee meeting to present their findings and answer any questions that Members may have on the audit of the accounts.

### 5.0 SUSTAINABILITY IMPLICATIONS/COMMUNITY STRATEGY

5.1 There are no significant sustainability impacts associated with this report and, in particular, no significant impact on crime and disorder. The report has no significant links with the Sustainable Community Strategy.

### 6.0 RISK ASSESSMENT

6.1 The audit of the Statement of Accounts is part of the overall control framework that is designed to ensure that the Council properly accounts for the use of its assets and resources.

### Background Documents

There are no background documents (as defined in Section 100D(5) of the Local Government Act 1972) to this Report.

#### Equality Impact Assessment

The decision does not have any direct impact on members of the public, employees, elected members and / or stakeholders. Therefore no Equality Impact Assessment is required.

19 September 2016

Dear Members of the Audit and Governance Committee

#### Audit Findings for West Lancashire Borough Council for the year ending 31 March 2016

This Audit Findings report highlights the key findings arising from the audit for the benefit of those charged with governance (in the case of West Lancashire Borough Covering), as required by International Standard on Auditing (UK & Ireland) 260, the Local Audit and Accountability Act 2014 and the National Audit Office Code of Audit Practice. Its contents have been discussed with officers.

As auditors we are responsible for performing the audit, in accordance with International Standards on Auditing (UK & Ireland), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements.

The contents of this report relate only to those matters which came to our attention during the conduct of our normal audit procedures which are designed primarily for the purpose of expressing our opinion on the financial statements and giving a value for money conclusion. Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we will report these to you. In consequence, our work cannot be relied upon to disclose defalcations or other irregularities, or to include all possible improvements in internal control that a more extensive special examination might identify. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

We would like to take this opportunity to record our appreciation for the kind assistance provided by the finance team and other staff during our audit.

Yours sincerely

Karen Murray Engagement Lead

05. Communication of audit matters

#### **Purpose of this report**

This report highlights the key issues affecting the results of West Lancashire Borough Council ('the Council') and the preparation of the Council's financial statements for the year ended 31 March 2016. It is also used to report our audit findings to management and those charged with governance in accordance with the requirements of International Standard on Auditing (UK & Ireland) 260, and the Local Audit and Accountability Act 2014 ('the Act').

Under the National Audit Office (NAO) Code of Audit Practice ('the Code'), we are required to report whether, in our opinion, the Council's financial statements give a true and fair view of the financial position of the Council and its income and expenditure for the year and whether they have been properly prepared in accordance with the CIPFA Code of Practice on Local Authority Accounting.

What are also required consider other information published together with the author ted financial statements, whether it is consistent with the financial statements and in line with required guidance.

We are required to carry out sufficient work to satisfy ourselves on whether the Council has made proper arrangements to secure economy, efficiency and effectiveness in its use of resources ('the value for money (VFM) conclusion').

Auditor Guidance Note 7 (AGN07) clarifies our reporting requirements in the Code and the Act. We are required to provide a conclusion whether in all significant respects, the Council has put in place proper arrangements to secure value for money through economic, efficient and effective use of its resources for the relevant period.

The Act also details the following additional powers and duties for local government auditors, which we are required to report to you if applied:

• a public interest report if we identify any matter that comes to our attention in the course of the audit that in our opinion should be considered by the Council or brought to the public's attention (section 24 of the Act);

- written recommendations which should be considered by the Council and responded to publicly (section 24 of the Act);
- application to the court for a declaration that an item of account is contrary to law (section 28 of the Act);
- issue of an advisory notice (section 29 of the Act); and
- application for judicial review (section 31 of the Act)

We are also required to give electors the opportunity to raise questions about the accounts and consider and decide upon objections received in relation to the accounts under sections 26 and 27 of the Act.

#### Introduction

In the conduct of our audit we have not had to alter or change our audit approach, which we communicated to you in our Audit Plan dated 22 March 2016.

Our audit is substantially complete although we are finalising our procedures in the following areas:

- review of the final version of the financial statements
- obtaining and reviewing the management letter of representation
- updating our post balance sheet events review, to the date of signing the opinion

We received draft financial statements and accompanying working papers at the commencement of our work, in accordance with the agreed timetable.

#### Key audit and financial reporting issues

#### Financial statements opinion

We did not identify any adjustments affecting the Council's reported financial position (details of our findings are recorded in section two of this report). The draft financial statements for the year ended 31 March 2016 recorded Cost of Services net expenditure of  $\pounds$ 13,002k; there has been no change to this and the audited financial statements show Cost of Services net expenditure of  $\pounds$ 13,002k.

We recommended a number of adjustments to improve the presentation of the financial statements.

The second presented for audit were of good quality and were supported by det det det working papers in line with our agreed requirements.

Further details are set out in section two of this report.

We anticipate providing a unqualified audit opinion in respect of the financial statements (see Appendix B).

#### Other financial statement responsibilities

As well as an opinion on the financial statements, we are required to give an opinion on whether other information published together with the audited financial statements is consistent with the financial statements. This includes:

• if the Annual Governance Statement does not meet the disclosure requirements set out in the CIPFA/SOLACE guidance or is misleading or inconsistent with the information of which we are aware from our audit.

#### Controls

#### Roles and responsibilities

The Council's management is responsible for the identification, assessment, management and monitoring of risk, and for developing, operating and monitoring the system of internal control.

Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we report these to the Council.

#### Findings

Our work has not identified any control weaknesses which we wish to highlight for your attention.

Further details are provided within section two of this report.

#### **Value for Money**

Based on our review, we are satisfied that, in all significant respects, the Council had proper arrangements in place to secure economy, efficiency and effectiveness in its use of resources.

Further detail of our work on Value for Money are set out in section three of this report.

#### **Other statutory powers and duties**

We have not identified any issues that have required us to apply our statutory powers and duties under the Act

#### **Grant certification**

In solution to our responsibilities under the Code, we are required to certify the Council's Housing Benefit subsidy claim on behalf of the Department for Work and Pensions. At present our work on this claim is in progress and is not due to be finalised until 30 November 2016. We will report the outcome of this certification work through a separate report to the Audit and Governance Committee.

#### The way forward

Matters arising from the financial statements audit and our review of the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources have been discussed with the Borough Treasurer.

We have made a number of recommendations, which are set out in the action plan at Appendix A. Recommendations have been discussed and agreed with the Borough Treasurer and the finance team.

#### Acknowledgement

We would like to take this opportunity to record our appreciation for the assistance provided by the finance team and other staff during our audit.

Grant Thornton UK LLP September 2016

# Materiality

In performing our audit, we apply the concept of materiality, following the requirements of International Standard on Auditing (UK & Ireland) (ISA) 320: Materiality in planning and performing an audit. The standard states that 'misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements'.

As we reported in our audit plan, we determined overall materiality to be  $\pounds$ 1,726k (being 2% of the gross expenditure budget). This figure was determined at the planning stage using budget figures for 2015/16. We have considered whether this level remained appropriate during the course of the audit and revised our materiality to  $\pounds$ 1,579k on receipt of the draft accounts (this being 2% of actual gross revenue expenditure in the Comprehensive Income and Expenditure Statement).

We also set an amount below which misstatements would be clearly trivial and would not need to be accumulated or reported to those charged with governance because we would not expect that the accumulated effect of such amounts would have a material impact on the financial statements. We have defined the amount below which misstatements would be clearly trivial to be  $\pounds$ 79k.

As we reported in our audit plan, we identified the following items where we decided that separate materiality levels were appropriate. These remain the same as reported in our audit plan.

# Page

Φ Balance/transaction/disclosure	Explanation	Materiality level
Disclosures of officers' remuneration, salary bandings and exit packages in notes to the statements	Due to public interest in these disclosures and the statutory requirement for them to be made.	We will ensure these disclosures are correctly disclosed subject to rounding and banding classification
Disclosure of auditors' remuneration in notes to the statements	Due to public interest in these disclosures and the statutory requirement for them to be disclosed	We will ensure this is correctly stated, subject to rounding.
Related Party Transactions	Due to public interest in these disclosures.	We will determine materiality taking account of the size of the third party.

# Audit findings against significant risks

"Significant risks often relate to significant non-routine transactions and judgmental matters. Non-routine transactions are transactions that are unusual, either due to size or nature, and that therefore occur infrequently. Judgmental matters may include the development of accounting estimates for which there is significant measurement uncertainty" (ISA (UK&I) 315).

In this section we detail our response to the significant risks of material misstatement which we identified in the Audit Plan. As we noted in our plan, there are two presumed significant risks which are applicable to all audits under auditing standards.

	Risks identified in our audit plan	Work completed	Assurance gained and issues arising
1. Page 80	<ul> <li>The revenue cycle includes fraudulent transactions</li> <li>Under ISA (UK&amp;I) 240 there is a presumed risk that revenue may be misstated due to the improper recognition of revenue.</li> <li>This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.</li> <li>For this Council, we have concluded that the greatest risk of material misstatement relates to the occurrence/ existence of expenditure and payables.</li> </ul>	<ul> <li>Having considered the risk factors set out in ISA240 and the nature of the revenue streams at West Lancashire Borough Council, we have determined that the risk of fraud arising from revenue recognition for income and receivables can be rebutted, because:</li> <li>there is little incentive to manipulate revenue recognition are very limited</li> <li>the culture and ethical frameworks of local authorities, including West Lancashire Borough Council, mean that all forms of fraud are seen as unacceptable.</li> <li>We consider the risk for revenue recognition relates to occurrence/existence of expenditure and payables.</li> <li>Work completed:</li> <li>Identification and documentation of the processes and controls in place around expenditure at the Council</li> <li>Testing of non pay expenditure within 'Operating Expenses'</li> <li>Review of unusual significant transactions</li> </ul>	Our audit work has not identified any issues in respect of revenue recognition.

# Audit findings against significant risks

"Significant risks often relate to significant non-routine transactions and judgmental matters. Non-routine transactions are transactions that are unusual, either due to size or nature, and that therefore occur infrequently. Judgmental matters may include the development of accounting estimates for which there is significant measurement uncertainty" (ISA (UK&I) 315).

In this section we detail our response to the significant risks of material misstatement which we identified in the Audit Plan. As we noted in our plan, there are two presumed significant risks which are applicable to all audits under auditing standards.

	Risks identified in our audit plan	Work completed	Assurance gained and issues arising
2. Page	Management over-ride of controls Under ISA (UK&I) 240 it is presumed that the risk of management over-ride of controls is present in all entities.	<ul> <li>Review of accounting estimates, judgments and decisions made by management</li> <li>Testing of journal entries</li> <li>Review of unusual significant transactions</li> </ul>	Our audit work has not identified any evidence of management over-ride of controls. In particular the findings of our review of journal controls and testing of journal entries has not identified any significant issues. We set out later in this section of the report our work and findings on key accounting estimates and judgements.
3	Valuation of property, plant and equipment The Council revalues its assets on a rolling basis over a five year period. The Code requires that the Council ensures that the carrying value at the balance sheet date is not materially different from current value. This represents a significant estimate by management in the financial statements. The Council is carrying out a valuation of its housing stock during 2015/16. This represents a significant estimate by management in the financial statements.	<ul> <li>Review of management's processes and assumptions for the calculation of the estimate.</li> <li>Review of the competence, expertise and objectivity of any management experts used.</li> <li>Review of the instructions issued to valuation experts and the scope of their work</li> <li>Discussions with the valuer about the basis on which the valuation is carried out and challenge of the key assumptions.</li> <li>Review and challenge of the information used by the valuer to ensure it is robust and consistent with our understanding.</li> <li>Testing of revaluations made during the year to ensure they are input correctly into the Council's asset register.</li> <li>Evaluation of the assumptions made by management for those assets not revalued during the year and how management has satisfied themselves that these are not materially different to current value</li> </ul>	Our audit work did not identify any issue sin relation to the valuation of property, plant and equipment.

# Audit findings against significant risks continued

	Risks identified in our audit plan	Work completed	Assurance gained and issues arising
4.	Valuation of pension fund net liability The Council's pension fund asset and liability as reflected in its balance sheet represent significant estimates in the financial statements.	<ul> <li>Identification of the controls put in place by management to ensure the pension fund liability is not materially misstated.</li> <li>Assessed whether these controls were implemented as expected and whether they are sufficient to mitigate the risk of material misstatement.</li> </ul>	Our audit work did not identify any issue sin relation to the valuation of the pension fund net liability.
		<ul> <li>Reviewed the competence, expertise and objectivity of the actuary who carried out your pension fund valuation.</li> </ul>	
		<ul> <li>Gained an understanding of the basis on which the valuation is carried out.</li> </ul>	
		<ul> <li>Undertook procedures to confirm the reasonableness of the actuarial assumptions made.</li> </ul>	
Page		<ul> <li>reviewed the consistency of the pension fund asset and liability and disclosures in notes to the financial statements with the actuarial report from your actuary.</li> </ul>

# Audit findings against other risks

In this section we detail our response to the other risks of material misstatement which we identified in the Audit Plan.

Transaction cycle	Description of risk	Work completed	Assurance gained & issues arising
Operating expenses	Creditors understated or not recorded in the correct period (Operating expenses understated)	<ul> <li>Identification and documentation of the processes and controls in place around operating expenditure at the Council</li> <li>Walkthrough of a sample item to confirm our</li> </ul>	Our audit work has not identified any significant issues in relation to the risk identified.
		<ul><li>understanding</li><li>Substantive testing of a sample of non-pay expenditure</li></ul>	
Page		<ul> <li>Reconciliation of accounts payable systems to general ledger and financial statements</li> </ul>	
ge 83		<ul> <li>Review of accruals process and substantive testing of a sample of manual accruals and creditor balances</li> </ul>	
		Sample testing of payments around the year-end	
		<ul> <li>Review and testing of other items of expenditure and disclosures including MRP and members' allowances</li> </ul>	

# Audit findings against other risks

In this section we detail our response to the other risks of material misstatement which we identified in the Audit Plan.

Transaction cycle	Description of risk	Work completed	Assurance gained & issues arising
Employee remuneration Page 84	Employee remuneration accruals understated (Remuneration expenses not correct)	<ul> <li>Identification and documentation of the processes and controls in place around employee remuneration at the Council</li> <li>Walkthrough of a sample item to confirm our understanding</li> <li>Substantive testing of a sample of payroll transactions</li> <li>Reconciliation of payroll data to general ledger and financial statements</li> <li>Substantive analytical review of payroll costs for the year</li> <li>Substantive testing of senior officer remuneration disclosures</li> <li>Review and testing of other pay disclosures including exit packages notes.</li> </ul>	Our audit work has not identified any significant issues in relation to the risk identified.
Welfare expenditure	Welfare benefit expenditure improperly computed	<ul> <li>Identification and documentation of the processes and controls in place around welfare benefit payments at the Council</li> <li>Walkthrough of a sample item to confirm our understanding</li> <li>Substantive testing of claimant eligibility for a sample of welfare benefit payments</li> <li>Reconciliation between Northgate welfare benefits system, the general ledger and the financial statements and supporting notes</li> <li>Additional substantive testing on selected welfare benefit sample</li> <li>Testing of Housing Benefit Subsidy Claim using the Audit Commission HB COUNT approach.</li> </ul>	Our identification and documentation of the processes and controls and our walkthrough of the system confirmed that controls were operating as expected. At this point we downgraded our risk assessment of the system and carried out the substantive testing set out aside. Our audit work has not identified any significant issues in relation to the risk identified.

# Accounting policies, estimates and judgements

In this section we report on our consideration of accounting policies, in particular revenue recognition policies, and key estimates and judgements made and included with the Council's financial statements.

Accounting area	Summary of policy	Comments	Assessment
Revenue recognition Page 85	The Council's accounting policy for income is as follows: Revenue due from customers is recognised as income at the date the goods or services are provided and where it is probable that the income will be received. Where income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the balance sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.	The Council's accounting policy is in line with the requirements of the CIPFA code and is adequately disclosed in the accounts. Our testing of income, grants income and debtors confirmed that the Council is recognising income in line with its accounting policy.	Green
Judgements and estimates	<ul> <li>Key estimates and judgements include:</li> <li>Useful life of PPE</li> <li>Revaluations</li> <li>Valuation of pension fund net liability</li> <li>Impairments</li> <li>Accruals</li> <li>Provision for NDR appeals</li> </ul>	<ul> <li>We have:</li> <li>reviewed the estimates and judgements made in the accounts as part of our work with no matters arising.</li> <li>sample tested valuations undertaken in the year to confirm they are appropriately included in the statement of accounts.</li> <li>reviewed the calculation of your provision for business rate appeals. We identified there was no amount included for unlodged appeals. This together with confirmation from the Valuation Office Agency of the settlement of one case means that overall the provision is overstated by £184k. Further detail is given about this issue on page 20.</li> <li>reviewed assumptions and information in relation to the pension fund liability to assess reasonableness and check the liability figures are accurately reflected in the accounts.</li> </ul>	Amber

# Accounting policies, estimates and judgements continued

Accounting area	Summary of policy	Comments	Assessment
Going concern	The Borough Treasurer s151 officer has a reasonable expectation that the services provided by the Council will continue for the foreseeable future. Members concur with this view. For this reason, the Council continue to adopt the going concern basis in preparing the financial statements.	We have reviewed the Council's assessment and are satisfied with management's assessment that the going concern basis is appropriate for the 2015/16 financial statements.	Green
Other accounting policies Page 86		We have reviewed the Council's policies against the requirements of the CIPFA Code of Practice. We identified that there was no accounting policy in relation to fair value. This is a new requirement for 2015/16 and the accounts have now been amended to include this. The Council's remaining accounting policies are appropriate and consistent with previous years.	Amber

#### Assessment

 $\label{eq:rescaled} \textbf{Red} \ \ \textbf{Marginal accounting policy which could potentially attract attention from regulators}$ 

Amber Accounting policy appropriate but scope for improved disclosure

Green Accounting policy appropriate and disclosures sufficient

# Other communication requirements

We set out below details of other matters which we, as auditors, are required by auditing standards and the Code to communicate to those charged with governance.

	Issue	Commentary
1.	Matters in relation to fraud	<ul> <li>We have previously discussed the risk of fraud with the Audit and Governance Committee.</li> <li>We have not been made aware of any incidents in the period.</li> <li>No other issues have been identified during the course of our audit procedures.</li> </ul>
2.	Matters in relation to related parties	• From the work we carried out, we have not identified any related party transactions which have not been disclosed.
3.	Matters in relation to laws and regulations	<ul> <li>You have not made us aware of any significant incidences of non-compliance with relevant laws and regulations.</li> <li>We have not identified any incidences from our audit work.</li> </ul>
4. Pa	Written representations	A standard letter of representation has been requested from the Council.
4. 5.	Confirmation requests from third parties	<ul> <li>We have previously requested from management permission to send confirmation requests to your bank and those bodies with which you hold investments.</li> <li>We received your bank letter and external confirmation for all but one of your investments.</li> </ul>
		<ul> <li>We received your bank letter and external confirmation for all but one of your investments.</li> <li>For the one investment where requests were not received we undertook alternative procedures, including agreeing the amounts to records held by the Council.</li> </ul>
6.	Disclosures	Page 24 sets out the disclosure issues we have identified.

# Other communication requirements continued

	Issue	Commentary
7.	Matters on which we report by exception	<ul> <li>We have not identified any issues where we would be required to report by exception in the following areas:</li> <li>If the Annual Governance Statement does not meet the disclosure requirements set out in the CIPFA/SOLACE guidance or is misleading or inconsistent with the information of which we are aware from our audit.</li> <li>The information in the Narrative Report is materially inconsistent with the information in the audited financial statements or our knowledge of the Council acquired in the course of performing our audit, or otherwise misleading.</li> </ul>
8. Page 88	Specified procedures for Whole of Government Accounts	We are required to carry out specified procedures (on behalf of the NAO) on the Whole of Government Accounts (WGA) consolidation pack under WGA group audit instructions. The NAO sets a threshold above which detailed procedures are required. We are not required to undertake any work as the Council does not exceed the threshold.

# Internal controls

The purpose of an audit is to express an opinion on the financial statements.

Our audit included consideration of internal controls relevant to the preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control. We considered and walked through the internal controls for Employee Remuneration, Operating Expenses, Property Plant and Equipment and Welfare Benefits as set out above.

The matters that we identified during the course of our audit are set out in the table below. These and other recommendations, together with management responses, are included in the action plan attached at Appendix A.

	Assessment	Issue and risk	Recommendations
2. Page 89	Amber	<ul> <li>The Borough Treasurer has access rights to raise journals. We have tested a sample of these journals raised by the Borough Treasurer and have not identified any issues. However, allowing senior management to raise journals means there is a possible risk of manipulation of the Council's financial position. We understand the Borough Treasurer will review his access rights.</li> </ul>	<ul> <li>Consider the risks presented by allowing the Borough Treasurer to have access right to post journals.</li> </ul>

#### Assessment

**Red** Significant deficiency – risk of significant misstatement **Amber** Deficiency – risk of inconsequential misstatement

The matters reported here are limited to those deficiencies that we have identified during the course of our audit and that we have concluded are of sufficient importance to merit being reported to you in accordance with auditing standards.

# Adjusted misstatements

A number of adjustments to the draft accounts have been identified during the audit process. We are required to report all non trivial misstatements to those charged with governance, whether or not the accounts have been adjusted by management. The table below summarises the adjustments arising from the audit which have been processed by management.

#### Impact of adjusted misstatements

All adjusted misstatements are set out in detail below along with the impact on the key statements and the reported net expenditure for the year.

				Impact on total net expenditure £000
1 Page 90	We identified that the report used to calculate Housing Benefit overpayments had used incorrect parameters and the figure for overpayments and the bad debt provision for these overpayments were overstated by £119k. Therefore, the debtors figure within Note 18 incorrect. Note 18 has been adjusted to correct this. This has no overall effect on the primary financial statements.	Nil	Nil	Nil
	Overall impact	Nil	Nil	Nil

# Unadjusted misstatements

The table below provides details of adjustments identified during the audit which have not been made within the final set of financial statements. The Audit and Governance Committee is required to approve management's proposed treatment of all items recorded within the table below:

				Reason for not adjusting
1 Page 91	The accounts include a provision for the potential cost of NNDR appeals. Our review of the provision identified that it did not include an amount for unlodged appeals - that is an estimate of the potential cost of any appeals not yet received. Officers have now calculated this as $\pounds$ 229k and the provision is understated by this amount. Since the drafting of the accounts, officers have received confirmation from the Valuation Office Agency (VOA) of the outcome of one of the significant appeals. Officers have applied this result to the current estimated provision and as a result the provision is overstated by $\pounds$ 413k. Taking these two items together, the total provision is overstated by $\pounds$ 184k. (The Council's share of this in terms of it impacting on the CIES would be 40% i.e. $\pounds$ 73.6k).	74	(74)	This items has not been adjusted in the accounts because the provision is overstated rather than understated so results in a more prudent position for the council.

