

20(b) **Request for Approval of 4 New Housing Policies**

The Working Group considered a report from the Corporate Director of Transformation, Housing & Resources, as contained on pages 15-62 of the Book of Reports, seeking the Committee's comments to be passed to Cabinet for consideration. The Chairman invited the Repairs & Servicing Manager to present the report and she confirmed that she had received feedback on the report and that no amendments had been requested.

Comments/questions were raised in respect of private properties in a state of disrepair adjacent to council properties.

Agreed: That the report be noted.
