48 **LCC/2019/0028 - FORMER PARBOLD QUARRY, PARBOLD HALL, PARBOLD**

RESOLVED: That in respect of application no LCC/2019/0028 relating to the Former Parbold Quarry, Parbold Hill, Parbold, objections be raised to LCC as follows:

The proposed development is inappropriate development within the Green Belt which causes harm to openness and would cause urban sprawl by encroaching into the open countryside contrary to the purpose of the green belt. The Council consider this green belt to be substantial and that the justification for works to be less than compelling as it appears to be carried out to reduce costs to the land owner rather upgrade the landform and landscape quality. In particular Phase 1 works contain little of public benefit. It is not considered that the substantial green belt harm is outweighed by any very special circumstances put

forward by the applicant.

WLBC consider that the development proposed would be detrimental to visual amenity and the character of the landscape and as such would not accord with Policies GN3 and EN2 of the Local Plan.

In absence of sufficient details in respect of noise, dust and odours the Council consider that the applicant has not demonstrated that the development will not adversely affect the amenities of the nearest residents and businesses on Parbold Hill and therefore does not comply with GN3 in this respect.
