This paper provides the Audit and Governance Committee with a report on progress in delivering our responsibilities as your external auditors.

The paper also includes:

- a summary of emerging national issues and developments that may be relevant to you as a local authority; and
- includes a number of challenge questions in respect of these emerging issues which the Committee may wish to consider (these are a tool to use, if helpful, rather than formal questions requiring responses for audit purposes)

Members of the Audit and Governance Committee can find further useful material on our website, where we have a section dedicated to our work in the public sector. Here you can download copies of our publications. Click on the Grant Thornton logo to be directed to the website www.grant-thornton.co.uk.

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Engagement Manager.

Progress at May 2018

Financial Statements Audit

We have issued a detailed audit plan, setting out our proposed approach to the audit of the Council's 2017/18 financial statements.

Our interim fieldwork is complete and includes:

- Updated review of the Council's control environment
- Updated understanding of financial systems
- Review of Internal Audit reports on core financial systems
- Early work on emerging accounting issues
- Early substantive testing

The findings from our interim audit were reported in our progress report in March 2018.

The statutory deadline for the issue of the 2017/18 opinion is brought forward by two months to 31 July 2018. The final accounts audit is due to begin in June with findings reported to you in the Audit Findings Report by the earlier deadline of July 2018.

Value for Money

The scope of our work is set out in the guidance issued by the National Audit Office. The Code requires auditors to satisfy themselves that; "the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources".

The guidance confirmed the overall criterion as: "in all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people".

The three sub criteria for assessment to be able to give a conclusion overall are:

- Informed decision making
- Sustainable resource deployment
- Working with partners and other third parties

We will make our initial risk assessment to determine our approach in January 2018 and reported this to you in our Audit Plan.

We will report our work in the Audit Findings Report and give our Value For Money Conclusion by the deadline in July 2018.

Other areas

Certification of claims and returns

We are required to certify the Council's annual Housing Benefit Subsidy claim in accordance with procedures agreed with the Department for Work and Pensions. This certification work for the 2017/18 claim will be concluded by November 2018.

The results of the certification work are reported to you in our certification letter.

Audit Deliverables

2017/18 Deliverables	Planned Date	Status
Fee Letter Confirming audit fee for 2017/18.	April 2017	Complete
Accounts Audit Plan We are required to issue a detailed accounts audit plan to the Audit Committee setting out our proposed approach in order to give an opinion on the Council's 2017-18 financial statements.	January 2018	Complete
Interim Audit Findings We will report to you the findings from our interim audit and our initial value for money risk assessment within our Progress Report.	March 2018	Complete
Audit Findings Report The Audit Findings Report will be reported to the July Audit Committee.	July 2018	Not yet due
Auditors Report This is the opinion on your financial statement, annual governance statement and value for money conclusion.	July 2018	Not yet due
Annual Audit Letter This letter communicates the key issues arising from our work.	August 2018	Not yet due
Annual Certification Letter This letter reports any matters arising from our certification work carried out under the PSAA contract.	December 2018	Not yet due

Sector Update

Local government finances are at a tipping point. Councils are tackling a continuing drive to achieve greater efficiency in the delivery of public services, whilst facing the challenges to address rising demand, ongoing budget pressures and social inequality.

Our sector update provides you with an up to date summary of emerging national issues and developments to support you. We cover areas which may have an impact on your organisation, the wider NHS and the public sector as a whole. Links are provided to the detailed report/briefing to allow you to delve further and find out more.

Our public sector team at Grant Thornton also undertake research on service and technical issues. We will bring you the latest research publications in this update. We also include areas of potential interest to start conversations within the organisation and with audit committee members, as well as any accounting and regulatory updates.

- **Grant Thornton Publications**
- **Insights from local government sector specialists**
- **Reports of interest**
- **Accounting and regulatory updates**

More information can be found on our dedicated public sector and local government sections on the Grant Thornton website

The Vibrant Economy Index

a new way to measure success

Our Vibrant Economy Index uses data to provide a robust, independent framework to help everyone understand the challenges and opportunities in their local areas. We want to start a debate about what type of economy we want to build in the UK and spark collaboration between citizens, businesses and place-shapers to make their places thrive.

