5.0 BACKGROUND

- 5.1 Following an Internal Audit Recommendation it was identified that the Procurement function would move to a centralised delivery model.
- 5.2 To support this move it is imperative that procedures and processes are reviewed. The proposed Procurement Policy will provide an overarching framework to promote compliance, to rules and regulations, principles of public procurement and councils visions and priorities.

6.0 CURRENT POSITION

- 6.1 The procurement service has historically been an advisory service and therefore previous policies and procedures need to be reviewed and updated to reflect the change to the service delivery model.
- 6.2 The Procurement Policy has been developed in line with the Community Wealth Building Strategy and will encompass the foundations of the strategy and the need to drive Value for Money in all Council expenditure.
- 6.3 The Procurement Policy will provide an overarching framework to enable officers to comply to the internal Contract Procedure Rules and relevant external rules and regulations, the principles of public procurement and the councils visions and priorities.
- 6.4 The relevant guidance and procedures will compliment the policy in enabling officers to comply with the policy whilst making it easy to update these documents in line with changes to the law, rules and regulations and the council's visions and priorities.
- 6.5 The introduction and implementation of the Policy and associated guidance will mitigate the risk of non-compliance to the relevant laws, statutory guidance, internal rules and regulations and ensure all procurement activity is done so whilst upholding the principles of public procurement.