# Unadjusted misstatements

The table below provides details of adjustments identified during the audit which have not been made within the final set of financial statements. The Audit and Governance Committee is required to approve management's proposed treatment of all items recorded within the table below:

				Reason for not adjusting
2 Page 92	Accounting issue carried forward from 14-15 The Council has not charged depreciation on its Infrastructure Assets. We estimate the omitted charge to be understated by approximately $£30,475$ (if for example Infrastructure assets had a Useful Estimated Life (UEL) of 40 years). This is a trivial amount. If we apply a sensitivity analysis of the UEL being different for individual assets and the average UEL being 10 years this gives depreciation understatement of £40,633, and a UEL of 50 years of £24,380. Both amounts are also trivial.	30	(30)	The Council's policy is not to depreciate infrastructure assets as the amounts involved would be classified as trivial. However we would recommend the policy be reviewed.

# Impact of uncorrected items in the prior year

1 Page	Disclosure of Depreciation in PPE Note 11a is inconsistent with Codes model financial statements and disclosures as no separate annual depreciation charge is stated. The lines 'Depreciation written out to surplus/deficit on provision of services' and 'Depreciation written out to the revaluation reserve' have been used to document the depreciation charge. Our audit testing in the year confirmed that underlying accounting entries are correct.	Nil	Nil	A detailed examination of this position will take place as part of the process for producing the current year's accounts
2 <b>93</b>	Note 16 Financial Instruments. Although the note references to various items and other notes in the accounts. Better clarity of presentation for the reader could be achieved if figures were collated within the note as per the model financial statements set out in the Code.	Nil	Nil	The Council has a relatively straightforward set of financial instruments and consequently believe that the disclosures included in the statement enable the reader to obtain a clear understanding of this position while avoiding unnecessary complexity.
3	The Council has not charged depreciation on its Infrastructure Assets. Based on discussions with officers we estimate the omitted charge to approximately $\pounds 30k$ .	30	(30)	The Council's policy is not to depreciate infrastructure assets as the amounts involved would be classified as trivial

# Misclassifications and disclosure changes

The table below provides details of misclassification and disclosure changes identified during the audit which have been made in the final set of financial statements.

1 Pa	Disclosure		New requirements around fair value disclosures are required this year with the implementation of IFRS 13 Fair Value Measurement. We identified there was scope to improve the disclosures in relation to fair value within the financial statements to ensure the accounts are fully compliant with requirements. The accounts have been amended to incorporate key disclosures and further review will be undertaken for the 2016/17 accounts.
Page <sub>1</sub> 94	Disclosure		Accounting issue carried forward from 14-15 The disclosure of Depreciation in PPE Note 11a is inconsistent with the model financial statements and disclosures as set out in the Code because no separate annual depreciation charge is stated. The lines 'Depreciation written out to surplus/deficit on provision of services' and 'Depreciation written out to the revaluation reserve' have been used to document the depreciation charge. Our audit testing in the year confirmed that underlying accounting entries are correct.
3	Disclosure		A small number of other disclosure amendments have been identified and made to the accounts to ensure they fully comply with the requirements of the CIPFA Code of Practice on Local Authority Accounting.
4	Other		We identified a small number of trivial errors which we have discussed with management to ensure they are aware of these and can address them going forward.

# Section 3: Value for Money

#### Background

We are required by section 21 of the Local Audit and Accountability Act 2014 ('the Act') and the NAO Code of Audit Practice ('the Code') to satisfy ourselves that the Council has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. This is known as the Value for Money (VFM) conclusion.

We are required to carry out sufficient work to satisfy ourselves that proper arrangements are in place at the Council. The Act and NAO guidance state that for local government bodies, auditors are required to give a conclusion on the the council has put proper arrangements in place.

Carrying out this work, we are required to follow the NAO's Auditor Ouidance Note 3 (AGN 03) issued in November 2015. AGN 03 identifies one single criterion for auditors to evaluate:

In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people.

AGN03 provides examples of proper arrangements against three sub-criteria but specifically states that these are not separate criteria for assessment purposes and that auditors are not required to reach a distinct judgement against each of these.

#### **Risk assessment**

We carried out an initial risk assessment in April 2016 and identified the following significant risks, which we communicated to you in our Audit and Governance Committee Progress and Update Report at the June committee:

The Council has historically managed its finances well and has consistently achieved savings targets. The Council achieved a balanced budget for 2015/16.

The Council did initially have budget gaps in the 2016/17 GRA of  $\pounds$  1.571m and the 2016/17 HRA of around  $\pounds$  1.4m to fund. Savings have been identified to address these gaps, however, the Council has identified budget gaps in the later years of the Medium Term Financial Strategy of  $\pounds$  1.437m in 2017/18,  $\pounds$  1.562m in 2018/19,  $\pounds$  0.473m in 2019/20.

Addressing this shortfall is dependent on a number of factors and there are still significant savings to be identified in order to be able to meet forecast expenditure levels.

We identified risks in respect of specific areas of proper arrangements using the guidance contained in AGN03.

We have continued our review of relevant documents up to the date of giving our report, and have not identified any further significant risks where we need to perform further work.

We carried out further work only in respect of the significant risks we identified from our initial and ongoing risk assessment. Where our consideration of the significant risks determined that arrangements were not operating effectively, we have used the examples of proper arrangements from AGN 03 to explain the gaps in proper arrangements that we have reported in our VFM conclusion.

#### Significant qualitative aspects

AGN 03 requires us to disclose our views on significant qualitative aspects of the Council's arrangements for delivering economy, efficiency and effectiveness.

We have focused our work on the significant risks that we identified in the Council's arrangements. Our main considerations were:

- a review of the budget outturn for 2015-16 and the consideration of any issue which may impact on council finances in the near future
- a review of the partnerships the council has and is developing in order to continue to deliver services in a tightening financial position
- <u>a review of key documents and discussion of issues with key officers.</u>

We ave set out more detail on the risks we identified, the results of the work we performed and the conclusions we drew from this work later in this section.

#### **Overall conclusion**

Based on the work we performed to address the significant risks, we concluded that:

• the Council had proper arrangements in all significant respects to ensure it delivered value for money in its use of resources. The text of our report, which confirms this can be found at Appendix B.

#### Key findings

We set out below our key findings against the significant risks we identified through our initial risk assessment and further risks identified through our ongoing review of documents.

Significant risk	Work to address	Findings and conclusions
Financial Resilience The Council has historically managed its finances well and has consistently achieved savings targets. The Council achieved a balanced budget for 2015/16. The Council did initially have budget gaps in the 2016/17 GRA of £1.571m and the 2016/17 HRA of around £1.4m to fund. Savings have been identified to address these gaps, however, the Council has infified budget gaps in the later years of the Medium Term Financial Strategy of £9.437m in 2017/18, £1.562m in 2018/19, £0.473m in 2019/20. Addressing this shortfall is dependent on a number of factors and there are still significant savings to be identified in order to be able to meet forecast expenditure levels.	Review of the budget setting process for 2015- 16 and how the outturn was monitored through the year. Review of the medium term financial plan through discussion with key officers. Review of the council's partnerships through discussion with key officers.	The Council has managed its finances carefully through 2015-16 in order to produce a positive year end outturn. it has continued this approach into 2016-17 so that the savings required to deliver a balanced budget are being monitored as the year progresses. This will need to continue through the remainder of he year in order to ensure that planned savings are being delivered or that appropriate action is taken to address any slippage, in order to achieve the budgeted outturn in 2016-17. The Council continues to forecast that it will face significant financial challenges in the period to 2019/20. The latest update to the Medium Term Financial Strategy continues to predicts a gap of £3472m in total over the next three years. The Council is now working to identify further savings gap are identified for review and approval by the Council. Where policy option do not impact on front line services these have been considered and approved by the Council. Where proposed options may impact on services the Council consults with the local community. As part of it's financial planning, the Council has looked to find innovative solutions to the financial issues faced. An example of this is the project to fit solar panels to council houses. The Council Liverpool City Region and community partnerships for example Active West Lancashire set up to improve healthy lifestyles and Ageing Well Partnership set up to try and provide greater coordination of services for older people. The Council is demonstrating a willingness to explore new and creative ways of working in partnership in order to deliver services in times of increasing financial pressure.

#### Significant difficulties in undertaking our work

We did not identify any significant difficulties in undertaking our work on your arrangements which we wish to draw to your attention.

#### Significant matters discussed with management

There were no matters where no other evidence was available or matters of such significance to our conclusion or that we required written representation from management or those charged with governance.

# Any other matters

The were no other matters from our work which were significant to our confideration of your arrangements to secure value for money in your use of resources.

# Section 4: Fees, non-audit services and independence

05. Communication of audit matters

We confirm below our final fees charged for the audit.

#### Fees

	Proposed fee £	Final fee £
Council audit	43,746	43,746
Grant certification	11,195	TBC
Total audit fees (excluding VAT)	54,941	твс

# Page

The proposed fees for the year were in line with the scale fee set by Public Sector Audit Appointments Ltd (PSAA)

#### **Grant certification**

Our fees for grant certification cover only housing benefit subsidy certification, which falls under the remit of Public Sector Audit Appointments Limited. Fees in respect of other grant work, such as reasonable assurance reports, are shown under 'Fees for other services'.

#### **Fees for other services**

Service	Fees £
Audit related services:	
Pooling of Housing Capital Receipts	ТВС

#### **Independence and ethics**

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Auditing Practices Board's Ethical Standards and therefore we confirm that we are independent and are able to express an objective opinion on the financial statements.

We confirm that we have implemented policies and procedures to meet the requirements of the Auditing Practices Board's Ethical Standards.

# Section 5: Communication of audit matters

05. Communication of audit matters

# Communication to those charged with governance

International Standards on Auditing ISA (UK&I) 260, as well as other ISAs, prescribe matters which we are required to communicate with those charged with governance, and which we set out in the table opposite.

The Audit Plan outlined our audit strategy and plan to deliver the audit, while this Audit Findings report presents the key issues and other matters arising from the audit, together with an explanation as to how these have been resolved.

#### **Respective responsibilities**

The Audit Findings Report has been prepared in the context of the Statement of Responsibilities of Auditors and Audited Bodies issued by Public Sector Audit Appointments Limited (http://www.psaa.co.uk/appointing-auditors/terms-of-

#### appointment/)

W ave been appointed as the Council's independent external auditors by the Audit Commission, the body responsible for appointing external auditors to local public body in England at the time of our appointment. As external auditors, we have a broad remit covering finance and governance matters.

Our annual work programme is set in accordance with the Code of Audit Practice ('the Code') issued by the NAO (<u>https://www.nao.org.uk/code-audit-practice/about-code/</u>). Our work considers the Council's key risks when reaching our conclusions under the Code.

It is the responsibility of the Council to ensure that proper arrangements are in place for the conduct of its business, and that public money is safeguarded and properly accounted for. We have considered how the Council is fulfilling these responsibilities.

# Appendix B: Audit opinion

#### We anticipate we will provide the Council with an unmodified audit report

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WEST LANCASHIRE BOROUGH COUNCIL

We have audited the financial statements of West Lancashire Borough Council (the "Authority") for the year ended 31 March 2016 under the Local Audit and Accountability Act 2014 (the "Act"). The financial statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Housing Revenue Account Income and Expenditure Statement, the Movement of the Housing Revenue Account Statement, the Collection Fund and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and the CEFFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 25/5/16.

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Act and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### Respective responsibilities of the Borough Treasurer and auditor

As explained more fully in the Statement of the Borough Treasurer Responsibilities, the Borough Treasurer is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2015/16, which give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors

#### Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Authority's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Borough Treasurer; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Narrative Report and the Annual Governance Statement to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

#### **Opinion on financial statements**

In our opinion the financial statements:

- present a true and fair view of the financial position of the Authority as at 31 March 2016 and of its expenditure and income for the year then ended; and
- have been prepared properly in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2015/16 and applicable law.

#### Opinion on other matters

In our opinion, the other information published together with the audited financial statements in the Narrative Report and the Annual Governance Statement is consistent with the audited financial statements.

υ

#### Matters on which we are required to report by exception

We are required to report to you if:

- in our opinion the Annual Governance Statement does not comply with the guidance included in 'Delivering Good Governance in Local Government: a Framework' published by CIPFA/SOLACE in June 2007; or
- we issue a report in the public interest under section 24 of the Act; or
- we make a written recommendation to the Authority under section 24 of the Act; or
- we exercise any other special powers of the auditor under the Act.

have nothing to report in these respects.

Conclusion on the Authority's arrangements to secure value for money through economic, efficient and effective use of its resources

#### Respective responsibilities of the Authority and auditor

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

We are required under Section 20(1)(c) of the Act to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

# Scope of the review of the Authority's arrangements to secure value for money through economic, efficient and effective use of its resources

We have undertaken our review in accordance with the Code of Audit Practice prepared by the Comptroller and Auditor General as required by the Act (the "Code"), having regard to the guidance on the specified criteria issued by the Comptroller and Auditor General in November

2015, as to whether the Authority had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people. The Comptroller and Auditor General determined these criteria as those necessary for us to consider under the Code in satisfying ourselves whether the Authority put in place proper arrangements to secure value for money through the economic, efficient and effective use of its resources for the year ended 31 March 2016.

We planned our work in accordance with the Code. Based on our risk assessment, we undertook such work as we considered necessary to form a view on whether in all significant respects the Authority has put in place proper arrangements to secure value for money through economic, efficient and effective use of its resources.

#### Conclusion

On the basis of our work, having regard to the guidance on the specified criteria issued by the Comptroller and Auditor General in November 2015, we are satisfied that in all significant respects *the Authority* has put in place proper arrangements to secure value for money through economic, efficient and effective use of its resources for the year ended 31 March 2016.

#### Certificate

We certify that we have completed the audit of the accounts of the Authority in accordance with the requirements of the Act and the Code.

AUDIT AND GOVERNANCE COMMITTEE:

27 September 2016

## Report of: Borough Treasurer

## Contact for further information: Marc Taylor (Extn. 5092) (E-mail: marc.taylor@westlancs.gov.uk)

## SUBJECT: APPROVAL OF STATEMENT OF ACCOUNTS

Wards affected: Borough wide

### 1.0 PURPOSE OF THE REPORT

1.1 To approve a Letter of Representation and the Council's annual Statement of Accounts.

#### 2.0 **RECOMMENDATIONS**

- 2.1 That the Letter of Representation set out in Appendix 1 be endorsed.
- 2.2 That the Statement of Accounts set out in Appendix 2 be approved.

### 3.0 BACKGROUND

- 3.1 A report on the Statement of Accounts for 2015-16 was considered by this Committee at its meeting in June. The unaudited accounts were published on the Council's website at this time and an advert issued making Members of the Public aware of their rights to inspect the accounts.
- 3.2 The external auditors have now largely completed their audit on these accounts, and details of their findings are contained in a separate report elsewhere on this agenda.
- 3.3 It is part of the terms of reference of this Committee that it will approve the Council's Statement of Accounts each year. The Accounts and Audit Regulations require that this approval has to take place by 30<sup>th</sup> September.

## 4.0 LETTER OF REPRESENTATION

- 4.1 It is standard practice that the Council should provide its External Auditors with a Letter of Representation to confirm a range of issues in relation to the accounts, including the fact that the accounts have been properly prepared and that all relevant information has been provided.
- 4.2 A copy of this letter is contained in Appendix 1 and Members are asked to consider and endorse this document for signature by the Borough Treasurer.

# 5.0 APPROVAL OF STATEMENT OF ACCOUNTS

5.1 The external auditors have presented their findings from their audit of these accounts in a separate report elsewhere on the agenda. Their report identifies a small number of changes to the accounts and that it is expected that an unqualified opinion will be provided on them. A full copy of the statement incorporating these amendments is contained in Appendix 2. Members are now asked to approve the Statement in accordance with the Accounts and Audit Regulations.

# 6.0 SUSTAINABILITY IMPLICATIONS/COMMUNITY STRATEGY

6.1 There are no significant sustainability impacts associated with this report and, in particular, no significant impact on crime and disorder. The report has no significant links with the Sustainable Community Strategy.

# 7.0 RISK ASSESSMENT

7.1 The audit of the Statement is part of the overall control framework that is designed to ensure that the Council properly accounts for the use of its assets and resources.

### Background Documents

There are no background documents (as defined in Section 100D(5) of the Local Government Act 1972) to this Report.

### Equality Impact Assessment

The decision does not have any direct impact on members of the public, employees, elected members and / or stakeholders. Therefore no Equality Impact Assessment is required.

Dear Karen,

#### West Lancashire Borough Council Financial Statements for the year ended 31 March 2016

This representation letter is provided in connection with the audit of the financial statements of West Lancashire Borough Council for the year ended 31 March 2016 for the purpose of expressing an opinion as to whether the financial statements give a true and fair view in accordance with International Financial Reporting Standards and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2015/16 and applicable law.

We confirm that to the best of our knowledge and belief having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves:

### **Financial Statements**

- i We have fulfilled our responsibilities for the preparation of the financial statements in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2015/16 ("the Code"); which give a true and fair view in accordance therewith.
- ii We have complied with the requirements of all statutory directions affecting the Council and these matters have been appropriately reflected and disclosed in the financial statements.
- iii The Council has complied with all aspects of contractual agreements that could have a material effect on the financial statements in the event of non-compliance. There has been no non-compliance with requirements of regulatory authorities that could have a material effect on the financial statements in the event of non-compliance.
- iv We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
- v Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

Kim Webber BSc (Hons) MSc Chief Executive Page 111

- vi We are satisfied that the material judgements used in the preparation of the financial statements are soundly based, in accordance with the Code and adequately disclosed in the financial statements. There are no other material judgements that need to be disclosed.
- vii Except as disclosed in the financial statements:
  - a there are no unrecorded liabilities, actual or contingent
  - b none of the assets of the Council has been assigned, pledged or mortgaged
  - c there are no material prior year charges or credits, nor exceptional or non-recurring items requiring separate disclosure.
- viii We confirm that we are satisfied that the actuarial assumptions underlying the valuation of pension scheme assets and liabilities for IAS19 Employee Benefits disclosures are consistent with our knowledge. We confirm that all settlements and curtailments have been identified and properly accounted for. We also confirm that all significant post-employment benefits have been identified and properly accounted for.
- ix Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of the Code.
- x All events subsequent to the date of the financial statements and for which the Code requires adjustment or disclosure have been adjusted or disclosed.
- xi Actual or possible litigation and claims have been accounted for and disclosed in accordance with the requirements of the Code.
- xii We have considered the adjusted misstatements, and misclassification and disclosures changes schedules included in your Audit Findings Report. The financial statements have been amended for these misstatements, misclassifications and disclosure changes and are free of material misstatements, including omissions.
- xiii We have considered the unadjusted misstatements schedule included in your Audit Findings Report. We have not adjusted the financial statements for these misstatements as they are immaterial to the results of the Council and its financial position at the year-end. The financial statements are free of material misstatements, including omissions.
- xiv We have no plans or intentions that may materially alter the carrying value or classification of assets and liabilities reflected in the financial statements.
- xv We believe that the Council's financial statements should be prepared on a going concern basis on the grounds that current and future sources of funding or support will be more than adequate for the Council's needs. We believe that no further disclosures relating to the Council's ability to continue as a going concern need to be made in the financial statements.

#### Information Provided

- xvi We have provided you with:
  - a access to all information of which we are aware that is relevant to the preparation of the financial statements such as records, documentation and other matters;
  - b additional information that you have requested from us for the purpose of your audit; and
  - c unrestricted access to persons within the Council from whom you determined it necessary to obtain audit evidence.
- xvii We have communicated to you all deficiencies in internal control of which management is aware.

- xviii All transactions have been recorded in the accounting records and are reflected in the financial statements.
- xix We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- xx We have disclosed to you all our knowledge of fraud or suspected fraud affecting the Council involving:
  - a management;
  - b employees who have significant roles in internal control; or
  - c others where the fraud could have a material effect on the financial statements.
- xxi We have disclosed to you all our knowledge of any allegations of fraud, or suspected fraud, affecting the Council's financial statements communicated by employees, former employees, regulators or others.
- xxii We have disclosed to you all known instances of non-compliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
- xxiii We have disclosed to you the identity of all the Council's related parties and all the related party relationships and transactions of which we are aware.
- xxiv We have disclosed to you all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements.

#### Annual Governance Statement

xxv We are satisfied that the Annual Governance Statement (AGS) fairly reflects the Council's risk assurance and governance framework and we confirm that we are not aware of any significant risks that are not disclosed within the AGS.

#### **Narrative Statement**

xxvi The disclosures within the Narrative Report fairly reflect our understanding of the Council's financial and operating performance over the period covered by the financial statements.

#### Approval

The approval of this letter of representation was minuted by the Audit and Governance Committee at its meeting on 27<sup>th</sup> September 2016.

Yours faithfully,

Marc Taylor Borough Treasurer

Signed on behalf of the Council

Kim Webber BSc (Hons) MSc Chief Executive Page 113

# INTRODUCTION

We are pleased to introduce West Lancashire Borough Council's Statement of Accounts.

The Statement shows the financial performance and financial position of the Council for 2015/2016. The publication of the Statement is a statutory requirement and demonstrates the Council's stewardship of public money for this year.

The Audit and Governance Committee approved the Statement of Accounts at its meeting of 27<sup>th</sup> September 2016 following the external audit of the accounts.

John Bullock

Marc Taylor

Chairman of the Audit And Governance Committee **Borough Treasurer** 

# NARRATIVE REPORT

#### Introduction

This publication contains the Council's Statement of Accounts for the year ended 31<sup>st</sup> March 2016.

These accounts provide details of the money that the Council spent on delivering services and where this money came from. The accounts also show the Council's financial performance and financial position for the year.

#### Stewardship of public money and best value

The accounts have been prepared in accordance with the statutory and accounting regulations that govern the Council's financial affairs. These rules are primarily designed to safeguard public money and to promote best value.

The Council's accounts are subject to scrutiny by its elected Councillors and its Internal and External Auditors to verify that these regulations are being followed.

In addition members of the public have a statutory right to inspect the accounts before the annual audit is completed. The availability of the accounts for inspection is advertised in the local press and on the Council's website.

