

WEST LANCASHIRE BOROUGH COUNCIL

2017/18 ANNUAL GOVERNANCE STATEMENT

SCOPE OF RESPONSIBILITY

West Lancashire Borough Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for and used economically, efficiently and effectively. The Council also has a duty to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

To discharge this overall responsibility, the Council must have in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which include arrangements for the management of risk.

West Lancashire Borough Council has approved and adopted a Local Code of Corporate Governance, and this statement explains how the Council has complied with the code and also meets the requirements of the Accounts and Audit Regulations, in relation to the production of an Annual Governance Statement.

THE PURPOSE OF THE GOVERNANCE FRAMEWORK

The governance framework comprises the systems, processes, culture and values by which the Council is directed and controlled and the mechanisms through which it accounts to, engages with and leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.

The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at West Lancashire Borough Council for the year ended 31 March 2018 and up to the date of approval of the statement of accounts.

THE GOVERNANCE FRAMEWORK

The Council has in place a comprehensive governance framework designed to regulate, monitor and control its various activities in its pursuit of its vision and objectives.

The key elements of the framework include:

The principal statutory obligations and functions of the Authority are identified in the Constitution and reflected in the Budget and Policy Framework which is approved by Council.

The Council reviews its vision and priorities regularly. A statement of the current vision, values and priorities is available in a number of formats and, together with a number of other documents referred to in this Annual Governance Statement, can be viewed online on the Council's [website](#). There is also a Council Plan in place that contains details of the priority delivery projects that are designed to drive forward progress against priorities.

The Council's Pentana Performance Management System is used to monitor achievement of the Council's objectives and progress against priority delivery projects. Information from this system is presented to Management and Members on a regular basis.

The Council has a number of corporate service standards which apply to all customers and staff. These care standards provide a clear commitment of our desire to provide a high quality of customer service, for example in terms of response times for letters and emails. They cover targets and the attitude and behaviour of staff and customers.

The Council has in place Codes of Conduct which set out the standards of behaviour expected of all members and officers. These are provided to all members and officers on appointment and are also available on the Council's website. The Council also has a Standards Committee whose role is to promote and maintain high standards of conduct.

The Council's Constitution clearly sets out the respective roles and responsibilities of the Council, its Executive and Overview and Scrutiny functions, and delegations to Committees, Portfolio holders and Chief Officers as well as those functions which, by statute, are to be exercised by a designated "Proper Officer". Committee meetings are open to the public, except where personal or confidential matters may be disclosed.

As part of the Constitution the Council has agreed a Protocol on Member/Officer Relations and Conventions for the Management of Council Business.

The Council's Monitoring Officer Protocol sets out how the Council deals with issues of concern including legality, probity and constitutional issues.

The Council's professionally qualified Chief Finance Officer (the Borough Treasurer) is responsible for the proper administration of its financial affairs. The Officer attends Council, Cabinet and Corporate Management Team meetings and has a direct reporting line to the Chief Executive. Financial advice is provided for all the key decisions that are made.

A Medium Term Financial Forecast and Treasury Management Strategy, which assesses the potential financial risks to the Council, are in place and are reviewed regularly. Standing orders and financial regulations, that detail the Council's financial management arrangements, are also maintained and reviewed and updated periodically.

The Council has a comprehensive Risk Management process in place which is fully embedded throughout the organisation and forms an integral part of the management process. This includes a dedicated resource committed to this area of work to ensure consistency and compliance throughout the Council. In addition all reports to Council and Cabinet have a risk assessment section.

The Council's Audit and Governance Committee undertakes the core functions of an audit committee as identified in CIPFA's publication *Audit Committees – Practical Guidance for Local Authorities*. The Committee receives regular reports on governance issues from both officers and the Council's external auditors. The Council has an objective and professional relationship with its external auditors and statutory inspectors, together with other agencies such as the Local Government Association.

The Council is committed to the highest possible standards of openness, probity and accountability and has in place a formal Complaints Procedure, Anti-Money Laundering Policy, Whistleblowing Code and Anti-Fraud, Bribery and Corruption Policy. The Council has a zero tolerance policy towards fraud and corruption. The Council's Whistleblowing Code provides the opportunity for anyone to report their concerns confidentially and enable them to be investigated properly.

In accordance with best practice the Council has in place Senior Information Risk Owner arrangements. The arrangements ensure suitable allocation of responsibilities for information systems through a network led by the Borough Solicitor.

