Subject: Jynx

Good afternoon,

The Police wish to object to the application for Michael Parker to become DPS at Jynx Bar.

Following a recent visit and subsequent telephone conversation, Police do not believe that this male will have day to day control of the licensed premise and due to his inexperience and poor attitude, the applicant will not actively promote the Crime and Disorder licensing objectives.

The premise suffers from a high volume of anti social related incidents and it is believed that the applicant needs to address issues at this premise, make a variation application and work with responsible authorities before they would be willing to consider this application.

Regards
Julie