#### Financial summary

The Council spent £78.964m in providing day-to-day services for the local community. The Council also invested £17.753m in capital projects during the year to maintain and develop the services that it provides. Total usable reserves increased by £1.146m over the course of the year to £19.155m.

### Service Provision

In broad terms the following tables show where the money for providing services comes from and what it was spent on.

#### Where the money comes from (net cost of services)

	2015/2016 £'000	2014/2015 £'000
Benefits Payments and Administration grants	29,898	30,454
Housing rents and service charges	26,513	25,852
Service specific fees, charges and grants	9,551	9,619
Total	65,962	65,925

	2015/2016 £'000	2014/2015 £'000
Cultural and Related Services	3,837	3,600
Environmental and Regulatory Services	7,989	7,621
Highways and Transport Services	880	913
Housing Revenue Account excl. impairment	15,269	16,103
HRA Impairment	8,184	6,966
Housing – Other Services	32,203	33,428
Planning and Development	3,981	3,522
Corporate and Democratic Core	2,102	1,874
Non Distributed Costs	237	74
Central Services to the Public	4,282	4,289
Total	78,964	78,390

# What the money is spent on (net cost of services)

# Financial performance for the year

## General Revenue Account (GRA)

This account shows income and expenditure for all services except Council housing, and a net budget of £12.954m was set for the year.

A significant favourable variance was delivered against this budget of £615,000 or 4.7%. This position reflects a number of factors including good performance on implementing savings measures, under spending on employees and running expenses, and income levels exceeding budget projections in a range of areas. The Council has already allocated £470,000 of these funds for specific purposes, leaving a balance of £145,000 still to be allocated. The level of GRA reserves reduced by £0.873m to £11.746m, as a result of using funds to support the budget position and specific capital schemes in line with financial plans.

The Council is facing a difficult medium term financial situation as a result of the Government reducing the funding it provides to all local authorities. This position will primarily be addressed through the Council's established Policy Option process, which has proved effective in dealing with these issues in recent years.

# Housing Revenue Account (HRA)

This account shows income and expenditure relating to the Council's housing stock. A significant favourable budget variance was delivered in the year of £0.955m, which represents 3.6% of the overall budget requirement. The main reasons for this position were the active management of staffing levels which delivered savings on employee budgets, and because rental income exceeded the budget target due to a range of factors including good performance on rent collection.

It is currently planned that the budget variance will be held at this time to finance budget savings in future years and to deal with any potential issues arising from government levy proposals on the sale of higher value properties.

The HRA faces a budget gap over the next 3 years between the expenditure required to deliver the agreed business plan and the resources that are expected to be available to fund it. This is primarily as a result of government rules requiring the Council to reduce its general rent levels by 1% per annum over this period. Once again it is intended that this position will be addressed through the Council's Policy Options process.

There was investment of £11.995m in the housing stock this year against a budget of £16.601m. This means that 72% of the programme was spent, which is similar to the performance that has been delivered in previous years. It is intended that £3.411m of the unused budget will be slipped into the next financial year to enable ongoing schemes to be delivered in line with our standard practice. The balance of £1.195m of unused budget is no longer required for its original purpose and will be reallocated for other purposes.

The level of GRA and HRA balances and reserves continues to be adequate for prudent financial management.

### Capital investment in the year

Each year the Council invests money to buy new infrastructure, buildings and equipment and to pay for long-term improvements to its existing assets. This spending is needed to maintain and develop the services that the Council provides.

The following tables provide a breakdown of the total investment for the year and how it has been financed:

	2015/2016 £'000	2014/2015 £'000
Capital Receipts	1,225	1,580
Government Grants and Other Contributions	1,162	1,091
Revenue Contributions	10,014	8,906
Increase in underlying need to borrow	5,069	1,525
Other	283	-1
Total	17,753	13,101

### Where the money comes from

## What the money is spent on

	2015/2016	2014/2015
	£'000	£'000
Property, Plant and Equipment	16,011	11,199
Other long term assets	217	114
Revenue Expenditure Funded from Capital	1,297	1,560
Other	228	228
Total	17,753	13,101

## Financial position

The main assets of the Council are its housing stock and the other land, buildings and equipment that it owns. Total long term assets have been valued at £208.159m, which is an increase of £11.779m on the previous year.

The Council had a total net worth of £74.670m at 31<sup>st</sup> March 2016, taking into account all of its assets and liabilities, which was an increase of £16.765m on the previous year. The reduction was primarily as a result of pension factors and the revaluation of assets, which are explained in more detail below.

### Significant issues in the accounts

The value of the net pension liability in the accounts has reduced by £8.661m to £53.283m. The net pension liability represents the excess of long term accrued liabilities, assessed on a prescribed basis, compared with the market value of pension assets. Statutory arrangements for the funding of the pension scheme mean that the financial position of the Council remains healthy. The large reduction over the previous year is mainly a result of actuarial gains on the pension fund.

The Cash Flow Statement shows a reduction of £1.893m in cash and cash equivalents over the year, which has been used primarily to assist in financing the capital programme without using external borrowing. This reflects a cost effective approach at the current time given relative interest rate levels. This approach has also been supported by a reduction in the level of debtors of £2.660m, primarily as a result of falls in the level of debtors with central government and other local authorities.

An impairment charge of £8.184m (£6.966m in 2014/15) was made on Council dwellings within the HRA. This was primarily as a result of an element of the Housing capital programme not increasing the book value of these properties. This position was reached after consultation with the Council's Estates section, who reviewed the elements of the capital programme and assessed those elements that increased the book value of properties and those that could be discounted.

During the year the total value of Property Plant and Equipment increased by £9.350m to £194.250m. This partly reflected a 5 yearly review of the value of the housing stock which led to a revaluation increase. It also reflected investment in solar PV on Council dwellings, the building of new houses on the Firbeck Estate in Skelmersdale, and the building of new industrial units as part of the Greenshoots project.

At the start of the year the Council had £88.212m of external borrowing that was taken out with the Public Works Loans Board to finance the introduction of the HRA Self Financing system. During 2015-16 the scale of capital investment meant there was an increase in the underlying need to borrow of £5.069m, although this was funded from internal sources rather than through external borrowing.

### Future revenue spending and capital investment plans

The budget that has been set for 2016-17 contains a number of new improvement measures while maintaining service levels for the vast majority of services provided by the Council. This position has been achieved, despite a challenging financial position, by maximising efficiencies and income and through the planned use of reserves. The budget also required an increase of 1.75% in the level of the Council tax. The package of savings measures that has been agreed has a total value of £1.7m and this will be closely monitored and managed in year to ensure that financial targets are achieved.

The capital programme for 2016-17 is based on a budget of £15.953m. This includes planned investment in the housing stock of £12.559m, which will be funded by HRA revenue contributions and HRA borrowing.

### **Contents of the Accounts**

The different parts of the Statement of Accounts and their purposes are set out below:

#### Annual Governance Statement

This outlines key elements of the Council's governance framework, provides a review of its effectiveness, and sets out plans for its future development.

#### Independent Auditor's Report

This report sets out the External Auditor's opinion on whether the Accounts present a true and fair view of the financial performance and position of the Authority, and whether the Council has proper arrangements in place to secure economy, efficiency and effectiveness in its use of resources.

#### Statement of Responsibilities

This summarises the responsibilities of the Council and its Chief Finance Officer in relation to the Statement of Accounts.

#### Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held by the Council, analysed into usable reserves (which can be applied to fund expenditure or reduce taxation) and other reserves.

The Surplus or Deficit on the Provision of Services line shows the true economic cost of providing the Council's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance and the Housing Revenue Account for council tax setting and rent setting purposes.

The net increase / decrease before transfers to earmarked reserves line shows the statutory General Fund and HRA Balance before any discretionary transfers to and from earmarked reserves.

#### Comprehensive Income and Expenditure Statement

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Councils raise taxation to cover expenditure in accordance with regulations and this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

#### **Balance Sheet**

This shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Authority. Reserves are reported in two categories.

The first category of reserves are usable reserves, which may be used to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve may only be used to fund capital expenditure or to repay debt).

The second category of reserves is those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold. This category also includes reserves that hold timing differences shown in the Movement in Reserves Statement line "Adjustment between accounting basis and funding basis under regulations".

#### Cash Flow Statement

This shows the changes in cash and cash equivalents for the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital to the Council.

## Housing Revenue Account (HRA)

This summarises all transactions relating to the provision and maintenance of Council houses and flats, and reflects a statutory obligation to account separately for local authority housing provision.

### Collection Fund

This account shows the income raised from Council Tax and Business Rates and how these funds are distributed to local authorities and central government.

# **Further information**

Details on the Council's performance are available in the Council Plan Annual report at the following address:

http://www.westlancs.gov.uk/media/445853/Council\_Plan\_2015-16\_AnnualReport.pdf

It is the Council's policy to provide full information about its financial affairs. Further details about the accounts, and summary versions of the statement in other languages, can be obtained by:

# WEST LANCASHIRE BOROUGH COUNCIL

## 2015/16 ANNUAL GOVERNANCE STATEMENT

#### SCOPE OF RESPONSIBILITY

West Lancashire Borough Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for and used economically, efficiently and effectively. The Council also has a duty to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

To discharge this overall responsibility, the Council must have in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which include arrangements for the management of risk.

West Lancashire Borough Council has approved and adopted a Local Code of Corporate Governance, which is consistent with the principles of the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government*.

This statement explains how the Council has complied with the code and also meets the requirements of the Accounts and Audit Regulations, in relation to the production of an Annual Governance Statement.

#### THE PURPOSE OF THE GOVERNANCE FRAMEWORK

The governance framework comprises the systems, processes, culture and values by which the Authority is directed and controlled and the mechanisms through which it accounts to, engages with and leads the community. It enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.

The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at West Lancashire Borough Council for the year ended 31 March 2016 and up to the date of approval of the statement of accounts.

## THE GOVERNANCE FRAMEWORK

The Council has in place a comprehensive governance framework designed to regulate, monitor and control its various activities in its pursuit of its vision and objectives.

The key elements of the framework include:

The principal statutory obligations and functions of the Authority are identified in the Constitution and reflected in the Budget and Policy Framework which is approved by Council.

The Council reviews its vision and priorities regularly. A statement of the current vision, values and priorities is available in a number of formats and, together with a number of other documents referred to in this Annual Governance Statement, can be viewed online on the Council's <u>website</u>. There is also a Council Plan in place that contains details of the priority delivery projects that are designed to drive forward progress against priorities.

The Council's Covalent Performance Management System is used to monitor achievement of the Council's objectives and progress against priority delivery projects. Information from this system is presented to Management and Members on a regular basis and there is a Data Quality protocol in place to ensure the accuracy of this information.

A management restructure took place during the year, which saw the creation of a new Chief Executive and Director structure to replace the previous Joint Managing Director structure. This new structure will continue to provide high quality management for the Council but at a reduced cost.

The Council has a number of core customer service standards which apply to all customers and staff. These corporate customer care standards provide a clear commitment of our desire to provide a high quality of customer service. They include response times for letters and emails, telephone calls, complaints, visits to our offices, visits to customers' homes and out of hours emergencies. They cover targets and the attitude and behaviour of staff and customers.

The Council has in place Codes of Conduct which set out the standards of behaviour expected of all members and officers. These are provided to all members and officers on appointment and are also available on the Council's website. The Council also has a Standards Committee whose role is to promote and maintain high standards of conduct.

The Council's Constitution clearly sets out the respective roles and responsibilities of the Council, its Executive and Overview and Scrutiny functions, and delegations to Committees, Portfolio holders and Chief Officers as well as those functions which, by Statute, are to be exercised by a designated "Proper Officer".

As part of the Constitution the Council has agreed a Protocol on Member/Officer Relations and Conventions for the Management of Council Business.

The Council's professionally qualified Chief Finance Officer (the Borough Treasurer) is responsible for the proper administration of its financial affairs. The Officer attends Council, Cabinet and Corporate Management Team meetings and has a direct reporting line to the Chief Executive. Financial advice is provided for all the key decisions that are made.

A Medium Term Financial Forecast and Treasury Management Strategy, which fully assesses the potential financial risks to the Authority, are in place and are reviewed regularly. Standing orders and financial regulations, that detail the Authority's financial management arrangements, are also maintained and reviewed and updated periodically.

The Council has a comprehensive Risk Management process in place which is fully embedded throughout the Authority and forms an integral part of the management process. This includes a dedicated resource committed to this area of work to ensure consistency and compliance throughout the Authority. In addition all reports to Council and Cabinet have a risk assessment section.

The Council's Audit and Governance Committee undertakes the core functions of an audit committee as identified in CIPFA's publication *Audit Committees – Practical Guidance for Local Authorities.* The Committee receives regular reports on governance issues from both officers and the Council's external auditors.

The Council's Monitoring Officer Protocol sets out how the Council deals with issues of concern including legality, probity and constitutional issues.

The Council is committed to the highest possible standards of openness, probity and accountability and has in place a formal Complaints Procedure, Anti-Money Laundering Policy, Whistleblowing Code and Anti-Fraud, Bribery and Corruption Policy. The Council has a zero tolerance policy towards fraud and corruption. The Council's Whistleblowing Code provides the opportunity for anyone to report their concerns confidentially and enable them to be investigated properly.

In accordance with best practice the Council has in place Senior Information Risk Owners arrangements. The arrangements ensure suitable allocation of responsibilities for information systems through a network led by the Borough Solicitor.

Recruitment Procedures are in place to ensure the appointment of appropriately skilled employees. An induction process is also in place for employees along with guidance for Managers on how to induct new employees into their teams. Ongoing training needs are identified through a Development Appraisal Scheme.

The Council is committed to consulting local people and a 'Your Views' section is available on the Council's website dedicated to engaging the public.

The Council has in place a Protocol which sets out how the essential elements of local governance, accountability and transparency will be maintained within any proposed arrangements for service delivery through partnerships.

## FINANCIAL MANAGEMENT ARRANGEMENTS

The Authority's Financial Management arrangements conform with the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2010).

#### **REVIEW OF EFFECTIVENESS OF THE COUNCIL'S GOVERNANCE FRAMEWORK**

West Lancashire Borough Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of Heads of Service and Managers within the Authority who have responsibility for the development and maintenance of the governance environment, by the Head of Internal Audit's annual report, and also by the work undertaken by the External Auditors and other review agencies and inspectorates.

The Council is ultimately responsible for maintaining an up to date governance framework which is chiefly contained in its Constitution and is made up of its standing orders, financial regulations and scheme of delegation together with various associated policies and procedures.

Our most recent Annual Audit Letter from Grant Thornton concluded that the Council has effective arrangements in place for internal control.

As part of the procedure for producing this statement, the Council's Heads of Service and Senior Managers are required to review whether there are any significant control or governance issues that require addressing. No significant issues have been identified in this year's review.

The Borough Treasurer, who has overall responsibility for the Authority's financial framework, has not identified any significant governance or internal control issues in relation to financial matters. In carrying out a continuous audit of the Council's business, the Internal Audit Section review the effectiveness of key elements of the Council's governance arrangements and report to the Audit and Governance Committee accordingly. The Internal Audit Manager's Annual Report for 2015/16 does not identify any serious deficiencies in the Council's internal control mechanisms.

The Audit and Governance Committee are charged with monitoring Contract Procedure Rules, Financial Regulations and other provisions of the Constitution. This Committee also considers how well the Council has complied with its own and other published standards and controls in so far as these contribute to the adequacy of its framework of internal control.

We have been advised on the implications of the review of the effectiveness of the governance framework by the Audit and Governance Committee, and plans to address development issues and ensure continuous improvement of the system are in place.

PROGRESS ON ISSUES IDENTIFIED IN THE LAST ANNUAL GOVERNANCE STATEMENT

#### FINANCIAL CHALLENGES AND THE BUSINESS PLAN

Due to robust financial monitoring and management the Council has achieved a favourable budget variance for 2015/16 and has set a balanced budget for 2016/17. Consequently, the Council is taking appropriate action to ensure a stable financial standing and this position has been confirmed in our latest Annual Audit letter.

#### **CURRENT SIGNIFICANT GOVERNANCE ISSUES**

#### FUTURE FINANCIAL CHALLENGES

Further significant savings will be required to ensure a balanced budget position is achieved over the next three years. The latest Medium Term Financial Forecast identifies the scale of the savings required and this will primarily be addressed through the Council's Policy Option process. Implementing this savings programme may create significant risks in the governance framework that will need to continue to be managed and reviewed effectively.

We propose to monitor the above issues over the coming year and to take steps to maintain and develop our governance arrangements.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WEST LANCASHIRE BOROUGH COUNCIL

This report will be added to the Statement once the audit of the accounts has been completed.

# STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

The following responsibilities are placed upon the Authority and its Chief Finance Officer in relation to the Council's financial affairs.

# The Authority's Responsibilities

The Authority is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Borough Treasurer
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- Approve the statement of accounts.

# The Chief Finance Officer's Responsibilities

As the Authority's Chief Finance Officer, I am responsible for preparing the Authority's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this statement of accounts, I have:

- Selected suitable accounting policies and then applied them consistently;
- Made judgements and estimates that were reasonable and prudent;
- Complied with the Code.

I have also:

- Kept proper accounting records which were up to date;
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

The Statement of Accounts presents a true and fair view of the financial position of the Authority at the 31<sup>st</sup> March 2016 and its income and expenditure for the year then ended.

# NOTES TO THE ACCOUNTS

# 1. ACCOUNTING POLICIES

#### i. General Principles

This Statement of Accounts summarises the Council's transactions for the 2015/16 financial year and its position at the year end of 31<sup>st</sup> March 2016. It has been prepared in accordance with relevant statutory regulations and proper accounting practice, and in particular the Code of Practice on Local Authority Accounting in the United Kingdom 2015/16, the Service Reporting Code of Practice and International Financial Reporting Standards.

The accounting convention adopted in the Accounts is principally historic cost, modified by the revaluation of certain categories of non-current assets.

# ii. Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place and not when cash payments are made or received. In particular:

- Revenue due from customers is recognised as income at the date the goods or services are provided and where it is probable that the income will be received
- Supplies are recorded as expenditure when they are consumed where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the balance sheet
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made
- Interest receivable on investments and interest payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows determined by the contract
- Where income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the balance sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected

# iii. Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are short term highly liquid investments that are readily convertible to known amounts of cash with an insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

# iv. Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless otherwise stated) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied. Material errors discovered in prior period figures are also corrected retrospectively by amending opening balances and comparative amounts for the prior period.

Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

# v. Charges to Revenue for Non Current Assets

Service revenue accounts, support services and trading accounts are debited with the following amounts to record the cost of holding non current assets:

- Depreciation attributable to the assets used by the relevant service
- Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- Amortisation of intangible assets attributable to the service

The Council is not required to raise Council tax to fund depreciation, revaluation and impairment losses or amortisation. However it is required to make an annual contribution from revenue towards the reduction in its overall Borrowing Requirement.

Depreciation, revaluation and impairment losses and amortisation are replaced by a Minimum Revenue Provision calculated on a prudent basis by the Council in accordance with statutory guidance. This is achieved through an adjusting transaction between the General Fund Balance and the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two. Capital charges to the Housing Revenue Account are calculated in accordance with statutory regulations, and in particular the Item 8 Credit and Debit Determinations.

# vi. Employee Benefits

# Benefits Payable During Employment

Short term employee benefits are those due to be settled wholly within 12 months of the year end. They include such benefits as salaries, paid annual leave and paid sick leave for current employees and are recognised as an expense for services in the year in which employees render service to the Council.

An accrual is made for the cost of holiday entitlements earned by employees but not taken before the year end which employees can carry forward into the next financial year. The accrual is charged to the Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday entitlements are charged to revenue in the financial year in which the holiday absence occurs.

# **Termination Benefits**

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy. These amounts are charged on an accruals basis to the appropriate service or, where applicable, the Non Distributed Cost line in the Comprehensive Income and Expenditure Statement at the earlier of when the Council can no longer withdraw the offer of these benefits or when the Council recognises the costs of the restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pension Reserve to remove the notional entries for pension enhancement termination benefits and to replace them with the amount payable to the pension fund in the year.

# Post Employment Benefits

The Council participates in a Local Government Pension Scheme administered by the Lancashire County Pension Fund. This scheme is accounted for as a defined benefit scheme and provides defined benefits (retirement lump sums and pensions) to members earned as employees worked for the Council.

The liabilities of the Lancashire County Pension Fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method, i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates etc and projections of future earnings for current employees.

Liabilities are discounted to their value at current prices using a discount rate based on high quality corporate bonds. The assets of the Lancashire County Pension Fund attributable to the Council are included in the Balance Sheet at their fair value.

Statutory provisions require the General Fund balance to be charged with the amount payable to the Pension Fund in the year rather than the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are transfers to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and to replace them with the amounts actually payable to the Pension Fund for the year.

Consequently the negative balance that arises on the Pensions Reserve measures the beneficial impact on the General Fund balance of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

# vii. Events after the Reporting Period

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Accounts are authorised for issue. Two types of event can be identified:

- Those that provide evidence of conditions that existed at the end of the reporting period the Accounts are adjusted to reflect such events
- Those that are indicative of conditions that arose after the reporting period

   the Accounts are not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

# viii. Financial Instruments

# **Financial Liabilities**

Financial liabilities are recognised on the balance sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability multiplied by the effective rate of interest for the instrument.

Typically this means for borrowing, that the amount shown in the Balance Sheet is the outstanding principal payable (plus accrued interest), and the interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

# Financial Assets

Financial assets are classified as loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market.

These assets are recognised on the balance sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and then carried at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument.

Typically this means for investments, that the amount shown in the Balance Sheet is the outstanding principal receivable (plus accrued interest), and the interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year according to the loan agreement.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service (for receivables specific to that service) or the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the asset.

# ix. Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants, third party contributions and donations are recognised as due to the Council where there is reasonable assurance that the Council will comply with any conditions attached to the payments and that the payments will be received.

Amounts due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that require the grant or contribution to be used in a specified manner or else to be returned.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as liabilities. When conditions are satisfied, the grant or contribution is credited to the relevant service line or Taxation and Non Specific Grant Income in the Comprehensive Income and Expenditure Statement. Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

The Council has elected to charge a Community Infrastructure Levy (CIL). The levy will be charged on new builds (chargeable developments) with appropriate planning consent. The Council charges for and collects the levy, which is a planning charge. The income from this levy will be used to fund infrastructure projects to support the development of the Borough. CIL is received without outstanding conditions and is therefore recognised as income at the commencement date of the chargeable development.