Recruitment Procedures are in place to ensure the appointment of appropriately skilled employees. An induction process is also in place for employees along with guidance for Managers on how to induct new employees into their teams. Ongoing training needs are identified through a Development Appraisal Scheme.

The Council is committed to consulting local people and a 'Your Views' section is available on the Council's website dedicated to engaging the public.

The Council has in place a Protocol which sets out how the essential elements of local governance, accountability and transparency will be maintained within any proposed arrangements for service delivery through partnerships. The Council is committed to working in partnership with public, private and voluntary sector organisations where this will enhance its ability to achieve its identified aims.

FINANCIAL MANAGEMENT ARRANGEMENTS

The Authority's Financial Management arrangements conform with the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2016).

REVIEW OF EFFECTIVENESS OF THE COUNCIL'S GOVERNANCE FRAMEWORK

West Lancashire Borough Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of Heads of Service and Senior Managers within the Council who have responsibility for the development and maintenance of the governance environment, by the Head of Internal Audit's annual report, and also by the work undertaken by the External Auditors and other review agencies and inspectorates.

The Council is ultimately responsible for maintaining an up to date governance framework which is chiefly contained in its Constitution and is made up of its standing orders, financial regulations and scheme of delegation together with various associated policies and procedures.

Our most recent Annual Audit Letter from Grant Thornton concluded that the Council has effective arrangements in place for internal control.

As part of the procedure for producing this statement, the Council's Heads of Service and Senior Managers are required to review whether there are any significant control or governance issues that require addressing. No significant issues have been identified in this year's review.

The Borough Treasurer, who has overall responsibility for the Council's financial framework, has not identified any significant governance or internal control issues in relation to financial matters. In carrying out a continuous audit of the Council's business, the Internal Audit Section review the effectiveness of key elements of the Council's governance arrangements and report to the Audit and Governance Committee accordingly. The Internal Audit Manager's Annual Report for 2017/18 does not identify any serious deficiencies in the Council's internal control mechanisms.

The Audit and Governance Committee are charged with monitoring Contract Procedure Rules, Financial Regulations and other provisions of the Constitution. This Committee also considers how well the Council has complied with its own and other published standards and controls in so far as these contribute to the adequacy of its framework of internal control.

We have been advised on the implications of the review of the effectiveness of the governance framework by the Audit and Governance Committee, and plans to address development issues and ensure continuous improvement of the system are in place.

PROGRESS ON ISSUES IDENTIFIED IN THE LAST ANNUAL GOVERNANCE STATEMENT

FINANCIAL CHALLENGES

Due to robust financial monitoring and management the Council has achieved a favourable budget variance for 2017/18 and has set a balanced budget for 2018/19. Consequently, the Council is taking appropriate action to ensure a stable financial standing over the medium term and this position has been confirmed in our latest Annual Audit letter.

ELECTRONIC RECORDS

The Council is continuing to review and improve its management of electronic records in light of the large volumes of information currently held on its systems as identified as a significant issue in last year's Statement. This is being overseen by an officer working group, with the assistance of a dedicated officer resource (as authorised by Council) and monitored through reports to the Audit and Governance Committee. An action plan is in place and being implemented to improve governance arrangements to ensure continuing compliance with the relevant regulatory requirements and good practice including adherence to the Corporate Retention and Disposal Schedule. Relevant risk assessments are in place.

CURRENT SIGNIFICANT GOVERNANCE ISSUES

FUTURE FINANCIAL CHALLENGES

Further significant savings and additional income generation will be required to ensure a balanced budget position is achieved in the period to 2020/21. This budget gap will primarily be addressed through the Council's Sustainable Organisation Review Project. Implementing this income and savings programme may create significant risks in the governance framework that will need to continue to be managed and reviewed effectively.

GENERAL DATA PROTECTION REGULATION

This Regulation, which is scheduled to come into force on 25th May 2018 and which is to be supplemented by additional legislation, yet to be enacted, presents significant challenges. While it is not relevant to the period covered by this Statement, it is appropriate to register here the work to address this commenced during the year and will continue into 2018-19. An action plan and additional resources are in place and being proactively managed towards implementation.

On the basis of the work carried out, which has been reviewed by the Audit and Governance Committee, we are satisfied that the Governance Framework is generally effective. We propose over the coming year to address the above matters to further enhance our governance arrangements and to prepare for change. We are satisfied that these actions will address the need for improvements that were identified in our review and will monitor their implementation and operation as part of our next annual review.

SIGNED: Ian Moran
 Leader of the Council

SIGNED: Kim Webber
Chief Executive

On behalf of West Lancashire Borough Council
