

SUSTAINABLE DRAINAGE SYSTEMS (SUDS) ADVISORY BOARDS - MOTION

Altered Motion to be moved by Councillor Prichard

"This Council believes that in the interests of protecting homes, businesses, farms and infrastructure from the increasing risks of flooding, that Government must now move forward on Schedule 3 of the Flood Water Management Act 2010.

This would see the establishment of **SuDS Approval Bodies (SAB)** created and set up in England.

Accordingly, this Council instructs the Chief Executive to write to the Department for Environment, Food and Rural Affairs to seek prompt action in respect of **the SuDS Approval Bodies (SAB)** and to clarify the Government's current position and intended timeline for implementation of Schedule 3 of the Flood Water Management Act 2010.