# x. Heritage Assets

Heritage assets are those which have historical, artistic, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture. It is intended that such assets are preserved in trust for future generations because of their cultural, environmental and historical association.

Heritage assets are generally recognised and measured in accordance with the Council's policies on property, plant and equipment. These assets will be recognised at cost in the Council's balance sheet where this can be identified. If valuations cannot be determined the assets will be recorded in the Council's Asset Register but not included in the balance sheet, as it is considered that this disclosure would not be material and would not add any enhancement to the reader in the understanding of the accounts. No depreciation will be accounted for due to the indeterminate useful lives of this type of asset.

Civic Regalia items will be valued on a three yearly basis by a specialist valuer. Reviews of other assets will be undertaken on a visual basis on a yearly cycle or where there is evidence of impairment.

# xi. Intangible Assets

Expenditure on non monetary assets that do not have physical substance but are controlled by the Council (e.g. software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset. Intangible assets are initially measured at cost. Amounts are only re-valued where the fair value of an asset can be determined by reference to an active market. In practice, no intangible asset held by the Council meets this criterion, and they are therefore carried at amortised cost. The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account.

#### xii. Inventories and Long Term Contracts

Inventories are included in the Balance Sheet at the lower of cost and net realisable value.

Long term contracts are accounted for on the basis of charging the Surplus or Deficit on the Provision of Services with the value of works and services received under the contract during the financial year.

In 2004/05 the Council entered into a 15 year agreement with a Leisure Trust and Serco PLC for the operation of its main leisure centres. This includes an investment programme that is financed through a deferred liability scheme, and the relevant assets and liabilities are included in the balance sheet.

#### xiii. Investment Property

These are properties that are used solely to earn rentals and / or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arms length. Properties are not depreciated but are re-valued annually according to market conditions at the year end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement. The same treatment is applied for gains and losses on disposal.

Rentals received in relation to Investment Properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement, and posted to the Capital Adjustment Account and the Capital Receipts Reserve.

#### xiv. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant and equipment from the lessor to the lessee. All other leases are classified as operating leases. The Council currently only has operating leases in place.

#### The Council as Lessee: Operating Leases

Rentals payable under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from the use of the leased asset.

# The Council as Lessor: Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the balance sheet, and the rental income is credited to the Comprehensive Income and Expenditure Statement.

# xv. Overheads and Support Services

The costs of overheads and support services are charged to those that benefit from the supply or the service in accordance with the costing principles of the CIPFA Service Reporting Code of Practice. The total absorption costing principle is used and the full cost of overheads and support services are shared between users in proportion to the benefits received, or charged to the Corporate and Democratic Core or Non Distributed Costs where relevant.

The bases of allocations used for the main support services are time allocations for staff, floor area for administrative buildings, and transaction numbers for exchequer services.

# xvi. Property Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes, and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

#### Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably.

Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (e.g. repairs and maintenance) is charged as a revenue expense as it is incurred.

#### Measurement

Assets are initially measured at cost, comprising the purchase price and any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the Taxation and Non-Specific Grant Income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

Assets are then carried in the Balance Sheet using the following measurement bases:

- Infrastructure, community assets and assets under construction depreciated historical cost
- Dwellings current value determined using the basis of existing use value for social housing
- Surplus assets the current value measurement base is fair value, estimated at highest and best use from a market participant's perspective
- All other assets current value determined as the amount that would be paid for the asset in its existing use

Where there is no market based evidence of current value because of the specialist nature of an asset, depreciated replacement cost is used as an estimate of current value. Where non property assets have short useful lives or low values, depreciated historical cost is used as a proxy for current value.

Assets included in the Balance Sheet at current value are re-valued sufficiently regularly to ensure that their carrying value is not materially different to their current value at the year end, but as a minimum every 5 years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains.

Where decreases in value are identified, they are accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gain)
- Where there is no balance in the Revaluation Reserve or an insufficient balance – the carrying amount of the asset is written down against the relevant service line in the Comprehensive Income and Expenditure Statement

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

#### Impairment

Assets are assessed at each year end as to whether there is any indication that an asset may be impaired. Where indications exist and the possible difference is estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gain)
- Where there is no balance in the Revaluation Reserve or an insufficient balance the carrying amount of the asset is written down against the relevant service line in the Comprehensive Income and Expenditure Statement

#### Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (such as land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Relevant assets are depreciated over their estimated useful lives on a straight line basis assuming no residual values. The Council's Estates section has determined the useful lives of dwellings and buildings and these vary depending on the nature of the asset considered.

Where an item of Property, Plant and Equipment has major components with significantly different useful lives and whose costs are significant in relation to the total cost of the item, then the components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation charge that would have been made based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

# Disposals and Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

Where an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Receipts from disposals (if any) are then also credited to this same line in the Comprehensive Income and Expenditure Statement. The net value of these transactions then reflects the gain or loss on the disposal of the asset. Any revaluation gains accumulated on the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

The written off value of disposals is not a charge against council tax, as the cost of non current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

A proportion of receipts relating to housing disposals must be paid over to the Government under a pooling arrangement. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's capital financing requirement. Receipts are appropriated to the Capital Receipts Reserve in the Movement in Reserves Statement.

# xvii. Provisions, Contingent Liabilities and Contingent Assets

Provisions are made where an event has taken place that will probably lead to a future expense, and where a reliable estimate can be made of the amount of the obligation. For example the Council may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation taking into account relevant risks and uncertainties. Payments are then charged to the provision set up in the Balance Sheet when they are eventually made.

Provisions are reviewed at the end of each financial year and adjusted to reflect the current best estimate of the likely cost. Where a provision is no longer required it will be reversed and credited back to the relevant service.

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the Council's control. Contingent liabilities can also arise in circumstances where a provision would otherwise be made but either it is not sufficiently certain that the event will take place or the obligation cannot be measured reliably.

A contingent asset arises where an event has taken place that gives the Council a possible asset but whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent liabilities and assets are not recognised in the Balance Sheet but are disclosed in a note to the accounts.

#### xviii. Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non current assets, retirement and employee benefits. These do not represent usable resources for the Council, and include the capital adjustment account, revaluation reserve and pensions reserve.

# xix. Revenue Expenditure Funded from Capital under Statute

Expenditure that has been incurred that may be capitalised under statutory provisions but does not result in the creation of a non current asset has been charged as expenditure to the relevant service line in the Comprehensive Income and Expenditure Statement in the year.

Where the Council determines that it will meet such expenditure from its capital resources, then a transfer will be made in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account to reverse out the amounts charged so that there is no impact on the level of the Council tax.

## xx. VAT

Income and expenditure excludes any amounts that relate to VAT. This is because all VAT collected is payable to HM Revenues and Customs, and all VAT paid is recoverable from them.

#### xxi. Fair value measurement

The authority measures some of its non financial assets, such as investment properties, at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the most advantageous market in the absence of a principal market.

The Council measures the fair value of an asset or liability using the assumptions that market participants would use when pricing it, assuming that market participants act in their economic best interest. When measuring fair value, the Council takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Council uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. Inputs to the valuation techniques for which fair value is measured or disclosed within the fair value hierarchy are as follows:

- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the measurement date
- Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 unobservable inputs for the asset or liability

# xxii. Accounting Standards Issued But Not Yet Adopted

A number of new accounting standards have been issued but have not been incorporated into the 2015/16 Code of Practice. These standards include:

- Amendments to IAS 19 Employee Benefits (Defined Benefit Plans: Employee Contributions)
- Issues included in the Annual Improvements to IFRSs (2010–2012 Cycle and 2012-14 Cycle)
- Amendment to IFRS 11 Joint Arrangements (Accounting for Acquisitions of Interests in Joint Operations)

- Amendment to IAS 16 Property, Plant and Equipment and IAS 38 Intangible Assets (Clarification of Acceptable Methods of Depreciation and Amortisation)
- Amendment to IAS 1 Presentation of Financial Statements (Disclosure Initiative)
- Changes to the format of the Comprehensive Income and Expenditure Statement, the Movement in Reserves Statement and the introduction of the new Expenditure and Funding Analysis
- Changes to the format of the Pension Fund Account and the Net Assets Statement.

These standards have not been reflected in these accounts, but it is not expected they will have a material impact on the Council's financial position.

# 2. <u>CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES</u>

In applying the accounting policies set out in note 1, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is a high degree of uncertainty about future levels of funding for local government. However this uncertainty is not yet sufficient to provide an indication of what assets might be impaired as a result of the need to make savings and potentially reduce service levels in certain areas
- The Council has entered into a 15 year agreement with a Leisure Trust and Serco PLC for the operation of its main leisure centres. It has been determined that the Council does not have control of the Trust and it is not a subsidiary of the Council

# 3. <u>ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER SOURCES OF</u> ESTIMATION UNCERTAINTY

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However because balances cannot be determined with certainty, the actual results could be materially different from the assumptions and estimates.

The items in the Balance Sheet at 31<sup>st</sup> March 2016 for which there is a significant risk of material adjustment in the next financial year are as follows:

Item	Uncertainties	Effect if actual results differ
		from assumptions
Property, Plant and Equipment	The useful lives of assets are estimated when calculating depreciation but it is not possible to know these lives with certainty.	An increase in estimated useful lives of 1% would decrease depreciation charges by £0.04m.
Fair value measurements	When the fair value of assets and liabilities cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. Where possible, the inputs to these valuation techniques are based on observable data, but where this is not possible judgement is required in establishing fair values. These judgements typically include considerations such as uncertainty and risk.	The significant unobservable inputs used in the fair value measurement include management assumptions about rent growth, vacancy levels (for investment properties) and discount rates. Information about the valuation techniques and inputs used in determining the fair value of the authority's assets and liabilities is disclosed in note 16.
Pensions Liability	Estimation of the net liability to pay pensions depends on a number of complex judgements. A firm of consulting actuaries is engaged to provide expert advice on the assumptions to be applied.	The effects on the net pension liability of changes in individual assumptions can be measured. However the assumptions interact in complex ways and note 37 provides details on actuarial factors in recent years.
Grant claims	Income for government grants in certain cases is based on estimated claims which are still subject to audit and could possibly change.	Details on grant income levels are provided in note 32.
Arrears	Note 18 provides details on levels of debtors and their associated bad debt provisions. However in the current economic climate it is not certain that these provisions will be sufficient.	If collection rates were to deteriorate, then the level of bad debt provisions would need to be increased. A 10% increase in impairment of doubtful debts would require an additional £0.44m to be set aside.
Provision for NNDR Appeals	At the year end an estimate has been made of the cost of outstanding NNDR appeals that organisations have submitted against their business rate bills. This estimate is based on the rateable value of the organisations that have made appeals and the average settlement rate based on experience, apart from one site where a large provision is held based on specific factors.	An increase in the estimated settlement rate of 10% would have the effect of adding £0.43m to the provision needed.

Expenditure accruals	At the year end estimates are made of the value of goods and services delivered but not yet paid. These estimates are then used as a basis for accruing expenditure.	Details on creditors are provided in note 20.
-------------------------	---	--

# 4. MATERIAL ITEMS OF INCOME AND EXPENSE

All material items have been disclosed in the main financial statements or in the notes to the accounts.

# 5. EVENTS AFTER THE REPORTING PERIOD

The Statement of Accounts were authorised for issue by the Borough Treasurer on 30<sup>th</sup> June 2016. Events taking place after this date have not been reflected in the financial statement or notes. Where events taking place before this date provide information about conditions existing at 31<sup>st</sup> March 2016, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

# 6. <u>ADJUSTMENTS BETWEEN ACCOUNTING AND FUNDING BASES UNDER</u> <u>REGULATIONS</u>

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure. A description of the reserves that the adjustments are made against is set out below:

# **General Fund Balance**

The General Fund is the statutory fund into which all the receipts of an authority are required to be paid, and out of which all the liabilities of the authority are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balances, which is not necessarily in accordance with proper accounting practice. This Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year. This Balance is not however available to be applied to funding HRA services.

#### Housing Revenue Account Balance

The HRA Balance reflects the statutory obligation to maintain a revenue account for local authority council housing provision in accordance with Part IV of the Local Government and Housing Act 1989. It contains the balance of income and expenditure as defined by the 1989 Act that is available to fund future expenditure in connection with the Council's landlord function or (where in deficit) that is required to be recovered from tenants in future years.

#### **Major Repairs Reserve**

The Council is required to maintain the Major Repairs Reserve, which is restricted to being applied to new capital investment in HRA assets or the financing of historical capital expenditure by the HRA. The balance shows the capital resources that have yet to be applied at the year end.

#### **Capital Receipts Reserve**

This reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year end.

# **Capital Grants Unapplied**

This reserve holds the grants and contributions received towards capital projects for which the Council has met the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and / or the financial year in which this can take place.

Adjustments between Accounting and Funding Basis Under Regulations 2015/16	General Fund Balance	Housing Revenue Account	Capital Receipts Reserve	Major Repairs Reserve	Capital Grants Unapplied	Mov't in Unusable Reserves
	£'000	£'000	£'000	£'000	£'000	£'000
Adjustments primarily involving the Capital Adjustment Account						
Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement						
Charges for depreciation of non current assets	1,216	2,940				-4,156
Charges for impairment and revaluation losses of non current assets	166	8,184				-8,350
Movements in the fair value of Investment Properties	-2,001					2,001
Amortisation of intangible assets	62	26				-88
Capital grants and contributions applied	-902	-260				1,162
Revenue expenditure funded from capital under statute	1,297					-1,297
Armounts of non current assets written off on disposal or sale as part of the gain / loss on disposal	34	1,938				-1,972
Insertion of items not debited or credited to the Comprehensive Income and Expenditure Statement						
Provision for the financing of capital investment	-55	-281				336
Capital expenditure charged against the General Fund and HRA balances	-1,241	-5,807				7,048
Adjustments primarily involving the Capital Grants Unapplied Accounts						
Capital grants and contributions unapplied credited to the Comprehensive Income & Expenditure Statement	-17				17	
Application of grants to capital financing transferred to the Capital Adjustment Account					0	0
Adjustments primarily involving the Major Repairs Reserve						
Transfer to Major Repairs Reserve		-2,966		2,966		
Use of the Major Repairs Reserve to finance new capital expenditure				-2,966		2,966

#### Depreciation

All of the following assets, except infrastructure, are depreciated on a straight line basis over the life of the asset, and no residual value is assumed for these assets.

The following useful lives have been used in the calculation of depreciation:

- Council Dwellings traditional build property 70 years, non traditional build property 40 years and 18 years for garages
- Other Land and Buildings these have a range of lives varying between 7 and 50 years, although the majority of assets have an estimated life of around 30 to 40 years
- Vehicles, Plant, Furniture and Equipment this covers a range of different types of asset with estimated useful lives mostly between 5 and 12 years
- Infrastructure these assets are inalienable in nature, in that value is derived only by continued use of the asset in its current form (there is no prospect of sale or alternative use). As such these assets are not depreciated but will either be written out when there is a change of use or a revaluation exercise.

#### **Capital Commitments**

At 31<sup>st</sup> March 2016 the Council had entered into a number of contracts for the construction or enhancement of non current assets in future years budgeted to cost £2.810m. Similar commitments as at 31<sup>st</sup> March 2015 were £5.334m.

The major commitments are:

- Bathroom installations to Council Dwellings £0.435m
- Kitchen installations to Council Dwellings £0.463m
- Greenshoots Project £0.834m

#### Revaluations

The Council carries out a programme that ensures that all Property, Plant & Equipment is re-valued at fair value at least every 5 years, and this year a full revaluation of the housing stock took place. This exercise also encompasses a review of the asset classes for each item. Valuations are largely carried out internally however professionally qualified firms may be employed to undertake some valuations under the guidance of the Council's Estates Service. Valuations of land and buildings are carried out in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors.

The significant assumptions applied in estimating fair values are:

- The analysis of value split between land and buildings
- The estimated useful life of the asset
- Full building surveys have not been carried out as part of the valuation process

## West Lancashire Borough Council Statement of Accounts 2015/16

	Council Dwellings £'000	Vehicles, Furniture, Plant & Equipment £'000	Other Assets £'000	Total £'000
Historical cost at last valuation	0	5,595	3,004	8,599
Valued at fair value as at:

Total	161,353	5,595	41,443	208,391

# 11b. ASSETS HELD FOR SALE

	2015/2016	2014/2015
	£'000	£'000
Balance at start of year	1,003	1,345
Assets newly classified as held for sale	283	25
Assets de-classified as held for sale	-5	-10
Revaluation gains	0	33
Assets sold	-30	-390
Balance at end of year	1,251	1,003

# 12. HERITAGE ASSETS

The closing value of Heritage Assets is £490,000 (£490,000 in 2014-15).

#### Civic Regalia:

The Council owns a range of Civic regalia items including Mayoral Chains, Pendants and various other Chains and items of Office valued at £102,000. These items are used by the Mayor and Deputy Mayor for Civic functions and are valued every 3 years by a specialist professional firm. The last valuation was undertaken during the 2013/14 financial year, and resulted in a revaluation increase of £28,000. There have been no other changes in asset values over the last 5 years.

#### **Public Sculptures**

Three public sculptures were built within the Skelmersdale area of the Borough and were identified as the 'Roundabout Sculptures.' These were built to provide character to the area as well as exhibiting high technology and innovation, and interaction with the local community. The sculptures are commonly termed the Daffodil Sculpture, the Faces Roundabout and the Lighting Column. They are valued on the asset register at cost, £364,000, and no depreciation is accounted for as they have an indeterminate useful life.

These assets are visually inspected on an annual basis to review any potential impairment. There has been expenditure of £935 in 2015-16 on these sculptures, which has been fully impaired. There have been no other changes in asset values over the last 5 years.

#### Memorials, fountains and village cross

The Council has a number of war memorials located within the Borough, relating to the Boer War and First and Second World Wars. The Council also owns two fountains and a village cross. These assets have an indeterminate useful life and are valued at cost where known, or otherwise simply recognised in the Council's asset register. The total cost recognised for this class of asset is £24,000.

There has been expenditure on war memorials of  $\pounds 2,130$  in 2014-15,  $\pounds 48,000$  in 2013-14, and  $\pounds 3,000$  in 2012-13. All of this expenditure has been fully impaired. There have been no other changes in asset values over the last 5 years.

# 13. **INVESTMENT PROPERTIES**

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement:

	2015/2016 £'000	2014/2015 £'000
Rental income	-1,259	-1,448
Direct operating expenses	726	693
Movement in fair value of investment properties	-2,001	-4
Net gain / loss	-2,534	-759

There are restrictions on a number of investment properties concerning how any disposal proceeds or income generated can be used. The Council has no contractual obligations to purchase, construct, or develop investment property or repairs, maintenance or enhancement.

	2015/2016	2014/2015
	£'000	£'000
Balance at start of year	10,657	10,643
Net gains/losses from fair value adjustments	2,001	4
Additions	0	10
Transfers	300	0
Balance at end of year	12,958	10,657

The movement in the fair value of investment properties is shown below:

# 14. INTANGIBLE ASSETS

The Council accounts for purchased software licences as intangible assets. All software is given a finite useful life, based on assessments of the period that the software is expected to be of use. Most assets have a useful life of 5 years. The carrying amount of intangible assets is amortised on a straight line basis.

	2015/2016 £'000	2014/2015 £'000
Balance at start of year:		
- Gross carrying amount	437	384
- Accumulated amortisation	-170	-142
Net carrying amount at start of year	267	242
Additions	216	102
Amortisation	-87	-77
Net carrying amount at end of year	396	267

Net carrying amount at end of year	396	267
- Accumulated amortisation	-176	-170
- Gross carrying amount	572	437
Balance at end of year:		

During the course of the year fully amortised assets with a gross carrying value of  $\pounds$ 81,000 were written off ( $\pounds$ 49,000 in 2014-15).

#### 15. IMPAIRMENT AND REVALUATION LOSSES

An impairment charge of £8.184m (£6.966m in 2014-15) was made to the Housing Revenue Account, primarily as a result of an element of the Housing capital programme not increasing the book value of Council dwellings, and as a result of revaluation reductions. A full revaluation of the Council's housing stock was undertaken as at the 1st April 2015, and this resulted in an overall net revaluation increase of £7.564m (£2.091m in 2014-15) being posted to the Revaluation Reserve. Both the impairment charge and the housing stock revaluation were conducted in conjunction with the Council's internal Estates service who followed professional guidelines in conducting both exercises.

Impairment charges of £0.166m (£0.120m in 2014-15) were also made to other parts of the Comprehensive Income and Expenditure Statement in the year, as a result of capital investment that has not increased the book value of assets.

#### 16. FINANCIAL INSTRUMENTS

The Council has £11.515m of short term investments (£11.017m in 2014-15) that are classified as loans and receivables. Details on debtors are shown in note 18 to the accounts, and these are classified as financial assets carried at contract amounts. The Council has £88.212m of borrowing (£88.212m in 2014-15) that is classified as financial liabilities at amortised cost. Details on creditors are shown in note 20, and these are classified as financial liabilities carried at contract amounts.

Details on interest expenses and interest income are shown in note 9. Interest payments primarily relate to the £88.212m of loans taken out from the Public Works Loans Board to fund the HRA self financing payment to Central Government. Investment income is generated mainly from investments of short-term funds with Banks, Building Societies and Local Authorities.

The Code requires the fair value of each class of financial asset and liability to be disclosed in the Notes to the Statement of Accounts to enable it to be compared to its carrying amount in the Balance Sheet:

- The fair value of debtors and creditors (as shown in notes 18 and 20) are taken to be the invoiced or billed amount. Consequently these items' carrying value is judged to be not materially different from their fair value
- The fair value of investments is assumed to approximate to its carrying value, as these instruments will mature within the next 12 months
- The fair value of PWLB borrowing is £97.223m compared to its carrying amount including accrued interest of £88.246m. This difference is because the Council's debt portfolio includes a number of fixed rate loans where the interest rate payable is more than the prevailing rates at the balance sheet date. This shows a notional future loss based on economic conditions at the balance sheet date arising from a commitment to pay interest to lenders above current market rates.

Details of the Council's investment properties and information about the fair value hierarchy as at 31st March 2016, are as follows:

	Other significant observable inputs Level 2 £'000	Significant unobservable inputs Level 3 £'000	Fair Value as at 31st March 2016 £'000
Commercial Units	6,950	562	7,512
Office Units	5,348	0	5,348
Other	0	98	98
Total	12,298	660	12,958

# Valuation techniques used to determine level 2 and level 3 fair values for Investment properties

The fair values attributed to level 2 categorisation in the fair value hierarchy have been based upon the market approach using current market conditions and recent sales prices and other relevant transactional information for similar assets across the locality.

