

APPENDIX C - GRA RESERVES POLICY

1. Reserves Protocol

- 1.1 For each reserve held by the Council there must be a clear protocol setting out:
 - The reason for and purpose of the reserve;
 - How and when the reserve can be used;
 - Procedures for the reserve's management and control; and
 - A process and timescale for review of the reserve to ensure continuing relevance and adequacy.
- 1.2 Details for each GRA reserve held by the Council are set out below. Each reserve is managed and controlled by a Head of Service. The responsible officer can authorise amounts of up to £10,000 to be taken from a reserve provided that its use is in line with the stated purpose of the reserve.
- 1.3 In addition the responsible officer must also consult with the Portfolio Holder for Resources and Transformation and other relevant portfolio holder(s) before authorising uses from reserves in excess of £10,000.
- 1.4 Reserves are reviewed and updated as part of the annual budget preparation and as part of the closure of accounts process to ensure that they continue to be required and are adequate in size. Earmarked reserves represent money that has been set aside for a clearly defined purpose, and which is available to meet future expenditure in that area. Balances represent unallocated funds which have not been earmarked and consequently are available to support any service area.
- 1.5 The values shown below for each reserve reflect their current position. The process for closing down the accounts at the year end will allow for any outstanding in year commitments and contributions to be taken into account.

Description	Purpose	How and When Used	Responsible Officer(s)	Value £000
Balances				
CORE BALANCES	Balances held to help cushion the impact of uneven cash flows and to avoid unnecessary temporary borrowing	Core balances will typically not change in year and should be maintained at a minimum level of 5% of the budget requirement	Head of Finance, Procurement & Commercial Property (HFP&CP)	690