Places are complex and have an intrinsic impact on the people and businesses within them. Economic growth doesn't influence all of the elements that are important to people's lives – so we shouldn't use GDP to measure success. We set out to create another measure for understanding what makes a place successful.

In total, we look at 324 English local authority areas, taking into account not only economic prosperity but health and happiness, inclusion and equality, environmental resilience, community and dynamism and opportunity. Highlights of the index include:

- Traditional measures of success – gross value added (GVA), average workplace earning and employment do not correlate in any significant way with the other baskets. This is particularly apparent in cities, which despite significant economic strengths are often characterised by substantial deprivation and low aspiration, high numbers of long-term unemployment and high numbers of benefit claimants
- The importance of the relationships between different places and the subsequent role of infrastructure in connecting places and facilitating choice. The reality is that patterns of travel for work, study and leisure don't reflect administrative boundaries. Patterns emerge where prosperous and dynamic areas are surrounded by more inclusive and healthy and happy places, as people choose where they live and travel to work in prosperous areas.
- The challenges facing leaders across the public, private and third sector in how to support those places that perform less well. No one organisation can address this on their own. Collaboration is key.

Visit our website (www.granthornton.co.uk) to explore the interactive map, read case studies and opinion pieces, and download our report **Vibrant Economy Index: Building a better economy**.

Vibrant Economy app

To support local collaboration, we have also developed a Vibrant Economy app. It's been designed to help broaden understanding of the elements of a vibrant economy and encourage the sharing of new ideas for – and existing stories of – local vibrancy.

We've developed the app to help people and organisations:

- see how their place performs against the index and the views of others through an interactive quiz
- post ideas and share examples of local activities that make places more vibrant
- access insights from Grant Thornton on a vibrant economy.

We're inviting councils to share it with their employees and the wider community to download. We can provide supporting collateral for internal communications on launch and anonymised reporting of your employees' views to contribute to your thinking and response.

To download the app visit your app store and search 'Vibrant Economy'

- Fill in your details to sign up, and wait for the verification email (check your spam folder if you don't see it)
- Explore the app and take the quiz
- Go to the Vibrant Ideas section to share your picture and story or idea

Overview of the General Data Protection Regulation (GDPR)

What is it?

The GDPR is the most significant development in data protection for 20 years. It introduces new rights for individuals and new obligations for public and private sector organisations.

What's next?

Many public sector organisations have already developed strategic plans to implement the GDPR, which require policy, operational, governance and technology changes to ensure compliance by 25th May 2018.

How will this affect you?

- ✓ All organisations that process personal data will be affected by the GDPR.
- ✓ The definition of 'personal data' has been clarified to include any data that can identify a living individual, either directly or indirectly. Various unique personal identifiers (including online cookies and IP addresses) will fall within the scope of personal data

What organisations need to do by May 2018

- ✓ Local government organisations need to be able to provide evidence of completion of their GDPR work to internal and external stakeholders, to internal audit and to regulators.
- ✓ New policies and procedures need to be fully signed off and operational.

Organisation Accountability

- Organisations must document their assurance procedures, and make them available to regulators
- Some organisations need to designate a Data Protection Officer, who has expert knowledge of data protection law

Notifications and Rights

- Organisations must notify significant data breaches to regulators within 72 hours
- Organisations must explain to individuals what their rights over their personal information are and how it is being processed and protected

Claims and Fines

- For the most serious data breaches, privacy regulators can impose penalties of up to €20 million on public sector organisations,
- Individuals and representative organisations can claim compensation for infringements of data protection law

Questions for your organisation:

- Can your organisation erase personal data effectively?
- Have you appointed a Data Protection Officer if required to have one?
- How will your organisation ensure citizens know how their data is being used and whether it's being shared with other organisations?