Level 3 categorisation has also been valued by the market approach however the transactional information available is not as comprehensive and as such the level of reliability is reduced. Levels of assumption have had to be used, the significance of such determines that they should be categorised as level 3.

#### Highest and best use

In estimating the fair value of the Council's investment properties the highest and best use of the properties is their current use.

#### Gains and losses

Gains or losses arising from changes in the fair value of Investment Properties are recognised in the surplus or deficit on the provision of services. The overall fair value gain attributed to these assets for 2015/16 was  $\pounds 2.001$ m.

#### Assets held for sale

Assets held for sale are classified in the hierarchy as level 2 and are valued at  $\pm 1.251$ m. The majority of these assets are land items whilst some  $\pm 0.28$ m are Council house sales. For both classes of asset there is adequate transactional data to classify them as level 2 in the hierarchy.

#### Valuation process for Investment properties and assets held for sale

The fair value is measured annually at each reporting date. Valuations are carried out internally by a Qualified RICS surveyor (Royal Institute of Chartered Surveyors) following the appropriate professional guidance.

# Reconciliation of Fair Value Measurements categorised within level 3 of the Fair Value Hierarchy

	2015/2016 £'000
Opening Balance	475
Total gain / (loss) for the period included in Surplus / Deficit on the provision of services resulting from changes in fair value	185
Total	660

There have been no transfers between the fair value hierarchies. There are two specific assets classified within the level 3 category, one has a value of some £98,000 and the other is valued at £562,000, totalling £660,000. The robustness of the level 3 categorisation has been tested by varying the yield rate by a full percentage point. This produces changes of just over £11,000 for the smaller valued asset and some £110,000 for the larger.

# 17. INVENTORIES

	2015/2016 £'000	2014/2015 £'000
Work in progress	26	0

Leaseholder Advance and Tenant Prepayments	1,077	1,006
Other Creditors	882	828
Total	7,675	8,510

# 21. PROVISIONS

	2015/2016 £'000	2014/2015 £'000
Opening balance	1,135	1,243
Movement to grants & contributions in advance	-3	0
Additional provisions made	1,013	0
Amounts used	-192	-68
Unused amounts reversed	-15	-40
Closing balance	1,938	1,135

The Council holds a number of provisions for specific purposes, with the main provision relating to the potential cost of NNDR appeals.

# 22. USABLE RESERVES

Movements in the Council's usable reserves are detailed in the Movement in Reserves Statement and Note 7.

# 23. UNUSABLE RESERVES

	2015/2016 £'000	2014/2015 £'000
i. Revaluation Reserve	26,414	18,786
ii. Capital Adjustment Account	83,893	84,281
iii. Deferred Capital Receipts	2	4
iv. Pensions Reserve	-53,282	-61,944
v. Collection Fund Adjustment Account	-1,306	-1,030
vi. Accumulated Absences Account	-206	-201
Total	55,515	39,896

#### i. Revaluation Reserve

This reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- Re-valued downwards or impaired and the gains are lost
- Used in the provision of services and the gains are consumed through depreciation; or
- Disposed of and the gains realised

This reserve contains only revaluation gains accumulated since 1 April 2007, the date the reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

	2015/2016 £'000	2014/2015 £'000
Balance at start of year	18,786	17,210
Surplus or deficit on the revaluation of non- current assets not posted to the Surplus or Deficit on the Provision of Services	8,365	2,091
Amount written off to the Capital Adjustment Account		
Difference between fair value depreciation and historical cost depreciation	-537	-366
Accumulated gains on assets sold or scrapped	-200	-149
Sub total	-737	-515
Balance at end of year	26,414	18,786

# ii. Capital Adjustment Account

This account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions.

The account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The account is credited with the amounts set aside as finance for the costs of acquisition, construction and subsequent costs.

The account contains accumulated gains and losses on Investment Properties. The account also contains revaluation gains accumulated on Property, Plant and Equipment before 1st April 2007, the date the Revaluation Reserve was created to hold such gains. Note 6 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

# West Lancashire Borough Council Statement of Accounts 2015/16

	2015/2016 £'000	2014/2015 £'000
Balance at start of year	84,281	85,924

Charges for depreciation, impairment, and revaluation losses	-12,506	-10,856
Amortisation of intangible assets	-88	-77
Revenue expenditure funded from capital under statute	-1,297	-1,560
Non-current assets written off as part of the gain / loss on disposal of assets	-1,972	-1,538
Sub total	-15,863	-14,031
Capital financing applied in the year		
Use of the Capital Receipts Reserve to finance new capital expenditure	1,225	1,580
Use of the Major Repairs Reserve to finance new capital expenditure	2,966	2,623
Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement and applied to capital financing	1,162	1,091
Provision for the financing of capital investment charged against the General Fund and HRA balances	336	292
Capital expenditure charged against the General Fund and HRA balances	7,048	6,283
Sub total	12,737	11,869
Adjusting amounts written out of the Revaluation Reserve	737	515
Movement in the market value of Investment Properties debited or credited to the Comprehensive Income and Expenditure Statement	2,001	4
Balance at end of year	83,893	84,281

#### iii. Deferred Capital Receipts Reserve

This reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Council does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

	2015/2016	2014/2015
	£'000	£'000
Balance at start of year	4	6
Transfer to the Capital Receipts Reserve upon receipt of cash	-2	-2
Balance at end of year	2	4

#### iv. Pensions Reserve

This reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs.

However statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to the pension fund. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

	2015/2016 £'000	2014/2015 £'000
Balance at start of year	61,944	45,876
Re-measurement of the net defined benefit liability / asset	-11,025	14,320
Reversal of Items relating to retirement benefits debited or credited to the Surplus / Deficit on the Provision of Services	5,722	4,792
Employer's pension contributions payable in the year	-3,359	-3,044
Balance at end of year	53,282	61,944

# v. Collection Fund Adjustment Account

This account manages the differences arising from the recognition of council tax income and non domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers and business rate payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

	2015/2016	2014/2015
	£'000	£'000
Balance at start of year	1,030	1,170
Amount by which council tax and non domestic rates income credited to the Comprehensive Income and Expenditure Statement is different from council tax and non domestic rates income calculated for the year in accordance with statutory requirements	276	-140
Balance at end of year	1,306	1,030

#### vi. Accumulated Absences Account

This account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year e.g. annual leave entitlement carried forward at 31<sup>st</sup> March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from this Account.

	2015/2016 £'000	2014/2015 £'000
Balance at start of year	201	192
Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	5	9
Balance at end of year	206	201

# 24. CASH FLOW STATEMENT - OPERATING ACTIVITIES

The cash flows for operating activities include the following items:

	2015/2016 £'000	2014/2015 £'000
Interest received	-124	-94
Interest paid	3,172	3,164

The deficit on the provision of services has been adjusted for the following non cash movements:

	2015/2016 £'000	2014/2015 £'000
Depreciation	4,156	3,770
Impairment and downward valuations	8,350	7,085
Movement in the market value of investment properties	-2,001	-4
Amortisation	88	77
Change in Creditors	-1,111	1,214
Change in Debtors	-80	1,374
Change in Inventories	-21	25
Movement in Pension Liability	2,364	1,748
Carrying amount of non current assets sold or disposed	1,972	1,538
Other non cash items charged to the deficit on the provision of services	805	-46
Non cash movements	14,522	16,781

The deficit on the provision of services has also been adjusted for the following items that are investing and financing activities:

	2015/2016	2014/2015
	£'000	£'000
Proceeds from the sale of non current assets	-2,346	-1,815
Capital grants for non current assets charged through revenue	-373	-290
Non cash movements	-2,719	-2,105

# 25. CASH FLOW STATEMENT - INVESTING ACTIVITIES

	2015/2016 £'000	2014/2015 £'000
Purchase of property, plant and equipment, investment property and intangible assets	-15,669	-12,115
Purchase of short term and long term investments	-43,500	-33,500
Proceeds from the sale of non-current assets	2,346	1,815
Proceeds from short term and long term investments	43,000	27,015
Other receipts from investing activities	327	290
Net cash flows from investing activities	-13,496	-16,495

# 26. CASH FLOW STATEMENT - FINANCING ACTIVITIES

	2015/2016 £'000	2014/2015 £'000
Receipts from financing activities	2,653	496
Cash payments for the reduction of outstanding liabilities relating to finance leases and deferred liabilities	-228	-228
Net cash flows from financing activities	2,425	268

#### 27. AMOUNTS REPORTED FOR RESOURCE ALLOCATION DECISIONS

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the Service Reporting Code of Practice. However decisions about resource allocation are made by the Council and its Cabinet on the basis of budget reports analysed across Services. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- The cost of retirement benefits is based on cash flows (payment of employer's contributions) rather than current service cost of benefits accrued in the year
- Direct Service Organisation (DSO) activity is included within service budgets rather than being outside the net cost of services
- HRA reports include all HRA items rather than just those within the net cost of services
- Certain contributions to and from reserves are included within service reports

# Reconciliation of Service Income and Expenditure to Cost of Services in the Comprehensive Income and Expenditure Statement

	2015/2016 £'000	2014/2015 £'000
Net expenditure in the Service Analysis	15,137	15,002
Net expenditure of services and support services not included in the analysis	-519	-199
Amounts in the Income and Expenditure Statement not reported to management in the Analysis	339	-427
Amounts included in the Analysis not included in the Comprehensive Income and Expenditure Statement	-1,955	-1,912
Cost of Services in the Income and Expenditure Statement	13,002	12,464

The income and expenditure of the Authority's principal services recorded in the budget reports are shown overleaf.

Income and Expenditure	Leisure & Wellbeing	Corporate Services	Housing & Inclusion	HRA	Development & Regen	Street Scene	Total
	£'000	£'000	£'000	£'000	£'000	£'000	£'000

#### 28. TRADING OPERATIONS

#### **Trading Services**

The Council operates a market in Ormskirk on Thursdays and Saturdays under a market charter, as well as several car parks, and a commercial assets portfolio.

#### **Direct Service Organisations**

The Council has a number of DSOs that operate in a commercial environment and balance their budget by generating income from other parts of the Council or other organisations. The DSO's income shown below largely represents internal transfers from service revenue accounts and this element is netted off in producing the Comprehensive Income and Expenditure Statement.

The surpluses generated on the DSOs have been repatriated to client services in line with accounting regulations.

	2015-16 Expenditure		2015-16 Deficit/ Surplus(-)	2014-15 Deficit/ Surplus(-)
	£'000	£'000	£'000	£'000
Trading Services				
Market	215	223	-8	-24
Car Parks	297	685	-388	-337
Commercial Assets Portfolio	472	905	-433	-436
Total	984	1,813	-829	-797
DSOs				
Refuse Collection & Street Cleaning	4,731	4,699	32	-236
Grounds Maintenance	1,526	1,525	1	-2
Repatriation of balances		33	-33	238
Deficit / Surplus (-) transferred to I&E Statemen	6,257 t	6,257	0	0

#### 29. MEMBER ALLOWANCES

The total allowances and expenses paid in the year were  $\pounds 0.344m$  ( $\pounds 0.341m$  in 2014-15).

#### 30. OFFICER REMUNERATION

The remuneration paid to senior officers whose salary is  $\pounds$ 50,000 or more is shown overleaf. The number of other staff whose remuneration exceeded  $\pounds$ 50,000, excluding employer's pension contributions, is shown below.

Remuneration band	Number of employees			
	2015/16	2014/15		
£50,000 - £54,999	7	6		
Total	7	6		

The Council terminated the contracts of 4 employees in 2015-16 in different service areas incurring liabilities of £0.354m (£0.017m in 2014-15).

Exit package cost band	Total number of exit packages by cost band 2015/16 2014/15			st of exit each band 2014/15 £'000
£0 - £20,000	1	2	16	17
£20,000 - £40,000	2	0	50	0
Over £150,000	1	0	288	0
Total	4	2	354	17

There have been no compulsory redundancies over the last 2 years.

In addition to the figures shown above there were also £0.037m of pension strain costs incurred in 2014-15 in relation to a flexible retirement.

It is the Council's policy that the savings made from redundancies and flexible retirements must be sufficient to ensure that the associated costs are recovered within a 3 year payback period.

A management restructure was agreed during the year involving the redundancy of a Managing Director post, the re-designation of another Managing Director post to Chief Executive, and the re-designation of Assistant Directors to Directors. The savings resulting from this restructure will be more than sufficient to meet the 3 year payback requirement.

Post Title	Salary	Expenses	Compensation for loss of office	Benefits in Kind	Total before pensions	Pension contribution	Total
	£	£	£	£	£	£	£
2015-16 Remuneration							
Chief Executive	92,015	0	0	4,578	96,593	12,360	108,953

Transformation Manager	55,382	0	0	1,239	56,621	7,518	64,139
Borough Solicitor	56,177	0	0	0	56,177	7,518	63,695

# 31. EXTERNAL AUDIT COSTS

	2015/2016 £'000	2014/2015 £'000
Fees payable in relation to the audit of the accounts and inspection fees	44	58
Fees payable for the certification of grant claims and returns	16	16
Audit Commission Rebate	-	-5
Total	60	69

# 32. GRANT INCOME

The following grants and contributions were credited to the Comprehensive Income and Expenditure Statement.

	2015/2016 £'000	2014/2015 £'000
Credited to Taxation and Non Specific Grants		
Revenue Support Grant	2,385	3,370
New Homes Bonus	1,369	1,050
Council Tax Freeze Grant	71	70
Business Rate Relief	658	517
Business Rates Safety Net	218	0
Other Grants	33	39
Total non ring fenced government grants	4,734	5,046
Credited to Services		
Benefit Payments and Administration	29,898	30,454
Capital Grants	806	800
Contributions to Refuse and Cleansing	981	991
Contribution to Highways	201	224
Other Grants and Contributions	524	377
Total	32,410	32,846

The Council has received a number of grants and contributions that have yet to be recognised as income as they have conditions attached to them that could require the monies to be returned to the provider. The balances at the year end are as follows:

	2015/2016 £'000	2014/2015 £'000
Grants and Contributions Received in Advance		
Section 106 Agreements	1,723	1,867
Commuted Sums	206	197
Total	1,929	2,064

# 33. RELATED PARTIES

The Council is required to disclose material transactions with related parties bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosures of these transactions allow readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

#### **Central Government**

Central Government has significant influence over the general operations of the Council and it is responsible for providing the statutory framework within which the Council operates. It provides the majority of the Council's funding in the form of grants, and prescribes the terms of many of the transactions that the Council has with other parties e.g. council tax. Grants received from the Government are set out in the subjective analysis in note 27 on reporting for resource allocation decisions and in note 32 on grant income.

#### Members

Members of the Council have direct control over the Council's financial and operating policies. The total of Member allowances paid in 2015-16 is shown in note 29.

There are 54 Council Members, of whom 13 are also Parish Councillors, 6 are County Councillors, and 1 is a Member of the Fire and Rescue Authority. Precept payments to Lancashire County Council, the Fire and Rescue Authority and the Police Authority are shown in the Collection Fund. The total precepts paid to Parish Councils are shown in note 8 and grant funding of £0.131m (£0.087m in 2014-15) was also provided to them. Details of the payments made to the Lancashire Pension Fund are shown in note 37.

Decisions on the overall level of funding to be provided to Parish Councils are taken by full Council with due regard to procedures for preventing undue influence. Decisions on how this funding pot is allocated to parishes are determined by the Borough Treasurer using a set formula in consultation with a Cabinet Member who is not a Parish Councillor.

Grant payments were also made to a number of voluntary organisations in which Council Members had interests as follows:

- Council for Voluntary Services £32,779 3 Members
- Women's Refuge £11,230 1 Member
- Dial a Ride £28,575 1 Member
- Community Centres £13,095 6 Members

The Council is committed to maintaining and developing sound arrangements for its corporate governance, including having procedures in place to prevent undue influence. As part of this commitment, Members must make disclosures of their interests to the Council's Monitoring Officer. Details of these disclosures are recorded and maintained in registers of interests and can be viewed on the Council's website.

Members have to declare any significant interests in agenda items at the start of Committee meetings, and cannot then take part in any discussions or decisions in relation to those items.

#### Officers

Officers must make disclosures of their interests to the Council's Monitoring Officer and these are maintained in a register of interests. Officers may not take part in any discussion, decision or administration in relation to these items.

#### Other Related Parties

The Council has entered into a long term contractual arrangement with Lancashire County Council and BTLS for the provision of Revenues, Benefits and IT Services worth £3.2m in 2015-16 (£3.2m in 2014-15). The Council also received income of £1.18m (£1.22m in 2014-15) from Lancashire County Council in relation to Refuse and Recycling, Street Cleansing and Highways Maintenance activities.

Payment of subsidy of £0.404m (£0.434m in 2014-15) was made to West Lancashire Community Leisure Ltd as part of the Council's Leisure services arrangement. The Council provides the majority of the Trust's funding and also appoints one out of the Trust's 6 Board Members.

The Council is an associate member of the Liverpool City Region Combined Authority and paid a membership fee of £21,000 for the year. The Council has also agreed to become a constituent member of the Lancashire Combined Authority, which is currently in the process of being established.

# 34. CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure for the year is shown in the table below (including the value of assets acquired under long term contracts), together with the resources used to finance it.

	2015/2016	2014/2015
On onling Consider Financiage Degrating mont	£'000	£'000
Opening Capital Financing Requirement	94,255	93,251
Capital Investment		
Property, Plant and Equipment	16,011	11,199

Closing Capital Financing Requirement	99,043	94,255
Explanation of Movement in Year		
Increase in underlying need to borrow	5,069	1,525
Movement in other long term liabilities	55	-228
Minimum Revenue Provision	-336	-292
Other	0	-1
Change in Capital Financing Requirement	4,788	1,004

Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement, which is a measure of the capital expenditure incurred by the Council that has yet to be financed.

# 35. <u>LEASES</u>

#### Authority as Lessee: Operating Leases

The Council has acquired a number of vehicles by entering into operating leases, typically with lives not exceeding five years. The Council entered into a new arrangement with regards to vehicle supply and maintenance during 2012-13. A review was undertaken that determined the supply of the vehicles under this contract represented an embedded lease.

The minimum lease payments due under non-cancellable leases in future years are:

	2015/2016	2014/2015
	£'000	£'000
Not later than one year	787	741
Later than one year and not later than five years	324	1,050
Total	1,111	1,791

#### Authority as Lessor: Operating Leases

The Council leases out property and equipment under operating leases for the provision of community services such as community centres, and for economic development purposes to provide suitable accommodation for the business community.

The minimum lease payments receivable under non-cancellable leases in future years are as follows:

	2015/2016 £'000	2014/2015 £'000
Not later than one year	1,634	1,799
Later than one year and not later than five years	2,702	2,560
Later than five years	2,992	3,103
Total	7,328	7,462

#### 36. OTHER LONG TERM LIABILITIES AND CONTRACTS

The Council has agreed a 15-year investment programme in its leisure centres through a partnership arrangement with Serco that started in January 2005. This investment will be repaid over the lifetime of the contract.

	2015/2016	2014/2015
	£'000	£'000
Balance brought forward	580	808
Leisure trust repayments	-228	-228
Leisure trust investment	283	0
Balance carried forward	635	580

In October 2011 the Council agreed a 10 year contract for the provision of its IT, Revenues and Benefits Services with Lancashire County Council and BTLS, with an annual value of £3.2m. In October 2012 the Council agreed a 5 year contract for vehicle supply and maintenance with Kier Limited with an annual value of just over £1.0m.

#### 37. DEFINED BENEFIT PENSION SCHEMES

#### Participation in Pension Schemes

The Council makes contributions towards the cost of post-employment benefits as part of the terms and conditions of employment of its officers. Although these benefits will not actually be payable until employees retire, the Authority has a commitment to make the payments, which needs to be disclosed at the time that employees earn their future entitlement.

The Council participates in a Local Government Pension scheme, which is a funded defined benefit scheme, meaning that the Council and employees pay contributions into a fund calculated at a level intended to balance the pension liabilities with the investment assets. The scheme is administered by Lancashire County Council and is operated under the regulatory framework for the Local Government Pension Scheme. The governance of the scheme is the responsibility of a Pension Fund Committee comprised of a mixture of County Councillors and representatives from other employers. The Committee is assisted by an investment panel which advises on investment strategy and risk management.

Previously the Council had arrangements in place for the award of discretionary post-employment benefits upon early retirement, although these awards are no longer made. This is an unfunded defined benefit arrangement, under which liabilities were recognised when awards were made. However, there are no investment assets built up to meet these pension liabilities, and cash has to be generated to meet actual pension payments as they eventually fall due.

#### Transactions Relating to Post-Employment Benefits

The Council recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However the charge we are required to make against Council tax is based on the cash payable in the year. Consequently the accounting cost of post-employment benefits is reversed out of the General Fund and Housing Revenue Account via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement during the year:

	Discretionary Benefits			
	2015-16	2014-15	2015-16	2014-15
	£'000	£'000	£'000	£'000

An analysis of scheme assets by category is shown below:

# Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, which is an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels etc.

Mercer Limited, an independent firm of actuaries, has assessed these liabilities based on the last full actuarial valuation of the scheme as at 31st March 2013.

	2015/2016 £'000	2014/2015 £'000
Financial Assumptions		
Rate of inflation	2.0%	2.0%
Rate of increase in salaries	3.5%	3.5%
Rate of increase in pensions	2.0%	2.0%
Rate for discounting scheme liabilities	3.5%	3.2%
Longevity Assumptions		
Life expectancy of a male / female		
- Current pensioner aged 65	23.0 / 25.6	22.9 / 25.4
- Future pensioner aged 65 in 20 years time	25.2 / 27.9	25.1 / 27.8

The significant assumptions used by the actuary are set out below:

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice this is unlikely to occur, and changes in some of the assumptions may be interrelated.

The estimations in the sensitivity analyses have followed the accounting polices for the scheme, i.e. on an actuarial basis using the projected unit credit method.

The principal risks to the Council relate to the longevity assumptions, statutory changes to the scheme, structural changes to the scheme, changes to inflation, bond yields and the performance of equity investments held by the scheme. These are mitigated to a certain extent by the statutory requirements to charge the General Fund and the Housing Revenue Account the amounts required by statute as described in the accounting policies note.

