Dear Michaela

I would like to lodge my opposition to the granting of licensing cactus jacks at unit 7 Burscough wharf to be able to play music outside the premises from 1100hrs to 2200hrs Monday to Sunday.

I don't need to tell you how ridiculous this would be for residents who have enough to deal with with the noise coming from the wharf currently.

If the council and police actually took action against the premises already breaching their licences on a regular basis then there may be a possibility of granting permission if the volume was policed and residents weren't disturbed on a regular basis, but as the current environmental protection officers are unable to accurately police the matter, I oppose it on every level.

Nobody has any right to disturb the residents in this area with such blatant disregard.

Sincerely

resident [REDACTED]
