

Dear West lance borough Council

I am writing in connection with the so called licensing offence west lancs dinner have said to have committed.

I've lived I'm my property for 35 years from the old comrades club to the previous jinkx bar.

On many occasions I complained about anti social behaviour, drug abuse, fighting & littering.

The council never seemed to do much for us, now west lancs dinner have taken over & turned the place into a family friendly, welcoming place to be, no noise no anti social behaviour, a very pleasant place to eat.

One small incident has caused the place to

be under licensing review.

I'm lost for words. Mr parker has only done good things for the area & town.

I do hope this matter can be sorted quickly & we can all get on with enjoying good food a quite drink in a lovely atmosphere

Kind regards

Mrs Bev Taylor