# West Lancashire Borough Council Statement of Accounts 2015/16

Sensitivity Analysis	Liabilities	Assets	Deficit
	£'000	£'000	£'000
Central	174,940	-121,657	53,283
+ 0.1% discount rate	171,996	-121,657	50,339
+0.1% inflation rate	177,935	-121,657	56,278
+0.1% pay growth	175,576	-121,657	53,919
1 year increase in life expectancy	178,426	-121,657	56,769

# Impact on the Council's Cash Flows

The objectives of the scheme are to keep employer's contributions at as constant a rate as possible. Funding levels are monitored on an annual basis and the next triennial actuarial valuation is due to be completed in March 2016.

The scheme will need to take account of the national changes to the scheme under the Public Pensions Services Act 2013. Under the Act, the Local Government Pension scheme may not provide benefits in relation to service after 31 March 2014. The Act provides for scheme regulations to be made within a common framework, to establish new career average revalued earnings schemes to pay pension and other benefits to certain public servants.

The total normal contributions the Council expect to pay to the Pension scheme in the year to 31<sup>st</sup> March 2017 are £2.937m. Expected contributions for Discretionary Benefits in the year to 31<sup>st</sup> March 2017 are £0.367m. The weighted average duration of the defined benefit obligation for scheme members is 17 years (which is unchanged from the previous year), and the duration profile used to determine assumptions is very mature.

# 38. CONTINGENT LIABILITIES AND ASSETS

The Council, along with many other local authorities, was a member of the Municipal Mutual Insurance Scheme (MMI), which ran between 1975 and 1993 when the scheme ceased in its current form. Since that date MMI has been in a scheme of arrangement whereby claims for the period are settled under the arrangement terms, with an objective of matching assets to liabilities, but where past members may become liable for payments that the Fund cannot meet. The scheme has been triggered and this resulted in payments becoming due in 2013-14 and 2015-16 and further payments may also become due if the liability situation deteriorates, although it is not possible to estimate the timing and value of any future payments.

Recent Employment Appeals Tribunal rulings on Holiday pay have expanded the types of pay that have to be considered when calculating the amount of holiday pay an employee should receive. No liabilities have been included in the accounts for this factor as its implications are currently being investigated, but it is not expected that it will have a material impact.

#### 39. <u>NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL</u> INSTRUMENTS

The Council has adopted CIPFA's Treasury Management Code of Practice, and our Treasury Management policy and strategy (available at www.westlancs.gov.uk) set out a framework for the control of risk arising from financial instruments.

The Council's activities expose it to a variety of financial risks as set out below:

# (a) Credit risk - the possibility that other parties might fail to pay amounts due to the Council

Credit risk from deposits with banks and financial institutions is minimised through the Annual Treasury Management Strategy which requires that deposits are only made with institutions that meet identified minimum credit criteria, and places limits on the time period and amounts to be invested with individual counter parties.

Investments are only made with UK based financial institutions with excellent credit ratings and other local authorities. The Council's maximum exposure to credit risk in relation to its investments and money at call of £13.34m cannot be assessed generally as the risk of any institution failing to make payments of interest or repaying the principal sum will be specific to each individual institution. However the Council prioritises minimising risk above maximising its investment returns. Consequently the Council does not expect any losses from defaults on its investments, and this position has been validated by historical experience.

The Council is also exposed to credit risk that it may not recover all of its debtor balances in full from its customers and other parties. Details on debtor balances and the associated bad debt provisions, which are typically based on the age of the debt and experience of default and uncollectability, are shown in note 18. The single largest bad debt provision is £2.4m in relation to housing benefit overpayments debt which has been fully provided for given the difficulties involved in collecting this type of liability.

# (b) Liquidity risk - the possibility that the authority might not have funds available to meet its commitments to make payments

The Council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. However if unexpected commitments did arise, the Council has ready access to an overdraft with its bank, or borrowing through the Public Works Loan Board. There is also typically a significant amount of money held at call that would be available.

Consequently there is no significant risk that the Council will be unable to raise finance to meet its commitments under financial instruments.

There is a risk that the Council could be bound to replenish a significant proportion of its borrowings at a time of unfavourable interest rates. However no borrowing is due to mature for over 10 years, and the debt portfolio has been spread out over a period of up to 50 years. The maturity analysis of loans is set out below:

Maturity analysis of loans	2015/2016	2014/2015
	£'000	£'000
Between 10 and 15 years	4,411	4,411
Between 15 and 20 years	4,411	4,411
Between 20 and 25 years	8,821	8,821
Between 25 and 30 years	8,821	8,821
Between 30 and 35 years	17,642	17,642
Between 35 and 40 years	17,642	17,642
Between 40 and 45 years	17,643	17,643
Between 45 and 50 years	8,821	8,821
Total	88,212	88,212

#### (c) Market risk - the possibility that there will be a financial loss because of changes in interest rates, market prices, foreign exchange currency rates etc.

The Council is exposed to risk in terms of its exposure to interest rate movements on its borrowings and investments. Movements in interest rates can have a complex impact, and for example an increase in interest rates would have the following effect:

- Borrowing at fixed rates the fair value of the liabilities will fall. However as borrowings are not carried at fair value then this would not impact on the Surplus or Deficit on the Provision of Services.
- Investments at variable rates the interest income credited to the Surplus or Deficit on the Provision of Services will rise
- Investments at fixed rates the fair value of the asset will fall

The Council has borrowed from the Public Works Loans Board specifically for HRA self financing. Consequently the £88.212m of loans that have been taken out for HRA self financing are at fixed interest rates and with long maturity periods. An increase of 1% in discount rates would result in a reduction in the fair value of these loans from the current level of £97.223m to £80.467m.

Investment income in 2015-16 was £0.123m based on an average rate of interest earned of 0.535%.

There is an active strategy for assessing interest rate exposure that feeds into the setting of the annual budget and budget monitoring during the year. This allows any changes to be accommodated, and this analysis will also advise whether any new borrowing taken out should be fixed or variable.

The Council does not have any investments in shares or any financial instruments denominated in foreign currencies. Consequently it does not have any direct risk from movements in stock prices or foreign exchange rates.

#### 40. TRUST FUNDS

The Council acts as sole trustee for three trust funds. These funds do not represent assets of the Council and are not included in the balance sheet. There has been negligible expenditure and income on these trust funds over the last 2 years.

The Richard Berry Charity was established in 1906 to provide help for the aged poor in Skelmersdale. The assets of the trust are £3,675 and there are no liabilities.

The Jervis Charity was established in 1898 to provide help for the poor or ill associated with coal mining in Skelmersdale. The assets of the trust are  $\pounds$ 1,547 and there are no liabilities.

The Ruff Public Park and Pleasure Ground was conveyed to the former Ormskirk District Council on charitable trust to be used as a public park in perpetuity.

#### NOTES TO THE HOUSING REVENUE ACCOUNT

#### 1. The Housing Revenue Account

The Housing Revenue Account (HRA) reflects a statutory obligation to account separately for local authority housing provision. The Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and other income. The Council charges rents to cover expenditure in accordance with regulations and this may be different from the accounting cost. The increase or decrease in the year, on the basis of which rents are raised, is shown in the Movement on the HRA Statement.

#### 2. Repairs and Maintenance

	2015/2016	2014/2015
Programmed Work (including painting)	<b>£'000</b> 1,141	<b>£'000</b> 1,288
	·	, ,
Repairs	2,437	3,455
Total	3,578	4,743

Details of repairs and maintenance expenditure are as follows:

#### 3. Capital charges

An impairment charge of £8.184m (£6.966m in 2014-15) has been made to the HRA in the year. This reflects impairment and revaluation decreases that could not be charged against the Revaluation Reserve. These charges do not affect the bottom line position of the HRA as they are reversed in the Adjustments section of the Movement on the HRA Statement.

Depreciation charges of £2.966m have been made to the HRA to reflect its use of assets (£2.623m in 2014-15). An amount equal to depreciation has then been transferred to the Major Repairs Reserve, which has been used to finance capital expenditure.

#### 4. Pensions

The HRA has been compiled on a FRS17/IAS19 compliant basis. This treatment does not affect the bottom line position of the HRA, as accounting entries are reversed out in the Adjustments section of the Movement on the HRA Statement and replaced with the HRA's actual contribution to the pension fund.

#### 5. Rents and Service Charges

Dwelling rents comprise the total rent income for all Council owned dwellings in the year. The average rent of our dwellings at the end of 2015/16 was  $\pounds$ 75.31 (on a 52 week basis). This is an increase of  $\pounds$ 1.55 over the like for like figure at the end of 2014/15 or 2.1%, which primarily reflects a general increase in line with the government's formula for rent increases.

Non-dwelling rents include the rent of garages, garage sites, and miscellaneous plots of housing land. The Council also levies service charges to contribute towards the costs of special services such as Caretakers, door entry systems, sheltered dwellings, and furnished homes.

#### 6. Rent Arrears and Provision for Bad Debts

	2015/2016 £'000	2014/2015 £'000
Arrears carried forward	1,237	828
Provision for bad debts carried forward	505	513

#### 7. Movement in the Major Repairs Reserve

	2015/2016	2014/2015
	£'000	£'000
Balance brought forward	0	0
Depreciation Charge	2,966	2,623
Funding for Capital Expenditure	-2,966	-2,623
Balance carried forward	0	0

#### 8. Housing Stock

The Council owned an average of 6,169 dwellings (including flats and maisonettes, houses and bungalows) during 2015/2016. This table shows the changes in stock over the last two years.

	2015/2016	2014/2015
Opening Stock	6,198	6,236
Additions	12	5
Sales	-57	-35
Demolitions and disposals	0	-7
Other movements	-13	-1
Closing Stock	6,140	6,198

A revaluation of the housing stock was carried out in year and during this exercise the original build date for some properties was amended. The updated analysis of the housing stock at 31 March 2016 is shown below.

	PRE 1919	1919-44	1945-64	AFTER 1964	TOTAL

#### 9. Movement in the Balance Sheet Value of HRA Non Current Assets

#### **10.** Vacant Possession Value of Council Dwellings

The vacant possession value of dwellings on the 1st April 2015 was £432.8m (£424.0m at  $1^{st}$  April 2014). The difference between the vacant possession value and balance sheet value of dwellings within the HRA reflects the economic cost to the Government of providing Council housing at less than open market rents.

#### 11. Sources of Funding for HRA Capital Expenditure

	2015/2016	2014/2015
	£'000	£'000
Major Repairs Reserve	2,966	2,623
HRA Revenue Contribution	5,807	6,054
Internal Borrowing	3,124	1,525
Capital Grants	260	119
Capital Receipts	98	28
Other	0	1
Total	12,255	10,350

#### 12. Capital Receipts

The value of receipts on disposals of HRA assets were  $\pounds 2.169m$  in the year ( $\pounds 1.520m$  in 2014-15).

#### **COLLECTION FUND STATEMENT**

#### NOTES TO THE COLLECTION FUND

#### 1. The Collection Fund Account

This account is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement shows the council tax and non-domestic rates transactions of the billing authority in relation to collection from taxpayers and distribution to local authorities and the Government.

#### 2. Council Tax

The amount of Council Tax to be credited to the Comprehensive Income and Expenditure Statement for both billing authorities and major preceptors is their share of the accrued income. However, statute requires that the amount to be credited to the General Fund should be the authority's precept or demand for the year plus its share of the previous year's Collection Fund surplus or deficit. The difference between this regulatory charge and the accrued income is taken to the Collection Fund Adjustment Account, as shown in note 6.

Since the collection of Council tax is an agency arrangement, debtor and creditor balances belong proportionately to the billing authority and the major preceptors. This results in a debtor/creditor position between the billing authority and each major preceptor.

The council tax base for 2015/2016 was 33,587.59 (33,159.36 in 2014/15) Band D equivalent properties calculated as follows:

Property Band	Chargeable Dwellings	Band Multiplier	Relevant Amount
А	8,657.67	6/9	5,771.78
В	6,279.62	7/9	4,884.15
С	7,592.24	8/9	6,748.67
D	5,905.88	1	5,905.88
E	4,261.17	11/9	5,208.11
F	2,238.21	13/9	3,232.98
G	1,426.66	15/9	2,377.77
н	71.85	2	143.70
Total Relevant Amount			34,273.04
Estimated Collection Rate			98.0%
Council Tax Base			33,587.59

#### 3. National Non-Domestic Rates (Business Rates)

NNDR is the business rate and is organised on a national basis. The Government specifies an amount (49.3p in 2015/16 and 48.2p in 2014/15) and, subject to the effects of transitional arrangements and mandatory and discretionary reliefs, local businesses pay rates calculated by multiplying that amount by their rateable value.

The NNDR income after reliefs and discounts was £31.671m for 2015/2016 (£30.994m for 2014/15). The rateable value for the Council's area at the end of the financial year 2015/16 was £81.337m (£80.495m for 2014/15).

Prior to April 2013, accounting arrangements for NNDR reflected the fact that it was in substance an agency arrangement, with the Council being the agent of the Government in the collection of the charge. However from 2013/14, NNDR income, debtor and creditor balances, provisions, arrears and prepayments have been apportioned between the Council, Government, Lancashire County Council, and Lancashire Combined Fire Authority, as a result of the implementation of a new Business Rates Retention system.

#### 4. Surplus and Deficit on Collection

The final outturn on Council Tax operations shows a surplus of £0.857m, which compares with the estimated surplus of £0.288m declared in January 2016 and which will be distributed in 2016-17.

The financing arrangements for deficits and surpluses in respect of Council Tax provide for a sharing between major precepting authorities in proportion to their demands on the Collection Fund. The following table shows how these items have been shared over the last 2 years.

	2015/2016 Deficit £	2014/2015 Surplus £
Lancashire County Council	-91,032	205,264
Lancashire Police Authority	-12,816	28,900
Lancashire Fire Authority	-5,231	12,029
West Lancashire Borough Council	-16,265	37,364
Total	-125,344	283,557

The financing arrangements for deficits and surpluses in respect of Business Rates provide for a sharing between the Government and major precepting authorities on a set percentage basis. The following table shows how these items have been shared over the last 2 years.

	2015/2016 Deficit £	2014/2015 Deficit £
Central Government	-777,141	-244,713
West Lancashire Borough Council	-621,713	-195,770
Lancashire County Council	-139,885	-44,048
Lancashire Fire Authority	-15,543	-4,894
Total	-1,554,282	-489,425

AUDIT AND GOVERNANCE COMMITTEE:

27 September 2016

#### Report of: Borough Treasurer

#### Contact for further information: Mr M.Coysh (Extn. 2603) (E-mail: mike.coysh@westlancs.gov.uk)

#### SUBJECT: INTERNAL AUDIT ACTIVITY – QUARTERLY UPDATE

Wards affected: Borough wide

#### 1.0 PURPOSE OF THE REPORT

1.1 To advise of progress against the 2016/17 Internal Audit Plan.

#### 2.0 **RECOMMENDATION**

2.1 That Members note progress in the year to date.

#### 3.0 BACKGROUND

- 3.1 This committee approved the 2016/17 Internal Audit Plan and the Internal Audit Manager brings written updates on progress against it to each meeting of this Committee.
- 3.2 This report summarises progress to mid-September. This work will inform the overall opinion in the Internal Audit Annual Report that will be presented to this Committee following the end of the financial year.

#### 4.0 INTERNAL AUDIT ACTIVITY TO DATE

- 4.1 An appendix summarising progress to date and any significant issues arising is attached and the Internal Audit Manager will attend the meeting to present the report should Members have any questions.
- 4.2 Progress against the plan to date is marginally behind the previous year's with 34% of audits in progress compared to 36% for the same period in 2015/16.
- 4.3 The main reason for the variance is a vacancy which arose in last financial year and which was held open to allow consideration of the internal audit service

through the Policy Options process. This vacancy is currently being covered by an agency placement.

- 4.4 At the July meeting of Council a Policy Option to restructure the section, providing a comparable level of service at a reduced cost through management efficiencies was approved and the Chief Executive and Borough Treasurer were given authority to take all action necessary in connection with its implementation.
- 4.5 Steps are now being taken to bring the revised establishment into effect and the Audit Manager will provide a verbal update on the latest position at the meeting.
- 4.6 It is anticipated that by the end of the financial year 2016/17 the shortfall will have been adequately addressed and audit coverage will be sufficient to enable an adequate assessment of the adequacy and effectiveness of the Council's overall framework of governance and control for 2016/17.

#### 5.0 SUSTAINABILITY IMPLICATIONS/COMMUNITY STRATEGY

5.1 There are no significant sustainability impacts associated with this report and, in particular, no significant impact on crime and disorder. The report has no significant links with the Sustainable Community Strategy.

#### 6.0 FINANCIAL AND RESOURCE IMPLICATIONS

6.1 The restructure is being addressed through the Policy Options process and all other financial and resource implications arising from activity identified in this report are included in existing budget provisions.

#### 7.0 RISK ASSESSMENT

- 7.1 This report summarises progress against Internal Audit's work programme to date. Internal Audit's work is a key source of assurance to this Committee that risks to the achievement of the Council's objectives are being properly managed.
- 7.2 Steps have been taken to provide cover for the vacant post in the Audit team and this position will be monitored and reported through future updates to this Committee until such time as the new structure is in place.

#### Background Documents

There are no background documents (as defined in Section 100D(5) of the Local Government Act 1972) to this Report.

#### Equality Impact Assessment

The decision does not have any direct impact on members of the public, employees, elected members and / or stakeholders. Therefore no Equality Impact Assessment is required.

#### **Appendices**

1. Internal Audit Activity Quarterly Update.

#### 1.0 Summary of progress 2016/17

- 1.1 9 of the 26 items on the original plan are currently in progress. This is approximately 34% compared to 36% for the same period in 2015/16.
- 1.2 The main reason for variance is a vacancy which has now been filled temporarily using an agency placement pending a permanent appointment following a phased restructure. The Audit Manager will provide a verbal update on the latest position at the meeting.

#### 2.0 Internal Audit 2016/17 second quarter activity update

Title	Position
Contract Audit	Work in progress
National Fraud Initiative	Work in progress
Debtors	Work in progress
Council Tax	Work in progress
Creditors	Work in progress
NNDR	Work in progress
Main Accounting	Work in progress
Treasury Management	Work in progress
Payroll (implementation of self-service module)	Work in progress

Summary	
Work complete	0
Work in progress	9
Work not yet commenced	17
Total	26

#### 3.0 Assurance rating system

3.1 This report records the level of assurance provided by Internal Audit's work. The following categories are used to record the level of assurance.

**Full assurance**: there is a sound system of internal control designed to secure objectives and controls are being consistently applied.

**Substantial assurance**: there is a generally sound system of internal control in place designed to secure objectives and controls are generally being applied consistently. Some weaknesses in the design or operation of the controls put the achievement of particular objectives at risk.

**Limited assurance**: weaknesses in design or inconsistent application of controls put the achievement of objectives at risk.

**No assurance**: weak controls or significant non-compliance with controls could result (or have resulted) in failure to achieve objectives.

- 3.2 No system of internal control can eliminate every possible risk and increasing the level of control in a system frequently increases costs. Balancing risk appropriately against the costs of control is management's responsibility.
- 3.3 Internal Audit's role is to evaluate and improve the effectiveness of risk management and control processes.
- 3.4 It is important to recognise that the scope of the work in each area examined defines the limits of the assurance which can be provided and to give context to the assurance provided each piece of work is summarised in the reports set out below.

#### 4.0 Assurance reports:

#### 4.1 <u>CUSTOMER SERVICES</u>

Customer Services is the first point of contact for Council enquiries and deal with around 20,000 calls a month.

#### 4.1.1 Objectives

Establish current position in relation the Service's actions plans, risks and performance indicators. Examine controls on receipt of monies by telephone. Review spending against budget and undertake observations of Customer Service Advisors at work.

#### 4.1.2 Observations

- Adequate controls for the risks identified for the service were documented on the Covalent system.
- Performance against the indicators in use was found to be satisfactory.
- A robust Business Continuity plan is in place in the event of service failure.
- Adequate controls were found to be in place for the receipt of monies by Customer Advisors over the telephone with a high level of compliance noted in a Payment Card Industry Data Security Standard assessment.
- No issues were highlighted in the review of the Service's expenditure against budget.
- Advisor observations established there were no significant variations to existing documented working practices and that web services are being promoted in line with the digital by preference agenda.

#### 4.1.3 Assurance

This Internal audit work provides **substantial** assurance that the systems in place to secure customer services' business objectives are operating satisfactorily.

#### 4.2 <u>TECHNICAL SERVICES</u>

At the time this work was undertaken Technical services' work included a wide variety of tasks including project based work, for example:

- commissioning and quality inspection roles in general engineering works such as the maintenance of car parks
- providing advice e.g. in relation to drainage during planning consultations
- collaborative work with partner organisations e.g. contributing to the authority's role as a member of the Lancashire Resilience Forum.
- maintenance of street name plates
- liaising with local businesses in relation to the management of Ormskirk Town Centre.

It also administered Ormskirk Market and Parking Enforcement which are examined separately and so were excluded from this review.

#### 4.2.1 Objectives

To review activity in Technical Services.

#### 4.2.2 Observations

Technical services operate in areas where the risks involved are complex and often responsibility for their management is shared between a number of organisations with the section acting as a conduit for communication with relevant partner organisations rather than being "owners" of the risk.

While staff are proactive in identifying, assessing and addressing emerging risks documentation was not refreshed frequently.

Since completion of the review and the departure of the Principal Engineer - Priv. Dev./Schemes and reduction in hours of the Technical Services Manager the opportunity has been taken to restructure the service with responsibility for the operations excluding out of hours work transferring to Development and Regeneration Services.

#### 4.2.3 Assurance

This review provides **substantial** assurance that risks are being adequately managed but also concluded that performance relies heavily on the professional expertise of staff involved.

#### 4.3 <u>CREDITORS</u>

The creditors system is administered by the BTLS Revenues and Benefits service but responsibility for administration and authorisation of orders and invoices remains with the commissioning services.

#### 4.3.1 Objectives

To examine a random sample of 60 recent creditor payments to confirm that each transaction was traceable to the General Ledger, had been allocated an appropriate code, had VAT calculated correctly and coded appropriately, was reflected by an arithmetically correct invoice and was authorised in accordance with approved procedures.

To review the use of payments made via BACS.

To review procedures for processing changes to the creditor master file and controls on amendments to data.

To review the process for maintaining user access to the creditor system.

To examine calculation of the performance indicator for speed of processing invoices and review performance against it.

#### 4.3.2 Observations

All transactions examined were readily traceable to the General Ledger, coded appropriately, and arithmetically correct.

On one occasion the VAT element of the invoice had not been input. In every other instance VAT (where chargeable) had been processed and coded correctly.

In four instances payments had not been appropriately authorised.

With these exceptions all transactions had been processed and authorised in accordance with approved procedures.

