In relation to the work being carried out, and the service/function in question, who is actually or currently using the service and why?	Residents in the Borough have access to the services provided by the voluntary organisations in receipt of revenue funding.
What will the impact of the work being carried out be on usage/the stakeholders?	Risk that the voluntary organisations currently in receipt of revenue funding may not be successful in continued funding or receive a reduction in the current level of funding which may have an impact on their services. Conversely other voluntary organisations are afforded the opportunity to apply for funding and offer other services to residents.
What are people's views about the services? Are some customers more satisfied than others, and if so what are the reasons? Can these be affected by the proposals?	The response from the voluntary organisation to a question on the application form for revenue funding from 2019 regarding Client satisfaction is scored by the Working Group.
What sources of data including consultation results have you used to analyse the impact of the work being carried out on users/stakeholders with protected characteristics?	Applicants for revenue funding are required to offer equality of opportunity in service delivery, employment and all other aspects of its work having particular regard to the requirements of the Equalities Act 2010; and to provide the Council with an up to date statement of its equal opportunities policy. 	funded by the Council may be successful in obtaining a grant in order to enhance their services.
6. CONSIDERING THE IMPACT	
If there is a negative impact what action can be taken to mitigate it? (If it is not possible or desirable to take actions to reduce the impact, explain why this is the case (e.g. legislative or financial drivers etc.).	Ample notice will be given to voluntary organisations currently funded by the Council if they are unsuccessful with their application.
