

NOTES:

- The drawing is the copyright of Ryder Landscape Consultants. It must not be copied or reproduced without permission.
- This drawing is to be read as part of a Landscape Design Package in conjunction with all the relevant drawings and specifications and supporting drawings.
- Only the dimensions are to be taken from this drawing. Dimensions should not be taken from the drawing.
- In the event of any discrepancy between the drawings, the dimensions shall prevail.
- All contractors must read the drawing and be responsible for taking and checking all dimensions, amounts and setting out details to the works shown on the drawing.
- All dimensions are to be taken from the finished ground level.
- All setting out points are to be verified on site and any discrepancies should be notified by the Landscape Architect.
- Nothing is a technical representation of surface patterns, contractors are to follow the line of direction indicated on drawings. Where no line of direction is given contractor to consult Landscape Architects before setting.
- All works should be checked on site and conflicts reported to the design office.

- Key**