The percentage of cheque payments as a proportion of total transactions appears reasonable and likely to reduce in the future.

The controls in place regarding amendments to creditor details, e.g. bank account details, are appropriate.

Performance for each of the first three quarters of 2015/16 exceeded the target of 98.24%.

Monthly performance exceeded target in nine of the eleven months for which data was available. This was an improvement on 2014/15, where the target was exceeded in seven months over the corresponding period.

#### 4.3.3 Assurance

While there were issues with authorisation on a small number of invoices these were minor technical infringements relating to the payment of valid invoices. This review provides **substantial** assurance that the systems in place to control creditor payments are operating satisfactorily.

#### 4.4 PAYROLL – VARIATIONS TO PAY (Supplementary exercise)

Members will recall that 2014/15 audit work on payroll provided only limited assurance in relation to the system for initiating payroll variations. An action plan to address this was agreed with management and implemented.

The system is due to be substantially amended again with the commencement of "payroll self-service" which will migrate the submission and authorisation of many forms to an electronic system.

Internal Audit are currently reviewing the implementation of the new "selfservice" system and rather than review a system with a limited lifespan in depth this supplementary exercise was commissioned to ensure that the issues identified during the previous audit had been addressed and had not in fact led to significant inaccurate payment of variations.

#### 4.4.1 Objectives

4.4.2 To examine source documents relating to 30 variations in payroll payments in order to establish whether they adequately support variations claimed and are produced in accordance with appropriate authorisation procedures.

#### 4.4.3 Observations

There is an effective audit trail and claim authorisation can be readily traced to line managers.

In all cases examined no errors were detected regarding the transfer of claim details from the officers' claims forms to the electronic forms used by line managers to transmit the information to HR.

One underpayment of a standby payment was identified which occurred as a result of confusion over the format of a claim form. This was corrected in the next salary run and revised forms are now in use throughout the authority.

#### 4.4.4 Assurance

While this review was not intended to be a comprehensive assurance review as a future report will provide assurance on the operation of the Self-Serve process once this has been implemented it concluded that the temporary procedures put in place for the authorisation and processing of claims pending the implementation of Payroll Self-Serve now provide an effective audit trail for claims authorisation and found no evidence to suggest claims generally are being processed incorrectly.

#### 5.0 Conclusion

5.1 Progress against the 2016/17 plan to date is satisfactory and it is anticipated that internal audit coverage in the year will be sufficient to enable an adequate assessment of the adequacy and effectiveness of the Council's overall framework of governance, risk management and control.

AUDIT AND GOVERNANCE COMMITTEE: 27 SEPTEMBER 2016

CABINET: 8 NOVEMBER 2016

#### Report of: Borough Solicitor

Relevant Portfolio Holder: Councillor I Moran, Leader

Contact for further information: Mr T P Broderick (Ext 5001) (E-mail: <u>terry.broderick@westlancs.gov.uk</u>) J C Williams (Extn. 5512) (E-mail: <u>judith.williams@westlancs.gov.uk</u>)

# SUBJECT: REGULATION OF INVESTIGATORY POWERS ACT – ANNUAL SETTING OF THE POLICY AND REVIEW OF USE OF POWERS

Wards affected: Borough Wide Interest

#### 1.0 PURPOSE OF THE REPORT

1.1 To report on the Council's use of its powers under the Regulation of Investigatory Powers Act 2000 (RIPA) and to present an updated RIPA Policy document for approval.

#### 2.0 RECOMMENDATION TO AUDIT AND GOVERNANCE COMMITTEE

2.1 That the Council's RIPA activity and the updated RIPA Policy, at Appendix 1, be noted.

#### 3.0 RECOMMENDATION TO CABINET

3.1 That the updated RIPA Policy at Appendix 1 be approved.

#### 4.0 BACKGROUND

4.1 The Regulation of Investigatory Powers Act 2000 (RIPA) came into force in 2000. Both the legislation and Home Office Codes of Practice strictly prescribe the situations in which and the conditions under which councils can use their RIPA powers. All authorities are required to have a RIPA policy and procedure that they adhere to in using their RIPA powers. 4.2 The Council's current approved RIPA Policy is made available on the Council's Intranet and is a working document to assist investigating and co-ordinating officers within the Council. Paragraph 5 of the RIPA Policy stresses that grantors of authorisations must believe the authorised activity is (1) necessary for preventing and detecting crime and (2) is proportionate to what is sought to be achieved in carrying out the surveillance activity (e.g. the 24/7 watching of premises where private individuals may go about their lawful business, for the possibility of gaining collateral evidence for a very minor technical infraction of a byelaw would not in all likelihood be proportionate). If it fails either test, authorisations should not be granted.

#### 5.0 MONITORING OF RIPA ACTIVITY

- 5.1 In the last quarter up to the date of the writing of this report (6 September 2016) and in the last 12 months no covert surveillance has been authorised.
- 5.2 The Senior Responsible Officer proactively seeks to ensure that the use of covert surveillance in this authority is well regulated. Applications for authorisation to use covert surveillance must be rejected when the Authorising Officer is not satisfied that the surveillance is necessary or proportionate and legal advice should be sought by Authorising Officers in appropriate cases.
- 5.3 A programme of training is in place and a RIPA guidance note is circulated within the Council at regular intervals to raise awareness. Whenever a new Code of Practice is issued by the Government, Officers are notified accordingly.

#### 5 THE RIPA POLICY

- 6.1 The updated RIPA Policy is presented to Cabinet for approval each year as required by guidance (Section 3.35 of the Home Office Covert Surveillance and Property Interference Code of Practice of December 2014 and section 3.27 of the Home Office Covert Human Intelligence Sources Code of Practice of December 2014). Officers ensure the use of RIPA is consistent with the Council's Policy and regularly report on activity, again as is required.
- 6.2 The Council's updated RIPA Policy is annexed in Appendix 1. This contains (in Appendix 3 of the policy) the current RIPA management structure which has been amended with other textual changes to reflect this change in the body of the Policy. The updates do not include any substantive changes to the Policy.
- 6.3 The OSC (Office of the Surveillance Commissioner) is currently conducting its review of the Council as regards the use of RIPA. The Council has complied with the inspection requirements of the OSC and their decision is awaited.

#### 7.0 SUSTAINABILITY IMPLICATIONS/COMMUNITY STRATEGY

7.1 There are no significant sustainability impacts associated with this report and, in particular, positive impacts on crime and disorder will be achieved by adhering to RIPA and the RIPA Policy. The report has no significant links with the Sustainable Community Strategy.

#### 8.0 FINANCE AND RESOURCE IMPLICATIONS

8.1 There are no significant financial and resource implications arising from this report.

#### 9.0 RISK ASSESSMENT

9.1 The Council could be in breach of the relevant legislation if it does not follow the procedures set out in the RIPA Orders and Codes. This could result in the inadmissibility

#### **Background Documents**

There are no background documents (as defined in Section 100D(5) of the Local Government Act 1972) to this Report.

#### Equality Impact Assessment

This will be considered in relation to any particular authorisation.

#### 1 INTRODUCTION

- 1.1. The Regulation of Investigatory Powers Act 2000 (the 2000 Act) regulates covert investigations by a number of bodies, including local authorities. It was introduced to ensure that individuals' rights are protected consistent with the obligations under The Human Rights Act 1998, while also ensuring that law enforcement and security agencies have the powers they need to do their job effectively.
- 1.2. West Lancashire Borough Council is therefore included within the 2000 Act framework with regard to the authorisation of Directed Surveillance, the use of Covert Human Intelligence Sources (CHIS) and the obtaining of communications data through a single point of contact (SPOC).
- 1.3 The purpose of this guidance is to:
  - explain the scope of the 2000 Act and the circumstances where it applies
  - provide guidance on the authorisation procedures to be followed.

This continues to be a developing area of law and the Courts are yet to fully define the limits of the powers. This should be borne in mind when considering this Guide.

- 1.4 The Council has had regard to the Codes of Practice on covert surveillance, CHIS and accessing communications data produced by the Home Office in preparing this guidance and each Service should hold copies to which staff can refer. These documents are available at www.homeoffice.gov.uk/ripa.
- 1.5 In summary the 2000 Act requires that when the Council undertakes "directed surveillance", uses a "covert human intelligence source or accesses communications data (defined below at paragraphs 2, 3 and 4 below) these activities must only be authorised by an officer with delegated powers when the relevant criteria are satisfied.
- 1.6 The Managing Directors, Assistant Director Housing & Regeneration, Assistant Director Community Services and Borough Solicitor can authorise these activities (in relation to communications data, they shall be known as Designated Persons and shall seek the advice of the SPOC, see further paragraphs 4 and 5.1.3 below). Such nomination permits officers to grant authority for any purpose under the terms of the 2000 Act across all Council Services and service areas.
- 1.7 Once an authorisation is granted for the use (or renewal) of directed surveillance, or acquisition of communications data, or covert human intelligence source it cannot take effect without an order approving the grant (or renewal) being obtained from a single Justice of the Peace (Magistrate, District Judge) (under amendments made by the Protection of Freedoms Act 2012, to s.32A and s.32B of the 2000 Act). This order must be sought from the Magistrates' Court, but when the Court is not in session. The arrangements for seeking the order will be made in consultation with Legal Services.
- 1.8 Authorisation under the 2000 Act gives lawful authority to carry out surveillance and the use of a source. Obtaining authorisation helps to protect the Council and its officers from complaints of interference with the rights protected by Article 8(1)

of the European Convention on Human Rights, i.e. the right to respect for private and family life which is now enshrined in English law through the Human Rights Act 1998. This is because the interference with the private life of citizens will be "in accordance with the law". Provided activities undertaken are also "reasonable and proportionate" they will not be in contravention of Human Rights legislation.

- 1.9 Authorising Officers and investigators within the Local Authority are to note that the 2000 Act does not extend to powers to conduct intrusive surveillance. Investigators should familiarise themselves with the provisions of Sections 3, 4 and 5 of the Code of Practice on Directed Surveillance to ensure a good understanding of the limitation of powers within the 2000 Act.
- 1.10. Deciding when authorisation is required involves making a judgment **and assessing whether specific conditions apply to the investigation target**. Paragraph 3.4 explains this process in detail. If you are in any doubt, seek the advice of an Authorising Officer, if they are in doubt they will seek advice from the Borough Solicitor/Senior Responsible Officer. However, in those cases where there is doubt as to the need for an authorisation it may be safer to consider seeking/granting an authorisation: a broader reading of the application of the Act's requirements is encouraged.
- 1.11. In the case of CHIS authorisations for vulnerable people or juveniles, or where surveillance involves communication subject to legal privilege, confidential personal information or confidential journalistic material authorisation must be obtained from the Managing Directors only (this should be the Managing Director (Transformation) as Head of the Paid Service (in her absence the Managing Director (People and Places) may act), together with the necessary application for an order giving effect to authorisation from a Justice of the Peace.
- 1.12 Only one of the Managing Directors should be requested to authorise directed surveillance involving the covert filming of any Council member or employee to the extent that this falls within RIPA.

#### 2. DIRECTED SURVEILLANCE

2.1 The Council <u>must</u> apply to a Justice of the Peace for an order that gives effect to the authorisation for the use of directed surveillance prior to undertaking the activity.

#### 2.2 <u>What is meant by Surveillance?</u>

<u>"Surveillance</u> includes:

- a) monitoring, observing or listening to persons, their movements, their conversations or their other activities or communication;
- b) recording anything monitored, observed or listened to in the course of surveillance; and
- c) surveillance by or with the assistance of a surveillance device.

#### 2.3 <u>When is surveillance directed?</u>

Surveillance is 'Directed' for the purposes of the 2000 Act if it is covert, but not intrusive and is undertaken:

- a) for the purposes of a specific investigation or a specific operation.
- b) in such a manner as is likely to result in the obtaining of private information about a person (whether or not one is specifically identified for the purposes of the investigation or operation); and
- c) otherwise than by way of an immediate response to events or circumstances the nature of which is such that it would not be reasonably practicable for an authorisation to be sought for the carrying out of the surveillance.
- 2.4 In certain circumstances, use of social media sites such as Facebook, or using the internet in other ways could need authorisation as directed surveillance. The Office of Surveillance Commissioners has given guidance on when the use of social media and the internet might need authorisation on RIPA. The guidance can be read at appendix 4.

#### 2.5 Surveillance Threshold

- 2.5.1 Before directed surveillance can be undertaken and the requisite order from a Justice of the Peace applied for, the Council must be satisfied that they are investigating a criminal offence that carries a maximum sentence of 6 months or more imprisonment.
- 2.5.2 The exception to the 6 month sentence threshold is specific offences of sale of alcohol or tobacco to an underage person which does not fall within the Council's range of regulatory activities.
- 2.5.3 During the course of an investigation, should the Council become aware that the criminal activity under investigation falls below the 6 month sentence threshold, then use of directed surveillance should cease.
- 2.5.4 This 6 month sentence threshold does not apply to use of covert human intelligence or communications data techniques.

#### 2.6 **The Council cannot undertake intrusive surveillance.**

- 2.6.1 Surveillance becomes intrusive if the covert surveillance:
  - a) is carried out in relation to anything taking place on any "residential premises" or in any "private vehicle"; and
  - b) involves the presence of an individual on the premises or in the vehicle or is carried out by means of a surveillance device; or
  - c) is carried out by means of a surveillance device in relation to anything taking place on any residential premises or in any private vehicle but is carried out without that device being present on the premises or in the vehicle, where the device is such that it consistently provides information of

the same quality and detail as might be expected to be obtained from a device actually present on the premises or in the vehicle.

2.7 Before any officer of the Council undertakes any surveillance of any individual or individuals they need to assess whether the activity comes within the 2000 Act. In order to do this the following key questions need to be asked.

#### 2.7.1 <u>Is the surveillance covert?</u>

Covert surveillance is that carried out in a manner calculated to ensure that subjects of it are unaware it is or may be taking place.

If activities are open and not hidden from the subjects of an investigation, the 2000 Act framework does not in general apply. However, if there is any doubt in respect of this matter, an officer must consider whether it may be appropriate to seek a RIPA authorisation.

#### 2.7.2 Is it for the purposes of a specific investigation or a specific operation?

For example, are Civic building CCTV cameras which are readily visible to anyone walking around the building covered?

The answer is not if their usage is to monitor the general activities of what is happening in the car park. If that usage, however, changes, the 2000 Act may apply.

For example, <u>if</u> the CCTV cameras are targeting a particular known individual, and are being used in monitoring his activities, that has turned into a specific operation which may require authorisation.

# 2.7.3 <u>Is it in such a manner that is **likely** to result in the obtaining of private information about a person?</u>

"Private information" is any information relating to a person's private or family life and aspects of business or professional life.

For example, if part of an investigation is to observe a member of staff's home to determine their comings and goings then that would be covered.

If it is likely that observations will not result in the obtaining of private information about a person, then it is outside the 2000 Act framework. However, the use of 'test purchasers' may involve the use of covert human intelligence sources (see later).

If in doubt, it is safer to consider getting authorisation.

## 2.7.4 Is it undertaken <u>otherwise than by way of an immediate response to event or</u> <u>circumstances where it is not reasonably practicable to get authorisation?</u>

The Home Office gives the example of an immediate response to something happening during the course of an observer's work, which is unforeseeable.

However, if as a result of an immediate response, a specific investigation subsequently takes place that brings it within the 2000 Act framework.

#### 2.7.5 Is the Surveillance Intrusive?

Directed surveillance turns into intrusive surveillance if it is carried out involving anything that occurs on residential premises or any private vehicle and involves the presence of someone on the premises or in the vehicle or is carried out by means of a (high quality) surveillance device.

If the device is not on the premises or in the vehicle, it is only intrusive surveillance if it consistently produces information of the same quality as if it were.

Commercial premises and vehicles are therefore excluded from intrusive surveillance. The Council is not authorised to carry out intrusive surveillance.

#### 2.7.6 Does the offence under investigation meet the 6 month threshold?

#### 3 COVERT USE OF HUMAN INTELLIGENCE SOURCE (CHIS)

- 3.1 A person is a Covert Human Intelligence Source if:
  - a) he establishes or maintains a personal or other relationship with a person for the covert purpose of facilitating the doing of anything falling within paragraph b) or c).
  - b) he covertly uses such a relationship to obtain information or provide access to any information to another person; or
  - c) he covertly discloses information obtained by the use of such a relationship or as a consequence of the existence of such a relationship.
- 3.2. A purpose is covert, in relation to the establishment or maintenance of a personal or other relationship, if and only if the relationship is conducted in a manner that is calculated to ensure that one of the parties to the relationship is unaware of that purpose.
- 3.3. The above clearly covers the use of professional witnesses to obtain information and evidence. It is not Council practice to use such witnesses. It can also cover cases such as a Council officer making a test purchase when there is a need to cultivate a relationship with the seller, which would <u>not</u> usually be the case.
- 3.4. There is a risk that an informant may be, or become, a CHIS. A member of the public giving information will be a CHIS if the information which he covertly passes to the authority has been obtained in the course of (*or as a consequence of the existence of*) a personal or other relationship. See paragraph 2.22 of the CHIS Code of Practice, and paragraph 270 of OSC Procedures and Guidance 2011, which refers to the risk of "status drift". When an informant gives repeat information about a suspect or about a family, and it becomes apparent that the informant may be obtaining that information in the course of a family or neighbourhood relationship, alarm bells should begin to ring. It probably means that the informant is in reality a CHIS, to whom a duty of care is owed if the information is then used. In such circumstances officers should refer any such instance for legal advice before acting on the information received from such an informant.
- 3.5 In this context (of authorising CHIS) ANY information (ie not confined to private information alone) to be gained by the covert manipulation of a relationship will

require authorisation.

# 3.6 The Council <u>must</u> apply to a Justice of the Peace for an order that gives effect to the authorisation for the use of covert human intelligence source (see 1.7 above).

3.7 In certain circumstances, use of social media sites such as Facebook, or using the Internet for research in other ways could need authorisation as the use of a covert human intelligence source. The guidance can be read at appendix 4.

#### 4 COMMUNICATIONS DATA

- 4.1 The Council may also access certain communications data under the 2000 Act, provided this, like all other surveillance, is for the purpose of preventing or detecting crime.
- 4.2 Following the passage of the Data Retention and Investigatory Powers Act 2014 the Home Office has revoked all accreditation which enabled local authority staff to acquire communications data with effect from 1 December 2014. The Council is now required to use the National Anti-Fraud Network's (NAFN's) Single Point of Contact services to acquire communications data under RIPA, if approved by a magistrate. The <u>Acquisition and Disclosure of Communications Data Code of Practice</u> shall be followed at all times. Council staff are <u>not</u> permitted to obtain telecommunications and internet use data other than as provided for by the Act.

# 4.3 The Council <u>must</u> apply to a Justice of the Peace for an order giving effect to the authorisation of the use of communications data.

4.4 The accredited SPoCs at NAFN will scrutinise the applications independently. They will provide advice to applicants and designated persons ensuring the Council acts in an informed and lawful manner.

#### 5. AUTHORISATIONS, RENEWALS AND DURATION

5.1 The Council <u>must</u> apply to a Justice of the Peace for an order that gives effect to the authorisation for the use of directed surveillance, communications data and covert human intelligence source (see 1.7 above).

#### 5.1.1 <u>The Conditions for Authorisation</u>

#### 5.1.2 *Directed Surveillance*

- 5.1.1.3 For directed surveillance no officer shall grant an authorisation **and make an application to a Justice of the Peace** for the carrying out of directed surveillance unless he believes:
  - a) that an authorisation is necessary for the purpose of preventing or detecting crime and
  - b) the authorised surveillance is proportionate to what is sought to be achieved by carrying it out.
- 5.1.1.4 The onus is therefore on the person authorising such surveillance to satisfy

themselves it is:

- a) necessary for the ground stated above and;
- b) proportionate to its aim.
- 5.1.1.5 In order to ensure that authorising officers have sufficient information to make an informed decision **about whether to make an application to a Justice of the Peace for an order to give effect to any authorisation,** it is important that detailed records are maintained. As such the forms in the Appendix and the accompanying Guidance on Completing RIPA Authorisation Forms are to be completed where relevant.

It is also sensible to make any authorisation sufficiently wide enough to cover all the means required as well as being able to prove effective monitoring of what is done against that which has been authorised.

An Authorising Officer may partially approve or partially refuse an application for authorisation. If an Authorising Officer does not authorise all that was requested, a note should be added explaining why.

#### 5.1.2 <u>Covert Use of Human Intelligence Sources</u>

- 5.1.2.1 The same principles as Directed Surveillance apply. (see paragraph 5.1.1.3 above)
- 5.1.2.2 The conduct so authorised is any conduct that:
  - a) is comprised in any such activities involving the use of a covert human intelligence source, as are specified or described in the authorisation;
  - b) relates to the person who is specified or described as the person to whose actions as a covert human intelligence source the authorisation relates; and
  - c) is carried out for the purposes of, or in connection with, the investigation or operation so specified or described.
- 5.1.2.3 In order to ensure that authorising officers have sufficient information to make an informed decision it is important that detailed records are maintained. As such the forms attached are to be completed where relevant.

It is also sensible to make any authorisation sufficiently wide enough to cover all the means required as well as being able to prove effective monitoring of what is done against that is authorised.

#### 5.1.3 <u>Communications Data</u>

Section 22(4) of RIPA allows the Council to request "communications data" from Communication System Providers (CSPs). The access allowed under these powers is limited to telephone, postal and email subscriber and billing information. Any access must be obtained through the use of an authorised single point of contact (SPOC). (See Code on Acquisition and Disclosure of Communications Data paragraphs 3.85, 3.86 and 3.87.) The Council does not have the right to obtain the content of the communication, but can obtain details of the source and destination of a message. The only ground for Local Authorities is the prevention or detection of crime. CSPs must be provided with a Notice Requiring Disclosure of Communications Data, which must have been duly authorised. The only officers who are allowed to authorise such requests are those accredited by the Home Office (the "Designated Persons" (DPs")). The DP is an individual at the level of Managing Director and Assistant Director and will scrutinise all applications for Communications Data.

The authorisation or grant of a notice to obtain communications data require judicial approval on each occasion.

#### 5.2 Further <u>Requirements of the 2000 Act</u>

- 5.2.1 An application must be made to the Justice of the Peace for an order that gives effect to the authorisation for the use of Directed Surveillance, Communications Data and CHIS. This process is in addition to the Council's existing authorisation procedure (see 1.7 above).
- 5.2.2 In light of the changes to the regime applications for urgent grants or renewal, must be in writing. In the Guidance on Completing RIPA Authorisation Forms document which accompanies this Guide are standard forms, which must be used. Officers must direct their mind to the circumstances of the individual case with which they are dealing when completing the form.
- 5.2.3 Although it is possible to combine two authorisations in one form the Council's practice is for separate forms to be completed to maintain the distinction between Directed Surveillance and the use of a CHIS.
- 5.2.4 Authorisations lapse, if not renewed:
  - 12 months if in writing/non-urgent from date of last renewal if it is for the conduct or use of a covert human intelligence source or
  - in all other cases (ie directed surveillance) 3 months from the date of their grant or latest renewal.
- 5.2.5 Any person entitled to grant a new authorisation can renew subject to judicial approval being obtained an existing authorisation in the same terms at any time before it ceases to have effect.

But, for the conduct of a covert human intelligence source, an Authorised Officer should not renew **or make an application to a Justice of the Peace to renew** unless a review has been carried out and that person has considered the results of the review when deciding whether to renew or not. A review must cover what use has been made of the source, the tasks given to them and information obtained.

- 5.2.6 The benefits of obtaining an authorisation are described in paragraph 7 below.
- 5.2.7 <u>Factors to Consider (see further guidance the Guidance on Completing Forms</u> document)

Any person giving an authorisation should first satisfy him/herself that the authorisation is necessary on particular grounds and that the surveillance <u>is</u> proportionate to what it seeks to achieve. The proportionate test involves balancing the intrusiveness of the activity on the target and others who might be affected by it against the need for the activity in operational terms. The activity will not be proportionate if it is excessive in the circumstances of the case or if the information which is sought could reasonably be obtained by other less intrusive means. All such activity should be carefully managed to meet the objective in question and must not be arbitrary or unfair.

- 5.2.8 Particular consideration should be given to collateral intrusion on or interference with the privacy of persons other than the subject(s) of surveillance. Such collateral intrusion or interference would be a matter of greater concern in cases where there are special sensitivities, for example in cases of premises used by lawyers or for any form of medical or professional counselling or therapy.
- 5.2.9 An application for an authorisation should include an assessment of the risk of any collateral intrusion or interference. The authorising officer will take this into account, particularly when considering the proportionality of the surveillance and whether measures to avoid can be stipulated.
- 5.2.10 Those carrying out the covert surveillance should inform the Authorising Officer if the operation/investigation unexpectedly interferes with the privacy of individuals who are not the original subjects of the investigation or covered by the authorisation in some other way. In some cases the original authorisation may not be sufficient and consideration should be given to whether a separate authorisation is required.
- 5.2.11 Any person giving an authorisation will also need to be aware of particular sensitivities in the local community where the surveillance is taking place or of similar activities being undertaken by other public authorities which could impact on the deployment of surveillance.

#### Home Surveillance

5.2.12 The fullest consideration should be given in cases where the subject of the surveillance might reasonably expect a high degree of privacy, for instance at his/her home (NB. the Council cannot undertake intrusive surveillance) or where there are special sensitivities.

#### Spiritual Counselling

5.2.13 No operations should be undertaken in circumstances where investigators believe that surveillance will lead them to intrude on spiritual counselling between a Minister and a member of his/her faith. In this respect, spiritual counselling is defined as conversations with a Minister of Religion acting in his/her official capacity where the person being counselled is seeking or the Minister is imparting forgiveness, or absolution of conscience.

#### **Confidential Material**

- 5.2.14 The 2000 Act allows in exceptional circumstances for authorisations to gather 'confidential material' (see the definitions in Appendix 1).Such material is particularly sensitive, and is subject to additional safeguards under this code. In cases where the likely consequence of the conduct of a source would be for any person to acquire knowledge of confidential material, the deployment of the source should be subject to special authorisation (by the Managing Directors).
- 5.2.15 In general, any application for an authorisation which is likely to result in the acquisition of confidential material should include an assessment of how likely it is that confidential material will be acquired. Special care should be taken where the target of the investigation is likely to be involved in handling confidential material. Such applications should only be considered in exceptional and compelling circumstances with full regard to the proportionality issues this raises.
- 5.2.16 The following general principles apply to confidential material acquired under authorisations:
  - Those handling material from such operations should be alert to anything that may fall within the definition of confidential material. Where there is doubt as to whether the material is confidential, advice should be sought from the Borough Solicitor/Senior Responsible Officer before further dissemination takes place;
  - Confidential material should not be retained or copied unless it is necessary for a specified purpose;
  - Confidential material should be disseminated only where an appropriate officer (having sought advice from the Borough Solicitor/Senior Responsible Officer) is satisfied that it is necessary for a specific purpose;
  - The retention or dissemination of such information should be accompanied by a clear warning of its confidential nature. It should be safeguarded by taking reasonable steps to ensure that there is no possibility of it becoming available, or its content being known, to any person whose possession of it might prejudice any criminal or civil proceedings related to the information;
  - Confidential material should be destroyed as soon as it is no longer necessary to retain it for a specified purpose;
  - Any covert surveillance concerning premises on which legal consultations take place are to be regarded as intrusive surveillance and may not be undertaken by the Council.

#### Combined authorisations

5.2.17 Although it is possible to combine two authorisations in one form the Council's practice is for separate forms to be completed to maintain the distinction between Directed Surveillance and the use of a CHIS.

- 5.2.18 In cases of joint working with other agencies on the same operation, e.g. by a Housing Benefit Investigator authority for directed surveillance should be given by the lead agency.
- 5.2.19.On occasion, several Council Services may be included in the same investigation. One authorisation from the Lead Service should cover all activities.

#### Handling and disclosure of product

- 5.2.20 Authorising Officers are reminded of the guidance relating to the retention and destruction of confidential material as described in paragraph 5.2.16 above.
- 5.2.21 Authorising Officers are responsible for ensuring that authorisations undergo timely reviews and are cancelled promptly after directed surveillance activity is no longer necessary.
- 5.2.22 Authorising Officers must ensure that the relevant details of each authorisation are sent to the Borough Solicitor/Senior Responsible Officer as described in paragraph 9 below.
- 5.2.23 The originals of applications for authorisations, reviews, renewals and cancellations for directed surveillance and the use of a CHIS should be submitted to and thereafter retained by the RIPA Co-ordinator, for a period of 3 years and at least between inspections. Copies are to be retained by the authorising officer for a commensurate period. Where it is believed that the records could be relevant to pending or future criminal proceedings, they should be retained for a suitable further period, commensurate to any subsequent review.
- 5.2.24 Any personal data collected during the course of a covert surveillance operation must be stored as per data protection guidelines set out in the Council's Data Protection Policy below.
  - Analysis of data from the operation must be carried out by the officers who carried out the investigation and should be done in a private office to avoid personal material being accessible to other council employees.
  - The authorising officer may also be included in analysis of the data collected.
  - Data must be kept in a secure environment with limited access.
  - Data must be labelled with the reference of the case and the date of collection.
  - Data collected which is not appropriate or useful as evidence in the investigation and subsequent formal action must be deleted as soon as this fact is determined or when the case is closed, whichever is the sooner. Consideration of whether or not this material should be destroyed is the responsibility of the senior authorising officer. Care must be taken in this respect, as it must be considered that even if this information is not to be used as evidence, it may be "unused material" for the purposes of criminal proceedings.

- If there is any reason to believe that the data obtained during the course of an investigation might be relevant to that investigation, or to another investigation, or to pending or future civil or criminal proceedings, then it should not be destroyed but retained in accordance with established disclosure requirements and may be disclosed.
- 5.2.25 There is nothing in the 2000 Act that prevents material obtained through the proper use of the authorisation procedures from being used in other investigations. However, the use outside the Council, of any material obtained by means of covert surveillance and, other than in pursuance of the grounds on which it was obtained, should be authorised only in the most exceptional circumstances.

#### 5.3 The Use of Covert Human Intelligence Sources

- 5.3.1 The Council will not normally use an external or professional source for the purpose of obtaining information. It is not the Council's usual practice to seek, cultivate or develop a relationship through an external or professional source although this may occur where circumstances require it. In these circumstances appropriate authorisations must be obtained. It is potentially possible, though highly unlikely, that the role of a Council employee may be that of a source, for example, as contemplated in paragraph 3.3 above, please cross refer for detail.
- 5.3.2 Nothing in the 2000 Act prevents material obtained by an employee acting as a source being used as evidence in Court proceedings.
- 5.3.3 The Authorising Officer must consider the safety and welfare of an employee acting as a source, and the foreseeable consequences to others of the tasks they are asked to carry out. A risk assessment should be carried out before authorisation is given. Consideration from the start for the safety and welfare of the employee, even after cancellation of the authorisation, should also be considered.
- 5.3.4 The Authorising Officer must believe that the authorised use of an employee as a source is proportionate to what it seeks to achieve. Accurate and proper records should be kept about the source and tasks undertaken.
- 5.3.5 The Council's practice is not to use an employee acting as a source to infiltrate existing criminal activity, or to be a party to the commission of criminal offences, even where this is within the limits recognised by law.
- 5.3.6 Before authorising the use of an employee as a source, the authorising officer should believe that the conduct/use including the likely degree of intrusion into the privacy of those potentially affected is proportionate to what the use or conduct of the source seeks to achieve. He should also take into account the risk of intrusion into the privacy of persons other than those who are directly the subjects of the operation or investigation (collateral intrusion). Measures should be taken, wherever practicable, to avoid unnecessary intrusion into the lives of those not directly connected with the operation.
- 5.3.7 Particular care should be taken in circumstances where people would expect a high degree of privacy or where, as a consequence of the authorisation, "confidential material" is likely to be obtained.

5.3.8 Additionally, the Authorising Officer should make an assessment of any risk to an employee acting as a source in carrying out the proposed authorisation.

## 6. **REVIEWS**

- 6.1. The Home Office Code of Practice on directed surveillance makes specific reference to reviews at paragraph 3.23. It recommends regular reviews be undertaken to see if the need for the surveillance is still continuing. Results of reviews should be recorded in a central record of authorisations (see paragraph 8.1). Reviews should be more frequent when access to confidential information or collateral intrusion is involved. Review frequency should be as often as the authorising officer deems necessary or practicable.
- 6.2. Similar provisions appear at paragraphs 7.1 7.2 of the code of practice for CHIS, save that tasks given to the source and information obtained should also be included.
- 6.3. Each authorising officer will therefore determine in each case how often authorisations should be reviewed. They will ensure records of the review will be supplied on the relevant form in Section 9 and send copies to the RIPA Co-ordinator to keep the central register up to date. Good practice requires that this should be done monthly at least.

## 7. RENEWALS

- 7.1. An authorising officer may renew an authorisation before it would cease to have effect if it is necessary for the authorisation to continue for the purpose for which it was given. An application for a renewal to the Justice of the Peace is also required (see above).
- 7.2. The Home Office Code of Practice for directed surveillance at paragraph 5.12 5.16 refers. A renewal of the authorisation in writing can be made for 3 months. Applications for renewal should detail how many times an authorisation has been renewed; significant changes to the original application for authority; reasons why it is necessary to renew; content and value of the information obtained so far and results of regular reviews of the investigation or operation.
- 7.3. Similar provisions apply in the code of practice for CHIS except that a renewal here can last for a further 12 months, a review must have been carried out on the use of the source and an application should only be made to renew when the initial authorisation period is drawing to an end. Applications to renew a CHIS also should contain use made of the source and tasks given to the source during the previous authorised period.
- 7.4. Each application to renew should be made at least 7 days before the authorisation is due to expire on the relevant form in Appendix 2. A record of the renewal should be kept within the applying service and supplied centrally to the Borough Solicitor/Senior Responsible Officer see Section 8 to update the central register of authorisations.

### 8. CANCELLATIONS

- 8.1. All authorisations, including renewals should be cancelled if the need for the surveillance is no longer justified. This will occur in most cases where the purpose for which the surveillance was required has been achieved.
- 8.2. Requesting officers should ensure they inform authorising officers if this is the case before the next review. If, in the opinion of the authorising officer at the next review, the need for surveillance is no longer justified, it must be cancelled.
- 8.3. The cancellation forms at Appendix 2 will be used to record a cancellation; the original will be sent to the RIPA Co-ordinator to update the central register of authorisations and the authorising officer will retain a copy see Section 8.
- 8.4. The Home Office Codes of Practice for both directed surveillance and CHIS make it clear that authorisations must be cancelled if the original authorising criteria are not met. With CHIS, it must be cancelled if satisfactory arrangements for the source no longer exist. Consideration for the safety and welfare of a source continues after cancellation of any authorisation.

## 9. CENTRAL REGISTER OF AUTHORISATIONS

- 9.1. The Codes of Practice under the 2000 Act require a central register of all authorisations to be maintained. The Senior Responsible Officer or nominated representative shall maintain this register.
- 9.2. Whenever an authorisation is granted renewed or cancelled the Authorising Officer must arrange for the following details to be forwarded by e-mail to the Senior Responsible Officer or nominated representative. Receipt of the e-mail will be acknowledged.
  - Whether it is for Directed Surveillance or CHIS ;
  - Applicants name and Job Title (manager responsible);
  - Service and Section;
  - Applicant's address and Contact Number;
  - Identity of 'Target';
  - Authorising Officer and Job Title; (in line with delegation scheme)
  - Date of Authorisation.
  - A unique reference number for the investigation or operation
  - -
  - Whether confidential information is likely to be reviewed as a consequence of the investigation /operation.
  - The date the authorisation was cancelled

Details should be provided to the Senior Responsible Officer in respect of when an authorisation is refused.

#### See Appendix 2 for the Form of Notification

The original of the authorisation should also be provided; the authorising officer should retain a copy. The Managing Directors will review authorisations every 6 months. It is suggested that authorising officers supply these directly.

9.3. The original authorisations shall be securely retained within the RIPA Coordinator's Service. It is each Service's responsibility to securely retain all copy authorisations within their Service. Authorisations should only be held for as long as it is necessary. Once the investigation is closed (bearing in mind cases may be lodged some time after the initial work) the records held by the Service should be disposed of in an appropriate manner (e.g. shredded).

## 10 CODES OF PRACTICE

There are Home Office codes of practice that expand on this guidance. All relevant Services hold a copy.

The codes do not have the force of statute, but are admissible in evidence in any criminal and civil proceedings. As stated in the codes, "if any provision of the code appears relevant to a question before any Court or tribunal considering any such proceedings, or to the tribunal established under the 2000 Act, or to one of the commissioners responsible for overseeing the powers conferred by the 2000 Act, it must be taken into account".

Staff should refer to the Home Office Codes of Conduct for supplementary guidance. These should be available to all relevant officers (see earlier).

#### 11 BENEFITS OF OBTAINING AUTHORISATION UNDER THE 2000 ACT.

#### 11.1 <u>Authorisation of surveillance and human intelligence sources</u>

The 2000 Act states that

- if authorisation confers entitlement to engage in a certain conduct and
- the conduct is in accordance with the authorisation, then
- it shall be "lawful for all purposes".

Part II of the 2000 Act does not impose a requirement on public authorities to seek or obtain an authorisation where, under the 2000 Act, one is available (see section 80 of the 2000 Act). Nevertheless, where there is an interference by a public authority with the right to respect for private and family life guaranteed under Article 8 of the European Convention on Human Rights, and where there is no other source of lawful authority, the consequence of not obtaining an authorisation under the 2000 Act may be that the action is unlawful by virtue of section 6 of the Human Rights Act 1998.

Public authorities are therefore strongly recommended to seek an authorisation where the surveillance is likely to interfere with a person's Article 8 rights to privacy by obtaining private information about that person, whether or not that person is the subject of the investigation or operation. Obtaining an authorisation will ensure that the action is carried out in accordance with law and subject to stringent safeguards against abuse.

11.2 The 2000 Act states that a person shall not be subject to any civil liability in relation to any conduct of his which -

- a) is incidental to any conduct that is lawful by virtue authorisation; and
- b) is not itself conduct for which an authorisation is capable of being granted under a relevant enactment and might reasonably be expected to have been sought in the case in question

## 12. SCRUTINY AND TRIBUNAL

- 12.1. To effectively "police" the 2000 Act, Commissioners regulate conduct carried out thereunder. The Chief Surveillance Commissioner will keep under review, among others, the exercise and performance by the persons on whom are conferred or imposed, the powers and duties under the Act. This includes authorising directed surveillance and the use of covert human intelligence sources.
- 12.2. A tribunal has been established to consider and determine complaints made under the 2000 Act if it is the appropriate forum. Complaints can be made by persons aggrieved by conduct e.g. directed surveillance. The forum hears application on a judicial review basis. Claims should be brought within one year unless it is just and equitable to extend that.

The tribunal can order, among other things, the quashing or cancellation of any warrant or authorisation and can order destruction of any records or information obtained by using a warrant or authorisation, and records of information held by any public authority in relation to any person. The Council is, however, under a duty to disclose or provide to the tribunal all documents they require if:

- A Council officer has granted any authorisation under the 2000 Act.
- Council employees have engaged in any conduct as a result of such authorisation.
- A disclosure notice requirement is given.
- 12.3 The Senior Responsible Officer will ensure that a quarterly report is submitted to the Council's Audit and Governance Committee and that an annual report is submitted to Cabinet. The reports will include details of the overall number and type of authorisations granted and the outcome of the case, where known. In addition, the reports will provide a breakdown of the same information by service or groups of services, as appropriate. In order to comply with Data Protection and Code of Practice requirements, no specific details of individual authorisations will be provided.
- 12.4 The RIPA Co-ordinator will maintain and check the central register of all RIPA authorisations, reviews, renewals, cancellations and rejections. It is the responsibility of the authorising officer, however, to ensure the RIPA Co-ordinator receives the original of the relevant forms as soon as possible and in any event within 1 week of authorisation, review, renewal, cancellation or rejection. The authorising officer should retain copies.
- 12.5 The management structure for RIPA is set out in Appendix 3.

#### Definitions from the 2000 Act

- "2000 Act" means the Regulation of Investigatory Powers Act 2000.
- "Confidential Material" consists of:
  - a) matters subject to legal privilege;
  - b) confidential personal information; or
  - c) confidential journalistic material.
- Matters subject to legal privilege" includes both oral and written communications between a professional legal adviser and his/her client or any person representing his/her client, made in connection with the giving of legal advice to the client or in contemplation of legal proceedings and for the purposes of such proceedings, as well as items enclosed with or referred to in such communications. Communications and items held with the intention of furthering a criminal purpose are not matters subject to legal privilege (see Note A below)
- "Confidential Personal Information" is information held in confidence concerning an individual (whether living or dead) who can be identified from it, and relating:
  - a) to his/her physical or mental health; or
  - b) to spiritual counselling or other assistance given or to be given, and

which a person has acquired or created in the course of any trade, business, profession or other occupation, or for the purposes of any paid or unpaid office (see Note B below). It includes both oral and written information and also communications as a result of which personal information is acquired or created. Information is held in confidence if:

- c) it is held subject to an express or implied undertaking to hold it in confidence; or
- d) it is subject to a restriction on disclosure or an obligation of secrecy contained in existing or future legislation.
- "Confidential Journalistic Material" includes material acquired or created for the purposes of journalism and held subject to an undertaking to hold it in confidence, as well as communications resulting in information being acquired for the purposes of journalism and held subject to such an undertaking.
- "Covert Surveillance" means surveillance which is carried out in a manner calculated to ensure that the persons subject to the surveillance are unaware that it is or may be taking place.
- "Authorising Officer" means a person designated for the purposes of the

2000 Act to grant authorisations for directed surveillance. (see the Regulation of Investigatory Powers (Prescription of Offices, Ranks and Positions) Order) SI 2000/2417.

**Note A.** Legally privileged communications will lose their protection if there is evidence, for example, that the professional legal adviser is intending to hold or use them for a criminal purpose; privilege is not lost if a professional legal adviser is properly advising a person who is suspected of having committed a criminal offence. The concept of legal privilege shall apply to the provision of professional legal advice by any agency or organisation.

**Note B.** Confidential personal information might, for example, include consultations between a health professional or a professional counsellor and a patient or client, or information from a patient's medical records.

## **APPENDIX 2**

## Notification to Central Register of Authorisations under RIPA

Whether it is for Directed Surveillance or CHIS	
Applicants name and Job Title (manager responsible)	
Service and Section	
Applicant's address and Contact Number	
Identity of 'Target'	
Authorising Officer and Job Title; (in line with delegation scheme)	
Date of Authorisation	
Whether confidential information is	
likely to be reviewed as a	
consequence of the	
investigation/operation	

The cance		the	authorisation	was	
Whether the authorisation is renewed.			orisation is rene		

A copy of the authorisation shall also be sent (See above, Paragraph 9.2).

A unique reference number for the investigation or operation will be allocated by the Borough Solicitor upon receipt of this notification. This reference must be used in subsequent correspondence regarding this authorisation.

xx Authorisations when knowledge of confidential information likely to be acquired or vulnerable individual or juvenile is to be used as a source.

The Office of Surveillance Commissioner's Guidance

Covert surveillance of Social Networking Sites (SNS)

The fact that digital investigation is routine or easy to conduct does not reduce the need for authorisation. Care must be taken to understand how the SNS being used works. Authorising Officers must not be tempted to assume that one service provider is the same as another or that the services provided by a single provider are the same.

Whilst it is the responsibility of an individual to set privacy settings to protect unsolicited access to private information, and even though data may be deemed published and no longer under the control of the author, it is unwise to regard it as "open source" or publicly available; the author has a reasonable expectation of privacy if access controls are applied. In some cases data may be deemed private communication still in transmission (instant messages for example). Where privacy settings are available but not applied the data may be considered open source and an authorisation is not usually required. Repeat viewing of "open source" sites may constitute directed surveillance on a case by case basis and this should be borne in mind.

Providing there is no warrant authorising interception in accordance with section 48(4) of the 2000 Act, if it is necessary and proportionate for a public authority to breach covertly access controls, the minimum requirement is an authorisation for directed surveillance. An authorisation for the use and conduct of a CHIS is necessary if a relationship is established or maintained by a member of a public authority or by a person acting on its behalf (i.e. the activity is more than mere reading of the site's content).

It is not unlawful for a member of a public authority to set up a false identity but it is inadvisable for a member of a public authority to do so for a covert purpose without authorisation. Using photographs of other persons without their permission to support the false identity infringes other laws.

A member of a public authority should not adopt the identity of a person known, or likely to be known, to the subject of interest or users of the site without authorisation, and without the consent of the person whose identity is used, and without considering the protection of that person. The consent must be explicit (i.e. the person from whom consent is sought must agree (preferably in writing) what is and is not to be done).
